Egyptian creation

- Civilisation has existed over several **astronomical cycles**, each one lasting 25,000 years.
- Their **wisdom** was encoded in **mythological symbols** and engraved into **stone** structures to intuit a **Greater Reality** within the ordinary world.
- They installed a **way of life** that ensures **power and self-sufficiency**, generating, creating and sustaining access to an endless source of **Consciousness** and universal substance.
- Religion as such did not exist. All reflected **THE LAW OF THE ONE**. Pharaoh was both political and spiritual leader.

The one and the multiple

God is One, self-engendered, immortal, invisible, eternal, omniscient, all powerful. As **prime essence**, it is composed of multiple functions and attributes called **NETERU**.

RA is not just the sun. It encompasses the source, beginning, light, life, intelligence and all means of manifestation, including the act of emergence or birth from nothingness. There are 75 aspects (Neteru) of Ra, male and female.

NETERU

- They are like the **qualities** and **dynamics** of **chemical elements** that maintain and recycle life forms. They do not possess consciousness (like humans)
- They constitute the **essence of all** that exists in the universe and in humanity through their actions and interactions.
- **Cosmic law** and **order**. They are forces of nature, the intrinsic powers, (mind and substance) that correspond to us and to which we correspond.

Solar Force: AMON-RA is the only Power

RA _ the Sun itself

AMON _ everyday Sun

ATON _ the solar disc (circle with no beginning and no end)

Lord of Truth, Father of the Gods, Maker of Men,
Creator of all Animals, Lord of Things that are,
Creator of the Staff of Life.

Hymn to Amun-Ra

Origin of Egyptian wisdom

- The **Neteru** took form through the very Beings or Advanced Intelligences who populated the planet and who incorporated the attributes, forces and energies, to give them a human context.
- Without being gods, their lives became myths and symbols like Isis, Osiris and Horus.
- The clothing, the colours used, the associated animal, the position of the body, the gesture and the sacred object - such as an ankh or djed - convey physical, physiological, psychological and spiritual information.

Ancient Egyptian symbols

- **Ankh** is a symbol of eternal life or **breath of life** (`nh = ankh). The key to the gates of death and what lay beyond.
- **Djed** is a symbol in the form of a pillar representing stability. It is associated with the creator god **Ptah** and **Osiris**, the Egyptian god of the afterlife, the underworld and the dead. It is commonly understood to represent his **backbone**.

Way of thinking

ALL DERIVES FROM ONE UNIQUE DIVINE SOURCE

Essential Intelligence functions as follows:

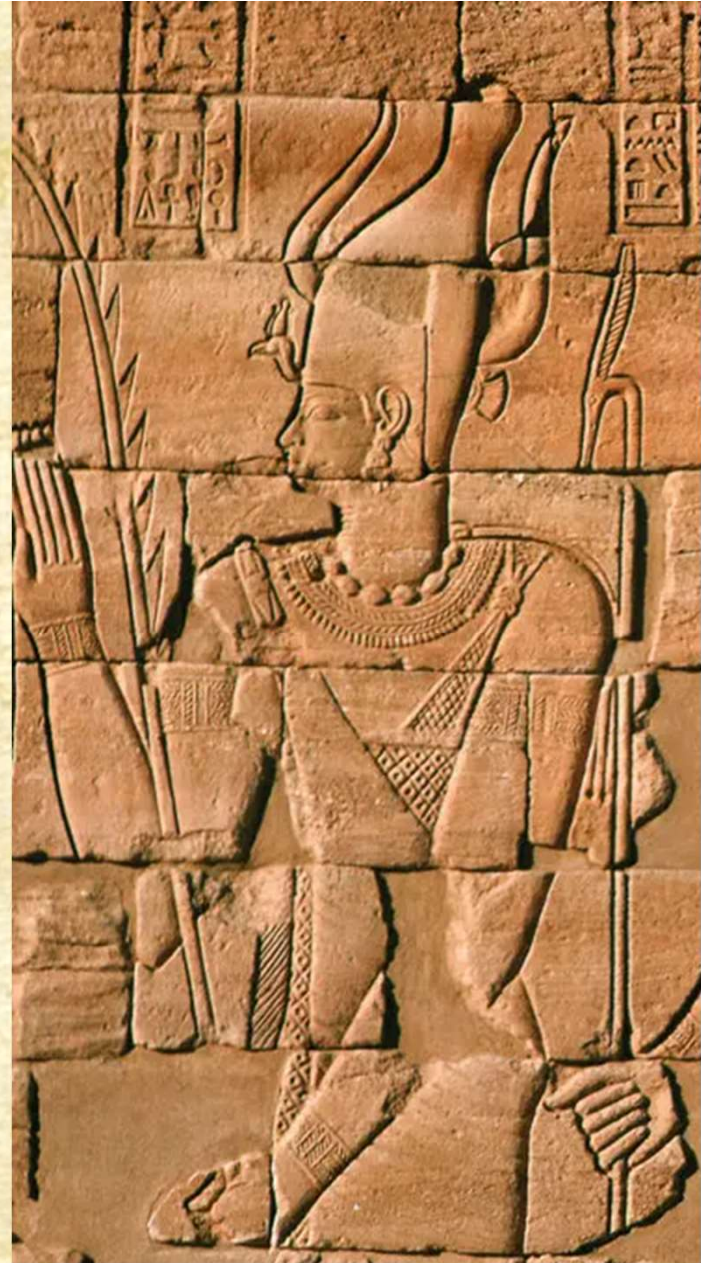

- By **simultaneity**, conceiving cycles and dimensions, including repetition and natural and cosmic phases.
- By **pairs of complements**, understanding the balance and symmetry beyond dual forms (i.e., "good and bad") and their resolution.
- By **association** - "As above so below", understanding the manifestation of the degrees of divine force.

