Proposed resolutions

Item 1: Opening of the meeting and election of chair of the meeting

The Board of Directors proposes that Emil Hedberg, attorney at law, at BÅHR Advokatbyrå is appointed as chair of the general meeting or, in his absence, the person appointed by him.

Item 6: Resolution on directed share issue with payment by way of set-off against earnout entitlement (Econ Alliansen AS)

The Board of Directors proposes that the general meeting resolves to approve the Board of Directors' resolution on a directed share issue in accordance with the below.

Background

The Company has previously entered into a share purchase agreement regarding Econ Alliansen AS under which part of the consideration consists of an earnout entitlement to the sellers NB Business Partner AS in the amount of NOK 1.00 million, which, based on the exchange rate for NOK/SEK of 1.00/1.00 published by the Riksbank (Sweden's central bank) on 4 June 2026, corresponds to SEK 1.00 million.

In order to settle the earnout entitlement, the Board of Directors hereby resolves, subject to subsequent approval by the general meeting, on a directed share issue in the amount of SEK 1.00 million, entitling to subscription for 62,500 shares in the Company.

Amount by which the share capital is to be increased

The share capital shall be increased by a maximum of SEK 6,250.

Number of shares to be issued

A maximum of 62,500 shares shall be issued.

Subscription price

The subscription price shall be SEK 16 per share. The part of the subscription price exceeding the shares' quota value shall be allocated to the non-restricted statutory reserve (Sw. *den fria överkursfonden*).

Background to the determination of the subscription price

The subscription price has been agreed in the share purchase agreement for Econ Alliansen AS through a negotiation between the buyer and the seller on an arms' length basis. The Board of Directors considers the subscription price to be on market terms.

Subscription right

The right to subscribe for the shares shall, with deviation from the shareholders' preferential rights, be granted to NB Business Partner AS (a maximum of 62,500 shares).

Reason for deviating from the shareholders' preferential rights

The reason for deviating from the shareholders' preferential rights is that the seller has an obligation to reinvest its claims in new shares in the Company pursuant to the share purchase agreement. The Board of Directors has considered the possibility of settling the subscribers' respective claims in cash

instead of by way of set-off against newly issued shares, but has concluded that it is, for several reasons, beneficial for the Company and the shareholders that payment is made by way of set-off. The Board of Directors considers that the directed share issue improves the Company's equity ratio, reduces the debt-to-equity ratio and ensures a more long-term sustainable financial position without burdening the Company's liquidity. The Board of Directors further considers it a sign of confidence in the Company that the management personnel have expressed a wish to set off their claims against shares in the Company, at a market-based price, instead of receiving cash consideration. In light of the above, the Board of Directors considers that there are sufficient reasons to deviate from the general rule of carrying out a share issue with preferential rights for the Company's existing shareholders.

Subscription period

The shares must be subscribed for no later than seven days after the extraordinary general meeting has resolved to approve the share issue, on a separate subscription list. The Board of Directors shall have the right to extend the subscription period.

Payment

Subscribed shares shall be paid by way of set-off against the earnout entitlement no later than seven days after the extraordinary general meeting has resolved to approve the share issue. The Board of Directors shall have the right to extend the payment period.

Right to distributions

The new shares shall entitle to dividends as of the record date for dividends that occurs immediately after the shares have been registered with the Swedish Companies Registration Office and the shares have been entered in the share register kept by Euroclear Sweden AB.

Majority requirements

A resolution in accordance with the above requires the support of shareholders holding not less than two-thirds of both the votes cast and the shares represented at the general meeting.

Item 7: Resolution on directed share issue with payment by way of set-off against vendor note (Plorea Holding AS).

The Board of Directors proposes that the general meeting resolves to approve the Board of Directors' resolution on a directed share issue in accordance with the below.

Background

The Company has previously entered into a share purchase agreement regarding Plorea Holding AS under which consideration was paid with vendor notes to the sellers in the amount of approximately NOK 32.02 million, which, based on the exchange rate for NOK/SEK of 1.00/1.00 published by the Riksbank (Sweden's central bank) on 4 June 2026, corresponds to approximately SEK 32.02 million.

In order to settle the vendor notes, the Board of Directors hereby resolves, subject to subsequent approval by the general meeting, on a directed share issue with payment by way of set-off against the vendor notes in the amount of approximately SEK 32.02 million, entitling to subscription for 2,001,372 shares in the Company.

Amount by which the share capital is to be increased

The share capital shall be increased by a maximum of SEK 200,137.20.

Number of shares to be issued

A maximum of 2,001,372 shares shall be issued.

Subscription price

The subscription price shall be SEK 16 per share. The part of the subscription price exceeding the shares' quota value shall be allocated to the non-restricted statutory reserve (Sw. *den fria överkursfonden*).

Background to the determination of the subscription price

The subscription price has been agreed in the share purchase agreement for Plorea Holding AS through a negotiation between the buyer and the seller on an arms' length basis. The Board of Directors considers the subscription price to be on market terms.
