At the same time, **this disc of Light releases pure Light-Substance** into my body, qualifying it with invincible and sustained perfection.
- 17** In the Name, Love, Wisdom, Power, Authority, and Invincible Victory of the “Beloved Mighty I Am Presence”, which “I AM”, I command all the Points of Light in the cells of my body to **expand the Cosmic Blue Lightning, Flame, Substance and Miracles of Cosmic Christ Purity** through the water element in my body and annihilate (3x) all excess and solid substance qualified with discord. Blaze the Violet Consuming Flame through me everywhere to dissolve and consume all substance that has been discordantly qualified!
- 18** I AM clothed in the Sacred fire of Sacred Victory which penetrates all things and wraps itself around each electron in my body, until the Light within those electrons **expands** through that enfolding **Fire of Victory** and its Pressure dissolves and consumes all impurities in the cellular structure of my physical body, right now, this instant and forever!

- 28** I accept the forgiving Flame from **the heart of the Great, Great Silence come forth** and handle all conditions around me. That great calm Flame of Love, Peace, and Forgiveness takes command and holds perfect balance in me and my affairs.

THE HONOUR FLAME

Decrees and visualizations. Learn, practice, apply these to your everyday life and draw all you need from this Source. The practice is based on a total merging with this Flame and through it with your DP and the Masters to evoke and materially attract everything and anything necessary.

This particular visualization is an archetypal key of sorts, a powerful tool to perfect attunement. This is felt as a very subtle frequency at first but can mount into a physically heart-wrenching sensation as the capacity to sustain this particular vibration expands.

Realize that all Light filling Infinite Space is the Love which radiates from the Great Central Sun, the Sacred Fire Source of all Life - the Causeless Cause - the Infinite, Invincible Perfection of Eternity. Light is the cohesive power of all in the manifested universe.

Hold the picture, clear and powerful, of a Blazing Sun Presence of Gold against the Violet Flame background. Within the Sun see a heart of pink. Within the centre of which is the Unfed Flame, the Honour Flame of the Great, Great Silence. THIS is the Honour Flame.

See this activity clearly, enfolding It in the feeling of Love and Peace from your own Heart Flame of Life. Especially hold this Cosmic Sun of invincible, eternal Light and Honour Flame around all you, hold near and dear.

The Honour Flame of Eternal Love is forever all perfection that could ever come into action or manifestation anywhere in existence. It is self-sustained, ever expanding... It always has and always will exist. It is the Master Presence of the Sacred Fire and It is the Causeless Cause of all Creation.

When you know the Oneness of your own Heart Flame with the invincible Honour Flame of your beloved Mighty "I AM" Presence and the Ascended Host, you may know the Eternal Truth of Existence - the Eternal Truth of anything you desire... Still the intellect, and command the outer self to stand aside until the Unfed Flame in the Heart knows It is ONE with the Honour Flame of the beloved Mighty "I AM" Presence in the Great Central Sun.

Zulma's suggestions:

1 Step:

1. Feel your own **Heart's energy**.
2. Sense your Divine Presence as a Sun Energy above you
3. Attune to **BOTH** your Heart and the DP simultaneously (i.e. the Sun and the Heart). Visualize this as a **pink heart** within a blazing, golden Sun.
4. Centre into **the Unfed Flame in the centre**, your own Life Source
5. Become IT and know that you are One with everything and everyone

2 Step:

You are already familiar with visualizations such as a '**Sun Presence**' (Helios in gold and Vesta in white). You already know how to tune into the UF in your heart as well. Now evoke these different symbols and frequencies... Pause to feel each one before creating the compound unit of the HF.

The HF is the composite image of the Sun, the Heart and the UF on a VF background. At first you sense it within the context of your own body but as you use it more and more, it will represent your true centre, both individual and universal with All-That-Is.

I suggest that you explore their **repetition**, at least in the beginning, in different ways. First say it out loud as you do normally. Then repeat it in a whisper to really 'feel' the meaning of what you are saying. Finally repeat it mentally to allow your intelligence to seize the inner Reality behind the words. Then be Still.

THE HONOUR FLAME - DECREES

- 29** I place all my problems in the invincible Honour Flame of the great Cosmic Heart of God's Love. There they are solved and raised into **Invincible Victory to bless me**, all my loved ones and the Zulma Reyo School of Consciousness with invincible protection forever.

The Honour Flame here represents the frequency attained through the merging of the flames.

- 30** I accept **my divine ancestry** from the Great Central Sun, which is **my divine home** and the Honour Flame from whence I came. "I AM" endowed with all the divine creative powers and faculties of Life, which make me the projection of Itself. My service in this universe is to become **an Individualized Sun** - a ruler over my own individual universe, which is composed of the Sacred Fire from my own Life Stream.

Become aware of 'understanding' this well. Then leap from understanding to KNOWING it. Take notice of the energy shift. Sustain this new state in silence.

- 31** "I AM" At-One with the Invincible Honour Flame in the Heart of every Ascended Master and Cosmic Being and I demand my outer self-acknowledge, **feel, and know the Oneness of the Life Flame in my Heart** with the Invincible Honour Flame of my beloved Might "IAM" Presence, the Ascended Host, and the Cosmic Beings, expanding through my outer self everywhere forever.

Affirm:

- 32** I forgive and forget everything less than Perfection. I **hold no feeling of resentment or fear** against any person, place, condition, or thing.

Meditate on this and FEEL it. Make a list of anything/one you may still be carrying with you, and gradually work through it. Neutralize any specific images or memories using the HF.

- 33** By the Invincible Honour Flame of God's Great Cosmic Heart, I command all manifestation through Cosmic Christ Love to serve me, and the limitations, problems, and **struggles of the past be forgotten**, for my memory and attention are sealed within the Invincible Honour Flame of God's Great Cosmic Heart forever.

Feel yourself enfolded by the HF. Expand this.

The following decree is given as an example. You may invoke the help of any energy from any Master or Symbol, by attuning to the HF in the following way.

- 34** I demand all the energy of my feeling (i.e. emotional) world be raised now to the **attunement of the Invincible Honour Flame of God's Great Cosmic Heart**, to give me the strength, the power, the assurance, and the feeling of God in me, in the Mastery of the Great Central Sun.

