

The Megaphonix In-Wall Centre is designed specifically for in room use in dedicated home cinemas. Using high power handling and high sensitivity drivers, these speakers will deliver all the impact and dynamics you need for a real home cinema experience without the need for a big wattage power amplifier.

The 255mm bass driver has a 50mm voice coil and has been developed to offer low harmonic distortion, especially in the critical midband. The paper cone and surround of the bass driver have been developed to provide the smoothest possible response. The high frequency drive unit is a specially-damped, high power, 26mm doped fabric dome tweeter, and is coupled with Krix's proprietary waveguide to provide consistently-maintained optimum dispersion of 90 degrees horizontal and 40 degrees vertical over the entire working bandwidth.

The combined high frequency response is exceptionally smooth and well controlled – a new benchmark in loudspeaker reproduction.

Finished with a powder coated steel front baffle for easy retrofitting, Megaphonix In-Wall Centre speakers are braced and critically damped to improve bass extension.

For the ultimate cinema experience at home, play it through Krix.

FEATURES

- Impact and dynamics for a real home cinema experience
- High sensitivity, very low distortion
- Precise pattern control

Megaphonix In-Wall Centre	
Frequency Range	40 Hz - 20 kHz (in room response)
Power Handling	50 - 250 Watts RMS recommended amplified power
Sensitivity	95 dB (2.83V / 1m)
Impedance	8 Ohms
Configuration	2-Way
Crossover point	1.8 kHz
Low Frequency Driver	Single 255mm (10") paper cone driver. 50mm (2") voice coil wound on high powered kapton former, with ventilated magnet assembly and copper shorting ring for low distortion
High Frequency Driver	26mm (1") doped fabric dome with large roll surround. Ferro fluid cooled. Coupled to a Krix designed 90 x 40 short throw waveguide
Enclosure Type	Bass reflex, front vented
Input Terminals	Gold plated binding posts
Dimensions	285mm high x 1035mm wide x 150mm deep cabinet - 367mm high x 1117mm wide grille
Cut-Out Dimensions	290mm high x 1040mm wide recommended
Net Weight	23 kg
