

# From Discovery to Scale: Building Labs for Tomorrow's Breakthroughs

Innovation at the speed of life – we're here to support you every step of the way.

## Step 1 Qualify and Sign Up

To sign up and qualify, you must have done one of the following within the past year:

 <b>New Lab</b> Start a new laboratory	 <b>Expansion</b> Expand an existing laboratory	 <b>Relocating</b> Move to a new location
 <b>Start fresh</b> Start a new company	 <b>Grants</b> Receive research grant	

## Step 2 Speak with our dedicated experts

Driven by robust workflows, DanaHER experts will help you personalize your lab by providing solution offerings to meet your needs.

- Analytical & Assay Reagents
- Automation & Lab Workflow Solutions
- Cellular Analysis & Imaging
- Genomics & Gene Editing
- High-Throughput & Screening Systems
- Molecular & Protein Analysis
- Proteins, Antibodies & Cell Culture
- Separation, Purification & Sample Processing

## Step 3 Prepare and Save

Discounts are available with further savings possible depending on your new launch requirements.