Requalify your emotions several times a day by repeating this decree and re-attuning yourself to the HF. Distinguish between your ordinary emotions and the higher Love impulse.

- 35** I say to the energy of my feeling world and everything around me: **"Be still and BE the Invincible Honour Flame** from the Heart of my Presence and the Ascended Masters' octave, the Invincible Honour Flame that blazes everywhere to the Honour of God forever."

This implies bodilessness, in other words identifying yourself in Consciousness with your Divine Presence. You are simultaneously in, out and beyond bodiness.

- 36** "I AM" One with the Honour Flame of God's Eternal Love. That is my home, and I call it into all my physical activities. I demand it blaze in and around me with such intensity that it compels purity. All hatred of the world must recede as that Flame surges through and around me to hold command at my conscious call, everywhere forever.

Learn to identify that Quality of Love.

AT NIGHT

Important: When you do any individual decrees in the evening, be sure to always end your practice period with a **protection around you and your room** drawn from any of the following three models:

1. The Violet Flame
2. The Honour Flame
3. The Unfed Flame

37 I demand and I command as I leave my body tonight and enter into my etheric body, **I be clothed with the Invincible Honour Flame of God's Great Cosmic Heart** and the authority of the supremacy of Divine Justice. I demand God's Divine Judgment descend and consume everything human in me and all I contact, everywhere forever.

See yourself within a huge HF.

38 Through the beloved Mighty "I AM" Presence which "I AM", I AM" come deep within the Invincible Honour Flame of God's Great Cosmic Heart. "I AM" sealed within the Inner Heart of the Unfed Flame of my own beloved Mighty "I AM" Presence. There its secrets, its powers are revealed to me. (*Know!*) When I return to my body in the morning, "I AM" clothed with its **Powers of eternal, invincible Victory**, and I become the Victory of the Mighty Unfed Flame to my beloved Mighty "I AM" Presence everywhere in the physical world forever.

39 I AM protected by the Light, supplied by the Light, set free by the Light, made victorious by the Light! The Light of God that never fails is the irradiation from the Invincible Honour Flame of God's Great Cosmic Heart.

IN THE MORNING

40 I demand the eternal Victory of the Honour Flame of God's Invincible Love blaze into everything and everybody I contact this day. I intend **to have invincible victory** in my world this day. I intend to have the world of the Invincible Honour Flame of God's Great Cosmic Love.

- Distinguish the frequency of THE HONOUR FLAME from that of the UNFED FLAME.
- Differentiate:
 - KNOWING from “understanding”
 - PRESENCE from “form” (or body-ness)
 - LOVE from “feeling” (ordinary emotions)
- Identify true FORGIVENESS as a State of Being rather than a 'doing'.
- Learn to work in partnership, tuning into different qualities of Beings (i.e. Masters) and manifesting in conjunction with a Master and through the Unity of the whole.

ASCENDED MASTERS

- 41** 'I AM' the Presence raising the atomic structure of this body into **the Ascended Masters' full illumination and liberation.**

- 45** Mighty "I Am" Presence and Beloved Jesus! **Enfold me in a River of Flame from your Heart** and see "I Am" become an Open Door for the expansion of Your Flame through my own world. I stand within a River of living Flame – the Sacred love of the Sacred Fire – which the Mighty Jesus has drawn forth from the Great Central Sun, and I demand, I command it to pour through me to the centre of the Earth and free all I contact, this instant and forever.

HIMALAYA, Lord of the Sun

- 53 I call Legions of Angels from **the Pink Temple** in the Electronic Belt around the Physical Sun come forth with the Forgiving Love, and in the great divine patience which brings healing to all. I command **the Healing Angels** intensify and increase the desire in....(i.e. mankind)... to forgive and forget all that has caused so much tragedy and distress, right now this instant and forever.

See and sense the fear encrusted into the matter of the physical body being requalified.

- 58** Flood my being and world with your **Golden Liquid Light**. As that Golden Liquid Light goes into every organ and cell of my body, see that it dissolves, consumes, and eats up the discord accumulated around the Points of Light in the cells of my body, and sets my body free in the dominion of its own Light. I thank you and accept the instantaneous fulfilment of this, eternally sustained.
Visualize a Crystal White Ray or Crystal Golden Ray of Light shooting like lightning from the Electronic Body into any organ of the physical body necessary.
See the organ relax from within itself, open up and release from within itself all substance that is discordantly qualified. See it ignite into Violet Flame and pass out of the body directly from that place.
- 59** “I AM” the Presence releasing a concentration of the sparkling **Golden Liquid Light**, which is a powerful healing action, into my physical form, and into and around the nerve fluid of my life stream and **brings Peace, Ease and Relaxation** to the physical, mental, and feeling world.

Blaze your Violet Consuming Flame in the great mercy of its Love and Purity everywhere in, through and around me and remove the memory of the action of all pain and distress.
- 66 Beloved Mighty 'I AM' Presence and the Unfed Flame of a thousand suns in the power of the three times three: I **withdraw all capacity to feel pain in my body**.
- 67 'I AM' the Presence of the Unfed Flame withdrawing all capacity to feel pain. I withdraw all capacity of the atomic structure to feel pain or get under tension for any reason. **I command my body and atmosphere be filled with Self-luminous, Intelligent Substance of God's invincible Love.**
- 68 I surrender everything in my being and world and that which comes into me, into my Beloved Mighty "I Am" Presence! I stand in Its invincible harmony, adamant against the discord and distress of the outer world. I remain positive in the arms of my Beloved Mighty "I Am" Presence, and **I hold the invincible harmony and protection around me** until it fills my Electronic Circle with its blessings and invincible perfection everywhere forever.
- 69 Every cell of my body is a fiery heart of God's Immortal Love and its Immortal purity, health, and strength of eternal perfection in my flesh form.

THE SEVEN MIGHTY ELOHIM

INTRODUCTION TO ELOHIM ACTIVITY

Note: Whenever something appears in quotes, it has been extracted from the 'I AM' books directly.

'The Lord the Maha Chohan is the Cosmic Christ control of all the powers of Nature. ... The Seven Mighty Elohim are the Cosmic Christ control of all the Sacred Fire. '

...'When you are conscious of our Flame Presence enfolding the physical form, then you are clothed in the Cosmic Momentum of our Power that enables everything you wish to accomplish be brought into outer activity...'

