Community Sponsorship

ABOUT US

We are a 501(c)(3) non-profit organization that facilitates access to high-quality early education and child care through an integrated system of services, including linkages to health care and parenting supports.

The first five years of a child's life are the most important for brain development. Yet, in Osceola County, less than half of children entering kindergarten are considered kindergarten-ready.

We work every day to change that — and we can't do it without community partners like you.

62%
of Osceola
children entering
kindergarten are
not ready!

INVESTING IN CHILDREN HELPS PROVIDE:

- **Books** – to build literacy and a love of reading.
- **Child Care Assistance** – to help families afford safe, high-quality care.
- **Early Learning Initiatives** – to create and sustain free, community-based play and learning opportunities.
- **Workforce Development** – to ensure caregivers can access quality programs while pursuing livable-wage employment.

SUPPORT US

When you invest in early learning, you invest in the community's future workforce, economy, and overall quality of life.
