

## BIG BASS. COMPACT FOOTPRINT.

The Seismix 3 Mk8 delivers powerful, controlled bass for home theatre and high-performance audio systems. Designed for listeners who want scale and authority, it brings cinematic energy into dedicated media rooms and living spaces alike.

Driven by a 275mm long-throw woofer and a high-efficiency Class D amplifier module, the Seismix 3 Mk8 adds weight and definition where it matters, enhancing everything from music detail to the full impact of movie soundtracks.

Its front-firing, vented design ensures strong output and precise bass performance, making it an ideal for serious home entertainment systems.

For the ultimate sound experience at home, play it through Krix.

Seismix 3 Mk8 without grille

Seismix 3 Mk8 with grille

### Big bass impact

Delivers powerful, room-filling bass with clarity, control and authority.

### Precision performance

Effortlessly produces seriously deep bass for both music and movies.

### Three premium finishes

Choose from genuine timber veneer finishes or classic Black Woodgrain to complement your space.

### Australian made

Krix has proudly engineered and manufactured speakers in Australia since 1974.
