Types of Reports Undertaken: Liability Breach of Duty Reports & Screening Reports

Client Age Categories: Adult

Specialisms:

- Post-operative Nursing
- Recovery
- Extravasation Injuries
- Vaccinations

Profile:

Professional Summary

A dedicated and experienced Registered Adult Nurse with over 20 years of clinical practice across NHS and private healthcare sectors. Specialist in prison nursing, theatre nursing (anaesthetic and recovery), and general adult care.

Demonstrates advanced clinical competence, a strong commitment to patient safety, and an in-depth understanding of complex healthcare environments.

Currently working as an emergency and urgent care nurse within the NHS.

Expert Witness Experience

Experienced in the preparation of expert reports relating to standards of care and alleged breaches of duty in clinical and custodial healthcare settings.

Has undertaken screening and full reports for breaches of duty.

Attendance at a Coroner's inquests and experience of giving oral evidence under cross-examination.

Reports are prepared in compliance with Civil Procedure Rules (CPR) Part 35, providing clear, evidence-based opinions on the standard of care expected of nursing professionals in relevant settings.

Core Clinical Skills:

- Administration of IV and oral medications (including controlled drugs)
- Blood transfusion
- Cannulation and venepuncture
- Emergency care and resuscitation
- Wound care (post-surgical, traumatic, infected)
- VTE prevention and management
- ECG monitoring and interpretation
- Risk assessment and implementation
- Triage of patients

Education:

- Diploma in Adult Nursing (NMC registered)
- Level 6: Management of the Patient in the Recovery Setting
- Level 6: Management of the Patient in the Anaesthetic Setting

Certifications:

- Advanced Life Support (ALS)
- Cardiac Advanced Life Support (ACLS)
- Paediatric Life Support (PLS)

Maggie Sargent & Associates
