

MetroBOND^{X2}

Unstoppable. Unbreakable. Unafraid.

UNSTOPPABLE Speed. UNBREAKABLE Connection.

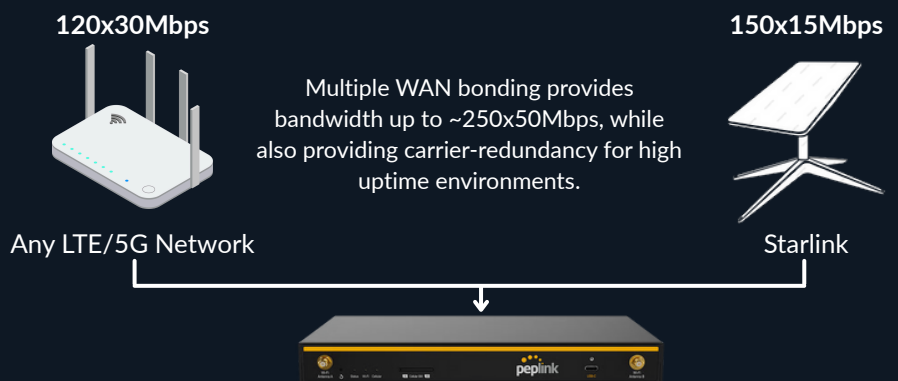

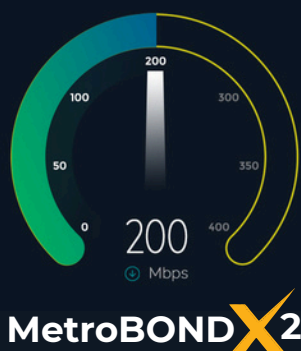

MetroBOND^{X2} combines the force of Peplink's SpeedFusion™ bonding technology with multi-carrier wireless to deliver a single enterprise-grade internet circuit that's as fast as it is unbreakable. Guaranteed unbreakable performance even in the most remote or mission-critical locations.

Breakneck Speed. Bulletproof Uptime.

Whether you're operating in a remote area with high bandwidth needs or a mission-critical location that can't tolerate downtime, **MetroBOND^{X2}** delivers bonded Starlink + 5G performance that guarantees cloud access, business continuity, and peace of mind.

Bonded for Speed. Built to Last.

Average Speed	200 Mbps
Static IPs	/30 - /27
Route Diversity	Yes
