"It has always been my ambition to preach the gospel where Christ was not known..."
—Romans 15:20

A Step of Faith

"[Following Jesus] seems the worst thing you could do in a relationship."

This statement was made by a Pioneers missionary in West Africa as she explained the cost of following Jesus. When someone chooses to follow Jesus, it sadly is common for that person to lose their job, family members and community. These are devastating losses in a culture where relationships are everything.

But this was a risk that "Amadi" was willing to take. He grew up worshiping idols in a West African country. He was deeply devoted to his religion until he experienced a significant a foot injury that prevented him from walking for several weeks. Despite his medical treatment at the hospital, he found no relief. In his desperation, he allowed a missionary to pray

for his recovery. After a few days of prayer, his foot began to heal, which led to the complete restoration of his ability to walk. Amadi praised God for his miraculous recovery and encouraged his wife and five children to embrace faith in Christ.

Amadi had the opportunity to come to faith because Pioneers is dedicated to mobilizing from all nations to all nations. Amadi and many others have found that Christ is so much more valuable than what the world offers. That is why, just like Paul, our commitment is to continue sending missionaries to every corner of the earth until all people have a chance to hear the Good News.

"It has always been my ambition to preach the gospel where Christ was not known..." Romans 15:20

Pioneers missionary mobilization continues to engage some of the hardest-to-reach people groups in West Africa. In 2024, more than 200 people have come to faith, and at least 10 churches have been planted. One country alone already has witnessed more than 50 new Bible study groups launch! A Pioneers leader in West Africa recently shared, *"Thousands of individuals are encountering the gospel, and many are coming to faith in Christ through the impact of this [mobilization gateway]."*

Until All Know

It is because of generous donors like you that Pioneers missionaries have been able to reach people like Amadi with the gospel. A Pioneers-Africa missionary said, *"We are always thankful for faithful and generous funders as significant and privileged partners in this work of ministry."*

One-third of the world still has never heard the gospel. And many of our Global South brothers and sisters want to join Pioneers as missionaries,

so they can take the Good News to their family and friends. Through the 2025 "Until All Know" Campaign, you could recruit 310 missionary candidates from North Africa, West Africa, East Asia and North America. You could help place new missionaries among 30-40 different unreached people groups, leading hundreds to faith each year!

This coming year, you can be a part of:

1. Recruiting 160 American missionary candidates and offering them innovative new methods of access and ministry through businesses and digital media strategies.
2. Recruiting 150 missionary candidates from the Global South, building mobilization capacity in North Africa, West Africa and East Asia.
3. Sending missionaries to 30-40 different unreached people groups to start locally led movements of faith.
4. More than 50 people coming to faith each week!

Will You Join Us?

You can help build multi-national missionary teams and take the gospel to the whole world by giving to the 2025 “Until All Know” Campaign.

This year, we are asking God and His people if we could raise \$3,200,000 for global missionary recruiting, training and sending in 2025. This will provide:

- \$1,100,000 for mobilizing the American church to help place American and Global South missionaries among 30-40 unreached people groups annually.
- \$600,000 for recruiting 160 American missionary candidates.
- \$1,000,000 for building up Global South missionary mobilization gateways, with the goal of raising up 150 potential new, non-Western missionaries.
- \$300,000 for annual missionary training events in the U.S.
- \$200,000 for coaching American missionaries who are already preparing for the field.
