Profile:

I am a Registered Children's Nurse with over 25 years' experience.

Currently I practice as an Aesthetic Nurse Practitioner, Nurse Consultant for Complex Care and Case Manager.

I bring a wealth of experience to nursing both children and adults with complex care needs in community settings. I have advanced skills in assessment of needs, risk assessing, person-centred care planning. I have extensive experience in training, leading and managing multidisciplinary teams, setting up and managing care packages.

My clinical experience comes from working as a Senior Nurse within the NHS specialising clinically in children and young people with complex and palliative care needs from a wide range of specialities including brain injury, congenital conditions, severe disabilities, epilepsy, tracheostomies, ventilation and enteral feeding.

I have held several Senior Nursing roles both within the NHS and private sector in both clinical and managerial roles, leading and managing nursing services as well as driving

Maggie Sargent & Associates

measurable improvements in CQC ratings, patient safety, patient experience and service efficiency.

I have been practising within Medical Aesthetics for 10 years and have completed the level 7 aesthetics qualification. I own and run two aesthetic clinics, prescribing, and administering various injectable aesthetic products and skin treatments. I also previously owned and ran a training company, delivering courses on various facial procedures across the country.

I have undertaken medico legal training and I am aware of my responsibilities as an expert witness under the Civil Procedure Rules.
