Profile:

Alice is an experienced Occupational Therapist who has worked across a varied range of clinical practices and settings throughout her professional career.

Alongside Expert witness work, Alice maintains her clinical skills through working in private practice as an Occupational Therapist, working in case management and in addition manages a case load for a community mental health team. To ensure Alice is continuously developing as a professional, she attends regular clinical professional development opportunities and dedicates time researching and developing her skills relating to healthcare, best practice, and interventions.

Maggie Sargent & Associates

Alice has demonstrated an ability to provide high quality, well-reasoned and evidence-based reports with meticulous attention to detail and accuracy, whilst ensuring the client receives a friendly, empathetic, and understanding service.

Qualifications and Memberships:

- BSc Honours Degree in Occupational Therapy.
- Diploma in Society Health and development.
- Royal Collage of Occupational Therapist registered.
- HCPC registered.