...'What We want you to do is to come into daily association with Us. You must feel Us and feel Our Love before you will see Us. ... it won't take three seconds for you to feel the quiet, the thrill, the energy, the power, and the peace...'

'...The Seven Mighty Elohim from the Physical Sun draw forth the Heart Flame of Life to this system of worlds.'

'Theirs is the Sacred Fire that controls whole systems of worlds.'

"The Sevenfold Flame of the Seven Mighty Elohim (SME). and the Ascended Masters' Ring-Pass-Not of Blue Flame are the protecting action of the Sacred Fire that is drawn in and around a locality, before the manifestation is drawn forth to fulfil the divine plan.'

...'The Sacred Fire that comes under their direction draws into outer physical conditions the concentration of the Sacred Fire necessary to remove evil from the life, substance and energy of this world.'

'In order to bring about divine order and harmony into any condition, be it personal or collective... the first Activity must be the Violet Consuming Flame. Then the Unfed Flame's Activity may be established, followed by the Sevenfold Flame of the Seven Mighty Elohim and many other Activities of the Sacred Fire that have to be drawn in, through, and around individuals, to make the contact with the physical structure of Earth. Then the Earth may be released from the sinister force and its destructive activities.

...' When we offer you the great creative activity and power of the mind through the Sevenfold Flame of the S.M.E., you are **responsible** then for your use of the creative activities which we give you.'

...'Visualize the Flame (i.e. of Herculean Christ Love – Hercules + Christ -- for example) in the forehead (first), and everything that comes to you passes through that Flame, as well as everything that goes out from you passes through It and becomes the Pure Mind of God.'

...' When you start to do something, stop, and picture the S.M.E.'s Heart Flame of Love in and around you. Realize you do it through their Love, and everything you pour forth has to manifest through their Love and take on their Perfection. You cannot fail or make a mistake.' ...

1. Attune to your D:P and your own Heart Flame.
2. Invoke the particular Elohim's quality within you first.
3. Feel yourself (physically) wrapped in that Flame.
4. Feel it expand around you (Electronic Circle)
5. Acknowledge the Energy as you act in the world.

'... Whatever you demand to do through their Flame consciously visualized around you, must yield its **Perfection** to you.'

...'Feel, even in the midst of your daily activities, that your physical body is at all times surrounded by a Cosmic Sun Presence of the Sacred Fire of the S.M.E... You will have the gathered energy that you need to accomplish anything in the outer world, in the midst of outer world conditions. ... Their Sacred Fire is always Protection.'

...'Our world... is filled with indescribable Substance that you may draw into physical conditions of the outer world to become the things you are going to require...'

...'The Great Creative Heart of God, the Love of the Seven Mighty Elohim, the Sacred Fire Presence of the Sacred Fire of the Seven Mighty Elohim, is the place of Security.'

...'You must recognize that the Sevenfold Flame of the S.M.E. in **your own brain structure**, is the protection of your mental and feeling world. Realize this!''Call the Invincible Protection of the Sevenfold Flame of the SME of your minds, your bodies, your feelings, and everything in your being and world, against all suggestions of human creation....'

...'When the Strength of the Light of the SME is called into outer action, hatred ceases to be. You can be of tremendous assistance with this to prevent war or minimize war, to awaken mankind, to purify your Nation and **bless the world.**' (through simple silent irradiation)

'There is within the Sacred Fire of the S.M.E., power incomprehensible to the intellect of man. There is Light so intense, no destructive force can look into It, for it would cease to be on the instant. There is Love so forgiving and mercy so great, purity and its luminous substance can spread over the turmoil of the life of individuals like oil poured on troubled waters, and still that which wants to destroy them.'

'The more you can be **grateful** for the Love that has been given, the more Love can come to you in the future. - Mankind could swing the door wide to complete Forgiveness and almost magic removal of the whole creation of their frightful hate from the Earth, if they would turn with Love and gratitude and understand the Help that is given and **ask** to be set free from that which is not Eternal Love. Mankind **must want** to be set free from the things that have bound them.'

The first activity of the Sacred Fire is the **Violet Consuming Flame**. To call any of the Seven Mighty Elohim, we must first go through the Violet Consuming Flame and the blending of the Heart and Higher Mind. Only then do we have the right frequency and momentum. In this way **Arcturus is the gateway or opener into the Sacred Fire world of the Elohim.**

The Elohim Arcturus' activity is twofold: (1) the Violet Consuming Flame's forgiving Love (violet with pink at the centre) and (2) the administration and blending of the Unfed Flame in the heart with the Sevenfold Flame in the centre of the forehead. This second function also raises the frequency into the Honour Flame.

When we pronounce VF decrees or we say, "I AM' the Law of Forgiveness and the Violet Consuming Flame of all inharmonious thought and human consciousness," we are using the faculty and frequency of the Elohim Arcturus from within ourselves.

Arcturus consumes the veils of human creation (wrong thoughts) at the etheric level, requalifying the emotional energy and granting the protection necessary (the joint activity of the UF and the SFF) in the process of "redemption" (of matter) and the achieving of true Freedom. It is always the first step in any decree session.

DECREES

70 The Heart of the Elohim ...(say its name)... now opens!
(alternate line)

And all His Flame flows now through me!
With His All-Seeing Eye we now see!
"I Am" clothed in Its Unfed Flame!
Its Voice commands all here in Love!
And It controls all that we do!
Here all Its perfection we see!
Forgiveness to all we must be!
For now, in Its Heart Flame, we live!
Now all of Its healing each knows!
And reveals God's Great Boundless store!
And my outer self It controls!
"I Am" all Its Flame evermore!

And right now, this instant and forever in, though, around and to every person,
place, condition, and thing under this irradiation in worldwide action, **Victory,**
Light, and Freedom as of a thousand suns, swift as a flash, perfect as the
Ascended Masters see it, in, though, and around us all descend!

71 Through the Beloved Mighty "I Am" Presence which "I Am", and the Invincible
Hand of God, I accept God's invincible Sevenfold flame of the Seven Mighty
Elohim of a Thousand Suns!
(alternate line)

has blasted every foe!
now rules all here below!
holds our God Authority by God's Hands!
Justice
Freedom
Victory
Protection

72 I accept the authority and the Flame of the Seven Mighty Elohim now as the
Master Controlling Power in me and my world, and I command that from this
moment on all my activities be held under **Their Immortal Control.**

- 73** Beloved Mighty I AM Presence and **Seven Mighty Elohim!**
Charge your Individual Flames into my Electronic Circle! **Expand** the Flames in my forehead and pass them through my body until they fill my Electronic Circle and I move in a sun of Your Flames, which will do instantly for me whatever I command so long as it be constructive!
- 74** **"I AM" the Command of the Seven Mighty Elohim.**
This brings the perfect balance of all forces within – charging forth a feeling of certainly, power and mastery which the outer world will feel, recognize, and accept.
- 75** I accept the power given me from the Seven Mighty Elohim, which contains every good thing **to keep me protected, insulated, purified, and supplied** with every good thing, and I become a Master Being of the Cosmic Fire. My world is the world of that Sacred Fire in which all the perfection of eternity forever expands to bless me and bless all life with full freedom.
- 76** Beloved Mighty "I Am" Presence and Seven Mighty Elohim! **Blaze** (3x) the Sevenfold Flame of the Seven Mighty Elohim! (3x) Walk the Earth through every human being and flood the Cosmic Sevenfold Flame of the Seven Mighty Elohim **to neutralize every destructive activity.** Replace it by the Cosmic Flame of Cosmic Love and Mercy.
- 77** In the name of the mighty "I AM" Presence, and by the Heart Flame of our own Mighty "I AM" Presence Love, by **the authority of the Sacred Fire of the Seven Mighty Elohim**, we command human negativity to be stripped away, and make way for the manifestation of the divine plan, compelling its fulfilment everywhere.
- 78** Beloved Seven Mighty Elohim! Walk the Earth through us and every human being. Blaze your Sevenfold Flame. Blaze your Cosmic Power to neutralize every destructive activity and replace it by **the Cosmic Flame of Cosmic Love and Mercy** and sustain it forever.
- 79** **"I AM" THAT "I AM"** (3x) the Sevenfold Flame of the Seven Mighty Elohim **in manifestation here!**
Hold the picture of what you wish to manifest or attract.

Blend the Flame in the Heart with the Sevenfold Flame in the forehead. Be aware of their energy within you as faculties, emanating as a fan of multiple colours. Connect equally with the irradiation that they will release “down” from the Divine Presence as possibility or manifestation into the physical octave. One is within, the other is pictured descending from above into your Electronic Circle of possibility.

Construct powerful pictures. Balance the use of Force with Love, Faith, and certainty with acceptance of the Divine Plan.

80 In the Name, Love, Wisdom, Power, Authority and Victory of the invincible Sacred Fire of my mighty “I AM” Presence: I command the blending of the Unfed Flame from my heart, through the throat and into the Sevenfold Flame in my forehead, to become a magnet which draws the rest of the energy and substance of my world, up into **the invincible protection and perfection of my Higher Mental Body**, to carry all my love, gratitude, and blessings to my mighty “I AM” Presence and the Ascended Host, this instant and forever.

Visualize and feel the UF in the heart and now extend that Flame to blend with the Sacred Fire activity in the throat. Then extend that further into the centre of the forehead. Then feel how everything in your body and world which is not of the Light is attracted there for transmutation. Finally direct your gratitude towards the DP.

81 I demand and I command that from the Unfed Flame in my heart, the Unfed Flame **in my throat**, the Sevenfold Flame **in my forehead**, and from the mighty “I AM” Presence, at all times flows the Cosmic Flame of Love Supreme, which **blesses everything** it touches with the Sacred Fire of the Ascended Masters’ octave – now manifest in all physical action, everywhere forever.

Same as above but now extend the fire beyond the forehead. Allow it to fuse with the Sacred Fire within the mighty “I AM” Presence above you. This accelerates the frequency further. Send out this quality onto the world as blessing. Note: This is experienced and perceived differently by different people, either from a linear or concentric perspective.

Invocation:

- 82 Fill me with your Life** – with Yourself, and your Self-conscious Activity of the Sacred Fire! Let your Sacred Fire blaze through me and enfold me. I absorb its qualities, its powers, and I have the use of your momentum of cosmic action, which I may draw into outer affairs to produce the perfection I desire, to the fulfilment of the divine plan. **Fill my being and world with your world of sacred power and sacred strength** from the Fiery Heart of God, to stand against everything human.
- 83 Teach me, make me know and feel the power within the Heart of Life**, the command within the Heart of Life to all Life, the authority within the Heart of Life over all energy, the victory in the Heart of Life, that by its everlasting Love commands with authority and freedom manifest forever.
Where darkness, hate, and fear attempt to disturb, say with strength.
- 84 I call for the Light of Cosmic Christ Love to overwhelm this condition.** I call for the Seven Mighty Elohim's Wisdom, and those illumining ideas that neutralize human concepts, push them aside, and allow Their Way of Life to bring me the inspiration and enjoyment of perfection and perfect action, where struggle has seemed to be.
- 85 I call for the strength of the Light of the Seven Mighty Elohim** to come in and around me, go before me and clear my way, and part the confusion in the atmosphere about me, compel the repelling of destructive forces, and give me the insight to show me what is needed, and how I can use my own consciousness to command my victory and hold it invincible against destructive forces.
Be still and know.

Important:

From this point onwards, the first step in evoking the Elohim should be through the blended faculties and frequencies of the Heart and the Higher Mind. This “place” within indicates frequency rather than location, sensed as a gentle pressure behind the forehead, or as a concentric point of emission without relation to the body, according to your particular type of Intelligence.

ELOHIM OF PEACE

The colours associated with the Elohim of Peace are gold in the centre with a pink outer irradiation. Conceive of each of these colours separately and then together. You will notice that the gold always seeks to expand and illumine, while the pink has a rounder quality of enveloping, sustaining softness. As the gold is held by the pink, there is a subtle tension created - the "force" of Peace.

Note: This is almost the opposite of the energy created in part of the visualization of the Honour Flame. For the HF the pink is in the centre and sustains the gold, granting it freedom to expand and illumine. Here the opposite positioning has the quality of serene containment and comforting tranquillity rather than activity.

As you call this frequency of the Elohim of Peace, try not to give it a physical location but to become this golden-pink sun yourself, without concern for your own form or body. Hold that quality. Learn to evoke it at will and to sustain it around you at all times so that this becomes your world.

See your physical form within this Sun Presence, being impregnated and affected by this field and yet quite distinct from this.

Breathe the colours: gold on the inbreath, pink on the outbreath. All of you is involved. There is not one spot in your body that is the centre. Do this for a while...

Now focus on your heart and let this be the place of sourcing. Then, after a few minutes, shift this gently to the centre of your head. After another few minutes become aware that heart and head are one and the same. BE PEACE.

Now, with all your heart and soul, invoke the Presence of the Elohim of Peace within your own form. Feel the Power from the "I Am" Presence descend within you as a person, ignite your heart, join with the Sevenfold Flame in the centre of your forehead, and extend to envelop your whole body and aura...:

The Elohim of Peace text:

"I will project a certain intensity of the electronic force from our Octave of Life and a certain action of the Sacred Fire from the Temple of Peace. As you become aware of this and feel it several times or many times a day when you are moving among conditions of the outer world, when you least expect it that feeling will come in and around you. It will be our electronic force filling and surrounding you, giving you protection and holding peace around you for your victorious accomplishments. We want you to train yourselves to feel Us and not the turmoil of the outer world!"

86 I AM sealed in the world of the Sacred Fire of the flame of peace from the Mighty Elohim of Peace, and the discord of the outer world cannot touch me. As I become its living Sacred Fire through irradiation to those I contact, do I also become its healing power, and I irradiate the Elohim of Peace's power of peace to **heal everything wherever I move, everywhere forever.**

87 Beloved Elohim of Peace! **Seal me in your aura and enfold me** within the Sevenfold Flame of your invincible Love and Peace. Release to me the gifts which you offer to fulfil the divine plan and enable powers to act through me that might not otherwise be drawn forth. I enter into the Sacred Love of the Sacred Fire and demand **the world of Peace to give its healing to mankind**, and forever change every condition in my physical experience into perfection.

Pause and feel.

Now open your inner sensing abilities and listen to the 'sound' released by the energy of the Elohim of Peace. You can do this by concentrating on the inner hearing through the ears and the back of the head :

88 Beloved Elohim of Peace! Fill me with the fullness of the invincible power of the music in your Sevenfold Flame of Cosmic Peace, that I may give Peace to all life everywhere. **Absorb me into the Sevenfold Flame** of your invincible Love and Peace, which this instant and forever brings invincible forgiveness and assistance for my complete victory.

Now go into the Silence.

89 Through the beloved Mighty "I AM" Presence which "I Am" and the Mighty Elohim of Peace, I command that everything discordant in my being and world be replaced with **the Thousandfold Flame of Invincible Love and Peace from the Mighty Elohim of Peace.** Beloved Elohim of Peace, expand your Flame of Love and Peace through me. Then, anchor it within the structure of the Earth to go forth and bless the rest of mankind, right now this instant and forever.

It is said that the inner light structure of the Earth (from which your physical body is composed) is the domain of an Ascended Master called "Pelleur" and its colours are gold and pink.

- 90 My body now becomes more luminous, my face shines like the sun, and the Peace of the invincible Love within the radiance of the Elohim of Peace shall be a **healing benediction** to everyone and everything, this instant and forever.

For personal use in your daily life.

- 91 Beloved Elohim of Peace! Take out of my voice the slightest element of irritation, criticism, condemnation, judgment, and blame, and root out of me everything that has the slightest quality of conceit, arrogance, deceit, or self-righteousness, known or unknown until it is dissolved and consumed, this instant and forever.

Pause to allow yourself to accept and absorb the Irradiation.

Before entering into a difficult condition:

- 92 "I AM" the Presence on guard which prevents anything disturbing my peace! | charge **the Sevenfold Flame of imperishable Peace** from the Mighty Elohim of Peace, to go before me as a living messenger and clear the way, still all that is human everywhere, until it is dissolved and consumed forever.

The Elohim of Peace says,

"You will become a great dynamo...If you are going to have the solution of your problems, you must put the Light and the peace and the love of your Life into it, in order to take the good in it and bring it back to you, in order to repel that which is wrong or becomes the struggle of the problem."

- 93 "I AM" a living sun of the substance, the essence, and the flame of Cosmic Peace from the Mighty Elohim of Peace, **charging me with the peace-commanding Sunshine Presence of my Higher Mental Body**, and the blazing, enfolding Love from the Ascended Masters' octave, so I may go forth and help all mankind, give assistance to my loved ones, and answer every call that life brings to my attention.

- 94 "I AM" the Sunshine Presence of the Elohim of Peace's world of Peace, this instant and forever.

95 "I AM" the invincible, calm, masterful action, and concentrated direction of the Sacred Fire, which stills every rate of vibration, compels all substance and energy raised into the action of its Flame, and **opens the door into the Ascended Masters' world.**

96 I feel the Sevenfold Flame of the Elohim of Peace as **a pillar of its dazzling,** glorious Presence of Eternal Peace in and around me wherever I abide.

97 "I AM" the Power of the Elohim of Peace' Invincible Peace and **the Victory of His Victorious Love.**

98 "I AM" held in the Elohim of Peace' Heart of Eternal Peace and **His love shall teach me** what his authority is to the Earth.

To bring peace to your surroundings:

99 Beloved Elohim of Peace, surge through my mind and body, this building, and everyone I contact, your Sacred Fire of Cosmic Peace, and **compel (3x) everything to be purified and at peace,** this instant and forever.

Invocation for World Peace:

100 Beloved Elohim of Peace: Anchor great Pillars of steel-like Force of your Sacred Fire everywhere and hold Peace. Steady the Nations of the worldor **whatever particular location you call for...;** control the powers of Nature; and hold the balance that **enables the divine plan to be fulfilled and give protection to all that is constructive.**

Suggested Service. Expand your frequency in the following way:

101 I command the Sevenfold Flame of Peace within my forehead to expand in its Sevenfold Action and become an invincible mantle about me, expanded again into **the Thousand-Petaled Lotus of invincible Love and Peace from the Great Central Sun,** within which is all of everything ready for use.

The activity here is from head to crown and beyond. Feel the Power of the Flame of Peace swelling up within you as you grow into your own archangelic form... Now use the Archangelic Armour and direct the energy that comes through you to all the places on this planet that need Peace.

