

Excedr Leasing for

ULP Tenants

Congratulations on joining ULP!

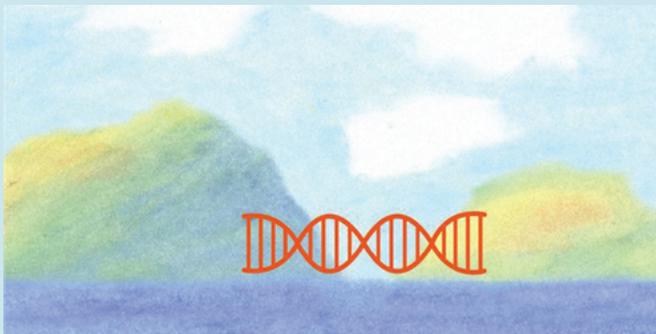

Tenants receive **one month off their first three leases** with Excedr - that's **an average savings of \$10,000 each!**

Note: Multiple member companies can apply for a lease for lab equipment together, but all must be approved during the underwriting process.

About Excedr

Excedr provides non-dilutive capital to generational founders in the life sciences in the form of operating leases. Founded at UC Berkeley and based in San Francisco, we have been supporting labs since 2011.

Extend your cash runway, hit your milestones, raise your next round at a favorable valuation, and achieve a blockbuster exit while minimizing dilution when you lease with Excedr.

Submit your information [here](#) along with promo code **"ULP"** to unlock this exclusive perk.

A non-exhaustive list of equipment we lease:

"Building a biotech is a lot of work. Excedr has been a dynamite partner in making that scaling happen.

They were a great partner when scaling my last startup from an 8 member lab team to 35 members by the time of acquisition. When I sold Distributed Bio and I started Centivax, Jon was one of the first people I called.

I recommend them for any biotech startup."

Jake Glanville

CEO & Founder at Distributed Bio, Centivax
