Locations covered: United Kingdom

Client Age categories: Adults

Specialisms:

- Acquired Brain Injury
- Stroke
- Elderly Patients
- Neurology / Neurorehabilitation
- Spinal Cord Injury
- Progressive Neurological Disorders
- Prolonged Disorders of Consciousness

Profile:

I am a Specialist Neurological Physiotherapist with over two decades of experience working across private, NHS, and voluntary sectors both in the UK and Internationally. My expertise spans a wide range of complex and non-complex neurological conditions and disabilities.

During my NHS career, I have held several leadership roles, including Clinical Therapy Lead, Physiotherapy Professional Lead for Neurological Services, and Clinical and Professional Lead for Integrated Care. I have led therapy services across various NHS organisations, shaping and improving neurorehabilitation care, providing mentoring and supervision within interdisciplinary teams, ensuring optimal service user outcomes.

As a Clinical Director and treating therapist of physiotherapy practice, I oversee a team of specialist neurological physiotherapists providing home-based and care home services across the United Kingdom. My role includes consultancy in complex neurorehabilitation cases, supporting patients with traumatic brain injuries, spinal injuries, and other neurological conditions.

I have completed a master's level module in Injection Therapy using Botulinum Toxin and have co-led multiple spasticity clinics alongside rehabilitation consultants.

Maggie Sargent & Associates

I am highly involved in the clinical education of physiotherapists and occupational therapists, delivering training extensively throughout the UK and overseas specifically within the topic of balance rehabilitation. I also have experience of presenting at multiple professional conferences.

I understand my duties as an expert witness under the Civil Procedure Rules and have undertaken specialist training in this role. I regularly participate in professional development to ensure my expertise remains up to date.

My Specialist Skills Include:

- Balance Rehabilitation
- Gait Re-education and Mobility Training
- Posture Management for Complex Neuro-disability
- Hydrotherapy
- Splinting / Casting
- Spasticity Management
- Botulinum Toxin Injections
- Functional Electrical Stimulation

Qualifications and Memberships:

- Postgraduate Diploma in Neurorehabilitation (2005), Brunel University
- Member of Chartered Society of Physiotherapists (CSP)
- Registered with the Health and Care Professions Council (HCPC)
- Member of the Association of Chartered Physiotherapists Interested in Neurology (ACPIN)
- Member of British Association of Brain Injury & Complex Case Management (BABICM)
