Profile:

I am an experienced nurse with over 11 years of registration and a master's degree in advanced clinical Practice (ACP), working in this role for the past three years. I have specialised clinical management of stroke, neurosurgery, and frailty. I can analyse complex medical data, establish differential diagnoses, and evaluate clinical outcomes against national standards and protocols. Experienced in teaching and assessing at the postgraduate level (Anglia Ruskin University), ensuring a high standard of communication and evidence-based reporting.

My Specialist Skills Include:

- **Clinical Analysis & Diagnosis:** Expertise in performing physical examinations and establishing differential/definitive diagnoses in acute and community settings.
- **Standards of Care & Auditing:** Proven track record in monitoring clinical standards and ensuring adherence to policies and procedures within the NHS.
- **Specialised Clinical Knowledge:** Advanced proficiency in Stroke pathway management, Neurovascular Neurosurgery, and Frailty/Geriatric medicine.
- **Non-Medical Prescribing:** Competent in the independent prescription and review of medication.
- **Triage & Risk Assessment:** Skilled in Manchester Triage (Telephone and Face-to-Face) and patient safety-netting.

Qualifications and Memberships:
