What's your next career move?

Are you looking for an exciting ten-month professional development opportunity?

Are you passionate about improving what and how young people learn at school?

Are you brave enough to develop new and exciting teaching methods, underpinned by the concept of High Performance Learning?

Do you have aspirations to become a world-class teacher?

Are you a recently qualified Saudi graduate?

If so, you are exactly the kind of person we want to talk to.

The opportunity of a lifetime

We are seeking energetic and motivated young Saudi graduates, male and female, to join us for a paid, ten-month teacher development programme as a first step towards becoming a world-class teacher.

The programme consists of workshops and seminars along with observation and delivery of lessons. Each participant will be allocated a mentor as well as have access to an online learning platform.

Train to be a teacher of maths, science, computing, music, physical education, delivering lessons and taking studies in English, and gaining an iQTS (International Qualified Teacher Status) qualification from a prestigious English university.

Applicants must be Saudi nationals, have an overall IELTS score of 6.5 and a relevant subject degree. Experience of working with children is desirable but not essential.

مدارس مسك Misk Schools

Who are we?

Misk Schools

Misk Schools is a unique K-12 school in Riyadh, designed to be iconic in the region and globally. It is ranked in the top 150 private schools worldwide, and top 15 in the Middle East.¹

Founded in 2016 by HRH Mohammed Bin Salman, our mandate is to nurture the next generation of Saudi leaders. We are part of the Misk Foundation and, with its support, we are transforming and modernising the way in which young people learn.

Our curriculum is innovative and international, delivered in English and Arabic and personalised for each child. We teach using the High Performance Learning (HPL) philosophy, underlining our belief that every student can be successful academically and in life.

HPL provides a ground-breaking model for achieving high levels of academic performance for all students. It takes what is known about how people reach advanced cognitive performance and translates it into a practical framework, which can be used with all students to systematically build the thinking skills and learning behaviours that will deliver success in school, in the workplace and in later life. HPL is the underpinning pedagogy of Misk Schools.

¹The Global Schools Index by Carfax Education <https://www.schools-index.com/>

What do we expect from you?

- ▶ Active, positive participation
- ▶ Courage, character and drive
- ▶ Determination and a good work ethic
- ▶ Collaboration and teamwork
- ▶ Completion of all modules and coursework on time and to the best of your ability

What do you get in return?

All graduates who successfully complete the required modules, and pass the associated assessments, will earn valuable, internationally recognised qualifications. Along with this, there will be regular modules on up-to-date teaching pedagogy, mentoring and classroom practice, as well as the opportunity to start **High Performance Learning** Teacher Standards accreditation.

By the end of the programme, strong participants will be encouraged to apply for career teaching positions at Misk Schools.

A monthly bursary is available. Meals (lunch plus a morning and afternoon snack) are provided by the school.

Your future is in your hands.

What are you waiting for?

Places are limited so
apply now.
