- Neurology
- Neurorehabilitation
- Orthopaedics
- Pain Management
- Palliative Care
- Progressive Neurological Diseases
- Respiratory
- Spinal Injury

Profile:

I am a qualified Physiotherapist with 14 years post qualification experience, and I am registered with the Health and Care Professions Council and the CSP. I am currently a Senior Physiotherapist for the Midlands Partnership NHS Foundation Trust.

I have specialised for the last 10 years in the field of neurological rehabilitation, treating adults with neurological injuries and chronic conditions in the community and outpatient settings, currently working for an NHS Trust.

I am experienced in working with carers of patients, demonstrating techniques to support and implement therapy programmes within the home setting. Where required I case manage which involves communicating with care agencies, family members and the wider multidisciplinary team.

I have an exceptional knowledge and awareness of other services in the acute and community settings, which is key to ensuring aligned patient pathways. I maintain consistently excellent levels of patient care always upholding medical professional practice standards.

Maggie Sargent & Associates

In addition to my clinical roles, I provide expert witness physiotherapy reports for the court. I understand my responsibilities under the Civil Procedure Rules pertaining to expert witnesses and have undertaken expert witness training.
