

Micro-Segmentation Implementation Services

Redefining trust in a perimeterless world.

Why it matters.

Modern IT environments are under constant attack. Micro-segmentation enforces Zero Trust, isolates critical workloads, and stops threats from spreading.

The cybersecurity challenge

Complex
IT

Remote
Work

Chain

Human
Error

High
Costs

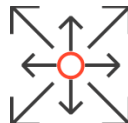

What micro-segmentation delivers

Streamlined
Policy-Based
Enforcement

Better
Visibility

Reduced
Lateral
Movement

Faster
Mean-Time-to-
Remediation

Why Kyndryl?

Deep infrastructure and security strategy expertise.

Why Illumio?

Leader in breach containment and micro-segmentation.

Let's redefine trust together.

Contact Kyndryl to start your micro-segmentation journey.