- 102** "I AM" (3x), by all God's Love I know "I AM", the Cosmic Flame, substance, and miracles of Cosmic Love, Peace, and Purity, which now goes into the mental and feeling world, the minds, and bodies of all who are in distress. I command that all pain or disturbed energy in the emotional bodies be at peace, **through the power and authority of the Mighty Elohim of Peace and the Mighty Elohim of Purity.**
Visualize all the people receiving it.

- 103** Beloved Mighty "I Am" Presence and Beloved Elohim of Peace! I demand the very air I breathe be charged with Peace. I demand the Mighty Elohim of Peace' Sun of Invincible peace, flood my Being and world and my Electronic Circle, until it becomes blazing around me and illumines the atmosphere wherever I move, **and it becomes the compelling Power of Victory** everywhere forever!

- 104** Clothe me in your **Mantle of Peace.** Make me your Ambassador of Peace. Take my hand and **pour Peace, Peace, Peace** to stop every vibratory action that is not of the Light. Walk the Earth with me hand in hand. Pour Peace everywhere and spread the Flame of Your Power and Radiance to heal, to bless, to prosper and set all I contact free.

- 105** Charge your **Seven-Fold Golden Flame of Cosmic Peace** (*entire gamma*) as a Living Garment about me, which penetrates every atom of my being and fastens within all my own life stream's Flame, **to become the Enfolding Garment of the Sacred Fire of Cosmic Peace – the Healing Power of Life** to all I contact.

ELOHIM ARCTURUS

106 “I AM” clothed in the world of the Sacred Fire, which is Mighty Arcturus’ gift from the Seven Mighty Elohim of Creation. **Its Cosmic Action enfolding me blesses everything around me with the law of manifestation of perfection for eternity.** I accept its glorifying love, its boundless supply, and its invincible protection, which is the victory of God for eternity.

Visualize the field of purest White Diamond Brilliance – the Sacred Fire Source – all around you. Now breathe in the Love (pink) into you, and from that Love feel the emergence of the Violet Flame burning, forgiving, dissolving, and purifying everything as you exhale. Feel its quality permeate your body and aura and extend around you to everyone and everything. See all manifestation as “perfection,” and acknowledge your love, supply, and protection.

107 My world is the world of the Sacred Fire’s Protection, of the Sevenfold Flame of the Seven Mighty Elohim, and all creative powers of the Seven Mighty Elohim **to create in my world everything that ought to be here to express perfection, to give me unlimited freedom to act, to allow me to have boundless supply, and enable me to be strong enough to go forward and render tremendous service to the rest of life,** yet not be disturbed by the constant suggestions in the mental and feeling world of the mass of the people by their fear, their doubt, or their human creation.

Feel the full meaning of this decree, especially the “creative” or expressive aspect, and allow it to act during the day under all circumstances, always recalling the colouring and quality of the VCF and the Presence of Elohim Arcturus within you.

108 Beloved mighty “I AM” Presence and Mighty Arcturus, Great Host of Ascended Masters, Great Cosmic Beings, Great Angelic Host, all who direct the powers of Nature and Forces of the Elements, all great beings and powers of Light and the Sacred Fire: **Flood the Earth with world-enfolding Flames of the Sacred love of the Sacred Fire** from the Ascended master’s octave, until all selfishness and discord have been dissolved from Creation, and mankind awakens to the world of God’s Heart – the world of the Sacred Love of the Sacred Fire.

109 Beloved Mighty “I Am” Presence and Mighty Arcturus! I accept the forgiving Flame from the heart of the Great, Great Silence, come forth and handle all conditions around me. **I demand that great calm Flame of Love, Peace, and Forgiveness,** take command and hold perfect balance in me and my affairs. I demand the power of the Seven Mighty Elohim from the heart of the Great, Great Silence, come into all outer conditions and take its dominion everywhere forever!

ELOHIM ORION

His activity is healing of body, mind, and spirit – as integration and purification, different from the dissolving, shattering and requalifying activity of the Elohim of Purity. This is necessary **before** the student can actually attract and receive what is his birthright, and work in fulness with the Ascended Host. Orion brings the stability and wholeness necessary for the blending of the personality with the HMB at the level of the “Sahu”. His colours are pink with the centre blue. His centre is the heart.

Elohim Orion represents the threefold activity of Divine Love as love, wisdom, and power (heart, head, and throat). In other words, the perfect balance of the UF in the heart. The Divine Love that is ruled by Orion is not only the power of healing (integration), but also the power of cohesion that makes all manifestation possible.

This is something we will treat later on when we speak of the activity of the Elohim Cyclopia who works in conjunction with Orion.

As the elements are ruled directly through the action of Divine Love, through the joint application of the Law and Divine Order, Orion grants us the control over the powers of nature and the forces of the elements within ourselves and in our worlds... Orion’s symbol is seen as a triangle composed of three flames through which we can observe the reflexion of pink with a bit of gold. (viz. blue China silk)

110 Beloved Orion, charge me with the Heart Flame and Power from the heart of the Great, Great Silence, **that holds destructive forces immovable.**

Visualize, breathe... sense the colours emanating from within you from the place attained through the joint activity of heart and Mind and extending outwards. Feel the inner pressure of the blue and the soft-rounded expansiveness of the pink.

111 Charge me with your eternal divine memory. Blaze your All-knowing Mind of God through the physical structure of my brain, and as the Light passes through, leave in my intellectual consciousness the memory of Perfection.

Allow the Flame to work within the physical brain structure here, using the centre of the forehead as focal point.

