My City Home Loans offers all the traditional loan options that most are familiar with, such as conventional, FHA, and VA loans. However, the company goes beyond the basics by continuously expanding its loan programs to serve those who may have been turned down by other lenders in the past. My City Home Loans is proud to offer specialized solutions like ITIN Loans for individuals without Social Security numbers, Bank Statement Loans for self-employed borrowers, DSCR Loans for real estate investors, and a unique Cash Offer Program that allows buyers to make competitive cash offers on homes. The company's commitment to finding creative financing solutions sets it apart from the competition.

My City Home Loans handles underwriting and processing in-house, giving the company a distinct advantage over other lenders. By keeping these critical steps within the team, My City Home Loans maintains greater control over the loan process, enabling faster approvals and more efficient communication. This streamlined approach allows the team to collaborate closely, address any issues quickly, and push deals through without unnecessary delays, ultimately delivering a faster, smoother experience for clients. This personal touch sets the company apart, ensuring borrowers reach the closing table on time.
