

Become an Impact Partner at the Lucerne Dialogue Basecamp

STRENGTHENING DEMOCRACY TOGETHER

At Lucerne Dialogue, we are convinced that a strong economy and a united Europe are only possible with resilient, thriving democracies. But democracy in Europe is under pressure – from the inside and the outside. It's time for new perspectives and action-oriented solutions. The business sector must play an active role.

That's why we bring together 45 young leaders from across Europe – diverse in background, profession, and political views, yet united in their belief in Europe and its democratic future. Together with corporate partners from Switzerland and Europe, participants develop concrete, impact-driven ideas and projects on how business can contribute to democratic resilience.

As an Impact Partner, you become part of this movement. You make your company available as a testing ground for new and transformative approaches. That participants will work on in interdisciplinary teams – aiming to bridge business practice with democratic responsibility.
