

Vikki Sturgess

BSc (Hons) Occupational Therapist

Types of Reports Undertaken: Quantum OT Reports, Combined Care & OT Reports

Locations Covered: England

Client Age Categories: Paediatric, Adult

Specialisms:

- Brain Injury
- Spinal Injury
- Cerebral Palsy
- Neurology

Profile:

I am an Occupational Therapist with over 20 years' experience of working with individuals with acquired brain injury, spinal injury, cerebral palsy, neurological conditions, and complex needs arising from both physical and cognitive impairments.

I have worked with adults and children at various stages of recovery and rehabilitation within residential settings for clients with complex problems as a consequence of brain injury.

I have extensive knowledge, understanding and expertise in assessment, therapeutic interventions, goal setting and attainment, plus planning of rehabilitation, as well as risk assessment and management.

I also trained as an instructor in de-escalation techniques and non-aggressive management of challenging behaviour.

I am registered with the Health Professions Council and a member of the British Association of Occupational Therapists. I am also a member of the British Association of Brain Injury Case Managers. I qualified in 2001, gaining a BSc (Hons) in Occupational Therapy with the College of Occupational Therapists from the University of Northampton.

I have worked in the Independent Sector, gaining extensive experience working with children, young people, and adults with complex disabilities as a result of brain injury.

Maggie Sargent & Associates

I have undergone formal training in the medico-legal process and am fully aware of my responsibilities under the Civil Procedure Rules (CPR) pertaining to Expert Witnesses.