- 112** I accept the revelation of beloved Mighty Orion's Healing Love **filling my world with its miracles, marvels and wonders everywhere forever.**
- 113** "I AM" a Sun of the Flame of your Healing Love, beloved mighty Orion, extending into my Electronic Circle of Life, and pouring forth **the blessing of your Love in action to heal** everywhere I move and all I contact.
- 114** "I AM" Beloved Orion's instantaneous Healing Love extending in, through and around me and into my Electronic Circle for a radius of a thousand metres, a thousand kilometres in every direction, **which becomes for me the Robe of God.**
At this point extend that Sun Presence of Pink/Blue so that it actually fills your Electronic Circle and continues outward to include the distances mentioned in the decree. See the Flame covering the entire geographical area, as if you were viewing it from a distance above.
- 115** Beloved Mighty "I Am" Presence and Beloved Mighty Orion! Charge my Electronic Circle with **your invincible healing Love.** I demand the fullness of the healing Love of your heart reveal itself to me, as I continue to call it forth to flood and fill my Electronic Circle with its action, and **to fill my world with miracles, marvels, and wonders from your octave,** everywhere forever.
- 116** Beloved Mighty "I Am" Presence and Beloved Orion! Charge my Electronic Circle for a radius of a thousand metres, a thousand kilometres in every direction, with the invincible Healing Flame of your Love, until I become a Sun of your Healing Flame and everyone who touches It is healed instantly forever! See I draw this Healing Flame of your Love within my Electronic Circle so powerfully and accumulate such a power of It though my conscious command, that the irradiation around my body becomes so powerful wherever I move, that no discordant condition can remain. **And keep me invincible within It forever!**

ELOHIM HERCULES

- 117** Beloved Mighty "I Am" Presence and Mighty Hercules! Charge my Electronic circle with **your Flame of invincible Herculean protection!** Charge your Herculean protection in and around me and into all my affairs, then into everybody and everything I contact, until all stand ascended and free!
- 118** Beloved Mighty "I Am" Presence and Mighty Hercules! I demand the Great Central Sun Magnet's flame of Immortal **Love come into me with its immortal Purity.** Fill me with the beauty of Itself, and make me the immortal health and strength, ever-increasing until "I Am" ascended and free!
- 119** I demand the Herculean supply of every good thing come forth to fulfil the **great divine plan**, the Ascended Masters' way, and I demand it carry automatic herculean protection in the physical octave, which stands the guard and prevents any of it being used to do anything except create perfection and fulfil the divine plan, as the Ascended Masters intend, until all are ascended and free!
- 120** By the Great Command of Mighty Hercules, we demand the forces of darkness that seek to interfere with human life face the authority of the Sacred Fire. We demand Mighty Hercules' Power of his command, by the Sevenfold Flame come forth and **command obedience to God** through every channel that seeks to destroy human life right now!
- 121** Through the beloved Mighty "I AM" Presence which "I AM" and beloved Mighty Hercules, we call all the forces of God into action to prevail over all world conditions. **We call the forces of "the Light of God that never fails"**, to hold possession of all world conditions. We call the Hand of God into action to rule and possess all world conditions. We call the Hand of God to hold the invincible protection of all world conditions. **We call the Hand of God to bring about the God adjustment** in all world conditions of whatever is required to keep the people, the resources, the lands, and all under this irradiation out of discord, war, and disease forever!

ELOHIM CASSIOPEIA

- 122** Beloved Mighty "I Am" Presence and Mighty Cassiopeia! I demand the **illuminating wisdom from the Heart of the Great, Great Silence**, flood my pathway with all the Cosmic Christ Love knows I am going to require in the fulfilment of the divine plan, now and forever!

ELOHIM CYCLOPEIA

- 124** Beloved Mighty "I Am" Presence and Beloved Cyclopeia! **Charge the invincible strength of your Love from your great Temple of Life** and the power of your Violet Consuming Flame into all conditions in and around me. Charge and fill my mind, body, and everything within my Electronic Circle, full to overflowing with your Violet Flame Love, everywhere forever!
- 125** I demand, I command Beloved Mighty Cyclopeia's Victory of Perfection, his Victory and Power of the Love of the Sacred Fire, come into my being, world, and Electronic Circle, and in the mightiest God-Love in the universe, I demand that **Victory of Perfection manifest** everywhere forever!
- 126** Beloved Mighty "I Am" Presence and Mighty Cyclopeia! Come into me with **your power of the Sacred Fire and your power of the Great Central Sun Magnet** and make me and my world as victorious over all limitations as you are! Make me able to release into outer conditions the boundless supply that you are able to release!

ELOHIM OF PURITY

*For any manifestation of the Sacred Fire to take place, the Masters have said:
“invincible purity and obedience are the first requirement of the Law of Life –
invincible purity in thought, habit, feeling and spoken word.*

*The Elohim of Purity’s colours are Blue with a Golden centre. The centre involved is
the base or root chakra. His is the Master Control over the integrity of the human
form. His expressions are the irradiation of blue or white lightning and include the
crystal substance of the armour and Tube of Light that accelerates ordinary energetic
frequencies. His effect is often perceived as a Diamond shining Miracle Mantle.*

*Elohim of Purity grants us the ability to resist the desires of the collective “human”
consciousness, what we often refer to as “hypnotic suggestion” or influence.*

GODDESS OF PURITY *(colour of the Elohim of Purity)*

129 I accept you as **my friend**. Saturate me with the power of the Invincible Honour Flame of your Heart - its Healing Love, its joy, its supply, its limitless faculties and boundless, **invincible protection and perfection everywhere forever**. *Feel the oneness with Her and discover how you may draw Her Power through the merging with the HF. Then try it with any other Intelligent Luminous Life Source, such as Jesus, St. Germain, Lady Master Nada, Helios, the Sun.*

130 I demand the Cosmic Sun Presence of **the invincible Purity of the Sacred Fire** from the Seven Mighty Elohim, that compels the end of all evil, that compels the protection of that which is of God, that compels **my Victory of Immortal Purity**. *It will take less than three days for this call to be fulfilled. Visualize and feel the bright golden centre with electric blue extensions which characterize the Elohim of Purity's activity emanating from within you. Centre it in the base chakra, beginning first with the gold and then the blue. Breathe it in (gold), out (blue). Feel the effect of each colour and then the combined frequency produced. Allow this Flame to act.*

ELOHIM OF PURITY FOR SELF-PURIFICATION

131 "I AM" that "I AM" Presence which compels and forever maintains that every electron in my body **expand the Cosmic Blue Lightning of Cosmic Purity**, and the Cosmic Flame of Cosmic Purity from the Heart of the Mighty Elohim of Purity, and dissolve and consume all human creation and discord around them. *Visualize the points of Light reproducing the activity, expelling all misqualified substance that has gathered around them.*

132 Beloved Elohim of Purity! Sweep out of my being and world all resentment. See I **forgive everything and everyone unconditionally and completely**. Give me the full comprehension and realization so I may know myself separate from all limitation and struggle.

