

IntaPlumbing

CAPABILITY STATEMENT

2022

COMPANY OVERVIEW

Inta Plumbing has quickly established itself as the benchmark for commercial and industrial plumbing services throughout Gippsland and regional Victoria. Renowned for consistent reliability, quality and outstanding customer service, Inta's high-calibre team excels in all aspects of plumbing and support.

While we may be relatively new in name, having launched in 2021, Inta Plumbing is backed by decades of experience, extensive industry knowledge and a loyal client base. We have proven our efficiency and quality in large-scale projects, with established partners in Defence, government and regional infrastructure.

Whether it be fire services, civil infrastructure, drainage, shopping centre fit-outs, roofing, gas fittings, major installations, piping or maintenance, Inta delivers peerless plumbing, professional advice and genuine care.

When you engage the services of Inta Plumbing, you can be assured you are tapping into the most highly skilled and trusted team of plumbing experts for your project.

OUR PURPOSE

We pride ourselves on the quality of our work and calibre of our team committed to doing the job right first time, every time.

With our focus on customer service, we are easily accessible – providing prompt, friendly communication throughout each project. Our agile team is big on maintaining well-earned client relationships, with an unrivalled network and local knowhow.

We are far more than just another plumbing company. At Inta Plumbing, exceptional customer service, support and strong client relationships are extremely important to us.

Communication, availability and accountability are among the qualities that help us stand out from the crowd.

OUR SERVICES

Inta Plumbing covers the full spectrum of industry and commercial needs, ranging from civil infrastructure, drainage and major installations through to fire systems, roofing, shopping centre fit-outs, irrigation and water systems, sewerage, gas fittings, repairs and maintenance.

You name it, we can do it.

From the initial contact with Inta Plumbing right through to the completion of every job, we are there to support clients of all sizes, every step of the way. We advise, adapt and deliver as promised, going the extra yard to make sure our work is always of the highest standard.

From our established base in Sale, we cover Gippsland and regional Victoria for larger-scale requirements while maintaining our trademark exceptional quality of service.

The reliability and expertise of our plumbing team comes to the fore across our full range of services, and throughout a wide range of industries.

FIRE SYSTEMS

Stay safe and be prepared. We are proven experts in installing and maintaining fire pump systems, hose reels and hydrants along with recertification and ongoing support.

ROOFING

Be it large or small-scale, Inta Plumbing excels in installing, replacing and repairing all sorts of roofing requirements across commercial and industrial fields.

CIVIL DRAINAGE

Inta Plumbing's team of experts are specialists in supplying, installing and maintaining mains, sewerage and stormwater drains for properties and commercial needs.

INDUSTRIES WE SERVE

The list of industries we service continues to grow, on the back of exceptional service and speciality solutions delivered by our team of experts for happy clients across regional Victoria.

- Defence
- Government
- Civil infrastructure
- Construction
- Education
- Shopping centres
- Agriculture
- Hospitals and aged care
- Sporting facilities
- Engineering
- Oil and gas
- Sewerage
- Water mains
- Commercial builders

Our loyal list of established clients may be diverse in the industries they serve, but they all rely on the quality, customer service and satisfaction delivered by Inta Plumbing.

ACCREDITATION + EXPERTISE

Expertise and quality are the platforms on which Inta Plumbing has established our strong reputation. We are backed by a combined 100-plus years' experience – not just in plumbing, but also field engineering and the gas industry.

We are specialists for civil infrastructure, plus perform all safety checks, maintenance and cater to irrigation and pump-line requirements for agriculture.

- Decades of experience
- Multi-skilled in all areas of plumbing
- Specialists in commercial and industrial needs
- Installation and maintenance
- Customer focused
- Regional knowledge

Getting things right and being easily contactable is integral to our success on every project, from large-scale infrastructure, commercial and industrial projects through to everyday residential needs.

OUR CLIENTS

Inta Plumbing is proud to have established high-level and loyal clients across Gippsland and beyond, having teamed with the likes of the Sale RAAF base (re-roofing), Bairnsdale World Sporting Precinct, Quantum Support Services and Cranes Asphalting.

On top of these large infrastructure and maintenance projects, we have delivered quality plumbing projects to sectors such as education, real estate, shopping centres, hospitals and aged-care facilities (reticulated hot water), agriculture (pump lines) and commercial building.

From major fit-outs or re-fits, re-roofing, water mains, hydraulics, drainage, sewerage, we have the experience and expertise to handle any project. When you contact Inta Plumbing, your job is given the highest priority from initial call through to high-quality completion and customer satisfaction.
