Bridge Letter for SOC 2 Type II Report

Dear Customer,

This letter provides an update on the Rezolve.ai environment and the controls outlined in its SOC 2 Type II report, which covers the period from January 1, 2024 to December 31, 2024. This bridge letter serves to confirm that these controls remain effective since the report's issuance and continue to align with the standards outlined in the assessment.

This updated bridge letter extends coverage through September, 2025.

As of the date of this letter, we confirm that:

Control Environment – There have been no material changes in the design or operation of controls that would impact the conclusions reached in the most recent SOC 2 report.

Security & Compliance Policies – Our policies and procedures related to security, availability, processing integrity, confidentiality, and privacy remain in place and continue to be enforced.

Incident Management – No significant security incidents, control failures, or data breaches have occurred that would impact the trust service criteria covered in our last SOC 2 report.

Subservice Organizations – Any third-party vendors or subservice organizations involved in our services have maintained compliance with their contractual obligations related to security and compliance.

Upcoming SOC 2 Examination – Our next SOC 2 Type II review covering the period January 1, 2025 to December 31, 2025 is underway and is expected to be completed by April, 2026.

This letter is intended solely for use by management and the auditors of your company.

Sincerely,
Saurabh Kumar
Chief Privacy Officer