133 I accept unconditional forgiveness saturating all the energy of my mental and emotional bodies. The floodgates to God Supply, God Healing, God Protection, and whatever else I **require open and give me their fullest gifts** – invincible against all evil forever. *This second phrase is a direct result of the stillness and purity gained in the mental and emotional bodies.*

134 Beloved Mighty “I AM” Presence, Mighty Elohim of Purity, Beloved God and Goddess of Purity, Blessed Angels, and Great Cosmic Temple of Purity, **Purify my mind, body, being, world, environment, atmosphere**, and all within my electronic circle with your flame of Invincible Purity. Annihilate all doubt and fear, all arrogance, conceit, deceit, and self-righteousness. Replace all those qualities with your invincible Purity and Perfection of the invincible Honour Flame of your Cosmic Hearts, right now, this instant, and everywhere forever.
Extend and sustain this activity now within the field of your Electronic Circle.

135 I command the removal of all the limitations and problems from my world. I take my stand for **unconditional, invincible Purity and obedience** in this outer self. All unkindness, resentment, irritation, secret thoughts, and feelings of impurity, I demand annihilated and prevented, so the Light of my Higher Mental Body through this outer self, holds the condition in which perfect balance and invincible purity forever manifest.

136 Beloved Mighty “I Am” Presence and Beloved Goddess of Purity! Place your jewel of light, which is an intense activity of the Sacred Fire, within my mental and feeling world, whose irradiation pours forth your Purity through me, so I can never remember anything that is not the perfection I desire. **I demand perfect peace into my world**, right now, this instant and forever!

137 I demand my Electronic Circle **be charged with the Cosmic Victory of the Invincible Unfed Flame of Eternal Harmony**. I demand it consume all hate and discord that ever attempts to look in my direction. May the Blue Lightning of Cosmic Purity and Cosmic Harmony go into all conditions of hate and discord directed at me, dissolve and consume them, and see I stand free, master of my world everywhere forever.
In this decree you can visualize and feel both Orion and Purity simultaneously.
Understand that purity is your best “defence” and your invulnerability.

This is an especially good visualization:

138 Beloved Elohim of Purity and Goddess of Purity! Blaze your star of **Invincible Love and Purity within my brain**. Let its rays (crystal lightning) go forth over and around my head like a great sun. Intensify and expand that in, through and around me, and pour forth from your octave of Light in the Electronic Belt around the Physical Sun, Crystal Rays of Electronic Force, to be an intensifying and repelling power to protect my mental and emotional bodies against all human suggestions.

139 Enfold me in a **Great Oval of the Cosmic Flame** of your eternal, invincible Purity, this instant and forever.

Remember that the emanation of purity is Crystal once it has done its job. This particular visualization is extremely powerful. You can even “smell” the quality of purity. Repeat it during the day. It will indeed “repel” the influencing chatter of elementals from within and around you.

140 “I AM” (3x), by all God’s Love I know “I AM”, the cosmic expansion of the **Cosmic Blue Lightning, Flame, Substance, and miracles of Cosmic Purity** through every electron in my mind, body, being, world, atmosphere, and environment, and in the atmosphere of the Earth.

Every electron, or Point of Light, becomes a replica of the Heart Flame of the Elohim of Purity.

ELOHIM OF PURITY FOR ACCEPTANCE/SURRENDER/SERVICE

141 I accept my divine identity, my divine source, my divine inheritance, my divine prerogatives, my divine powers, come into dynamic action through this outer self. The mightiest irradiation of the Sacred Fire saturates my world and draws the Ascended Masters’ perfection into my outer self through this call.

142 I give conscious recognition to my divine birthright, my divine source, my divine commission as I travel through this world, my divine responsibility, my divine honour, and my divine purpose of existence, in **the enjoyment of myself** as the invincible Honour Flame of God’s Heart. I determine to never do anything which dishonours **God’s Life**.

- 143** “I AM” the invincible Honour Flame of God’s Great Cosmic Heart. “I AM” the Purity of God’s Heart. Human creation and discord cannot distract me from **my God Power, my God Purity, my God Mastery, my God Harmony, nor my God Victory.**
- 144** Beloved Mighty “I AM” Presence and Beloved Elohim of Purity, take such complete charge of me and see I do manifest self-control, self-purification, and self-discipline of the outer self, as I **do justice to the Goddess of Purity’s great Jewel of Life** within my being and world, right now this instant and forever.
Do not confuse control, purification, or discipline with severity. Self-control is a powerful SOFTNESS.
- 145** “I AM” the purification of the Mighty Elohim of Purity releasing the divine powers of my own beloved Mighty “I AM” Presence to produce Perfection in my body, **to outpicture Purity everywhere**, and to operate the Law that perfects everyone and everything as it releases the master Powers of Life to free all.
- 146** Beloved Mighty Elohim of Purity, abide in and around me as a Living Flame of the great Cosmic Purity from your great **Temple of Life** in the Electronic Belt around the physical Sun.
- 147** Through the beloved Mighty “I AM” Presence which “I AM”, **“I AM” the Purity, the obedience and the uninterrupted harmony** that makes me a cosmic builder of systems of worlds (like the Great Ones). “I AM” the Presence moulding universal Light-substance into that which blesses the universe and sings its song of joy to all creation.

149 “I AM” (3x) **the Purity of the Crystal Cup of a Thousand Suns!** Through the hearts, brains, and bodies of all under this irradiation, which right now this instant descends (3x), defends (3x), commands (3x), “I AM” (3x), forevermore **“I AM” the only Presence acting!**
See and feel yourself as One with all Humanity.

151 “I AM” **the resurrection and the Life of the Cosmic Flame of Cosmic Purity** which now walks the Earth through us, fires us awake, blasts us free, and makes us all its purity!

152 “I AM” the God Commanding Presence, the God Miracle-producing Presence, the God-Victorious Presence, the God-Wealth Presence of the universe. In the Name and Authority of my Beloved Mighty “I AM” Presence, I command it all to move into outer action and **serve the purpose of the greater Light.**

153 All activities from the Great Central Sun which have never come forth before – activities which belong to the permanent Golden Age and have never been set into action in this System of Worlds – come forth now **to fulfil the divine plan of Freedom and Victory for all.**
BE this!
