YOSHIKO SHIQA

My association with Robert Mann and his family started as a social relationship during the holiday season. Now about 48 years later, we work together with maestro Seiji Ozawa in the Saito Kinen Festival in Matsumoto, Japan.
All of us involved in this International Festival truely feel we are so fortunate to have Robert Mann involved for the past 10 years. His influence as a great musician is enormous to all mosicians and we hope this will continue for many more years to come.