The sacred science

It consists of the impregnation and manifestation, the descent of the divine forces (Neteru) into the physical plane through:

- **Cosmic resonance**
- **Sacred architecture** (form and inscription)
- **Ritual** (sound, colour, smell, etc.)

Three paths in Egyptian history

- I. **STELLAR** - Cosmic life on Earth (sublimation).
Taurean Era 4300-2150 BCE
- II. **SOLAR** - Equilibrium and Magic (transformation).
Era of Aries 2150 BCE-1 CE
- III. **LUNAR** - Initiation or Elevation of Matter (karma)
through recalibration (transmutation).
Piscean Era 1 - 2150 CE

Pharaoh represents:

- Elevation of the soul
- Maintenance of the natural order
- Purification of the physical form

Temple:

- Dedicated to the Neteru, channelled their force and were built along lines and points where they could receive the greatest cosmic energies.
- Conceived as energetic laboratories and libraries.

The Way

To know oneself:

- Conquering pessimism.
- Knowing oneself and one's place in Nature.
- Discovering the relationships with the higher worlds.

Words engraved upon the Sphynx at the entrance to the Temple of Initiation:

KNOW - DESIRE - DARE – KEEP SILENT

Requirements for Initiation

- WILL and FAITH.
- Courage, faith, respectful of vows and thoughts, solid willpower, perseverance.
- Dominion over natural inclinations, mastery over nervous system.
- Contemplation free from bodily sensations = perfect happiness.

Egyptian system of bodies (advance review)

Constituent Elements of Human Being

- The **physical body** - purely material, without force or activity. **KHAT**
- The **Etheric Double** – subtle energies (substance) which animates matter. **KA**
- The **Soul** – energies forged by love and discernment. **BA**
- **Vital Essence** – the “breath” of God (Amon – Ra). Divine spirit. Vital force. **KHU**

Temporary Personality

- The senses, bones, muscles, organs, means for life support.
- Acts and manifests, suffers, and loves. The seat of superior powers. Unconscious.

Real Personality | Soul

- The receptacle of the divine spark. The Real personality. Responsible for guiding, educating, and controlling the **khat/ka**. Conscience. Knowledge of Cause.
- A solar flame, spark of divine fire. Animates the body and its double. The Radiant Body.

Balance of MAAT – Truth and Justice (BOUNDARIES FOR LIVING)

Maat at the center for judging/weighing | Maat fulcrum of balance, balance principle

“HEART”

Core Essence of Being

- Desires, Cares, Inclinations.
- Actions, Deeds.

Determine essence of Ka-“Spirit”

Evil weighs down your spirit

Ka, actions, the spirit in which we do things, of Good or evil.

FEATHER OF TRUTH

Light

- Truth, morality,
- Not heavy “hearted”.

Future rewards/consequences
based on past actions i.e.
Truth or Consequence..

Egyptian Mystery Schools

For more than 3,000 years, Egyptian Mystery Schools have epitomized the ultimate in secret wisdom and knowledge. The first initiator into these sacred doctrines was known as **Thoth (Hermes Trismegistus)**.

The pharaohs themselves were the pupils and instruments of the hierophants, the magicians, who presided over the temples and cults of **Isis** and **Osiris**.

- Each pharaoh received his initiation name from the temple, and the priests were counsellors and advisors to the throne. Rule of ancient Egypt as **government of the initiates**.

Egyptian Mystery Schools

The **initiates of the mystery schools** they must undertake the rigors of **disciplined study and the training of body, soul, and spirit.**

The initiate would be sent to knock at the door of the great temple of Thebes or of Memphis. Here, the priests could teach what **Isis** and **Osiris** knew.

If the newcomer were admitted, the priest of Osiris would question him in a brief but revealing way; if the student was found unworthy of the mysteries, he would be sent quickly away.

ISIS

The seeker of truth was led to a hidden sanctuary where there were two columns, one black and the other red:

- **Red column:** ascension of the spirit into the light of Osiris.
- **Black column:** the captivity of the spirit in physical matter.

From now on, the novices would pass the **tests**.

OSIRIS

- **Lord of Death** or **Lord of the West**, referring to his mastery over all those who had travelled "west" into the sunset.
- The initiate would lie down in the sarcophagus and be left alone in the crypt.
- Experience a life review and visions/messages from the journey of light with Osiris.

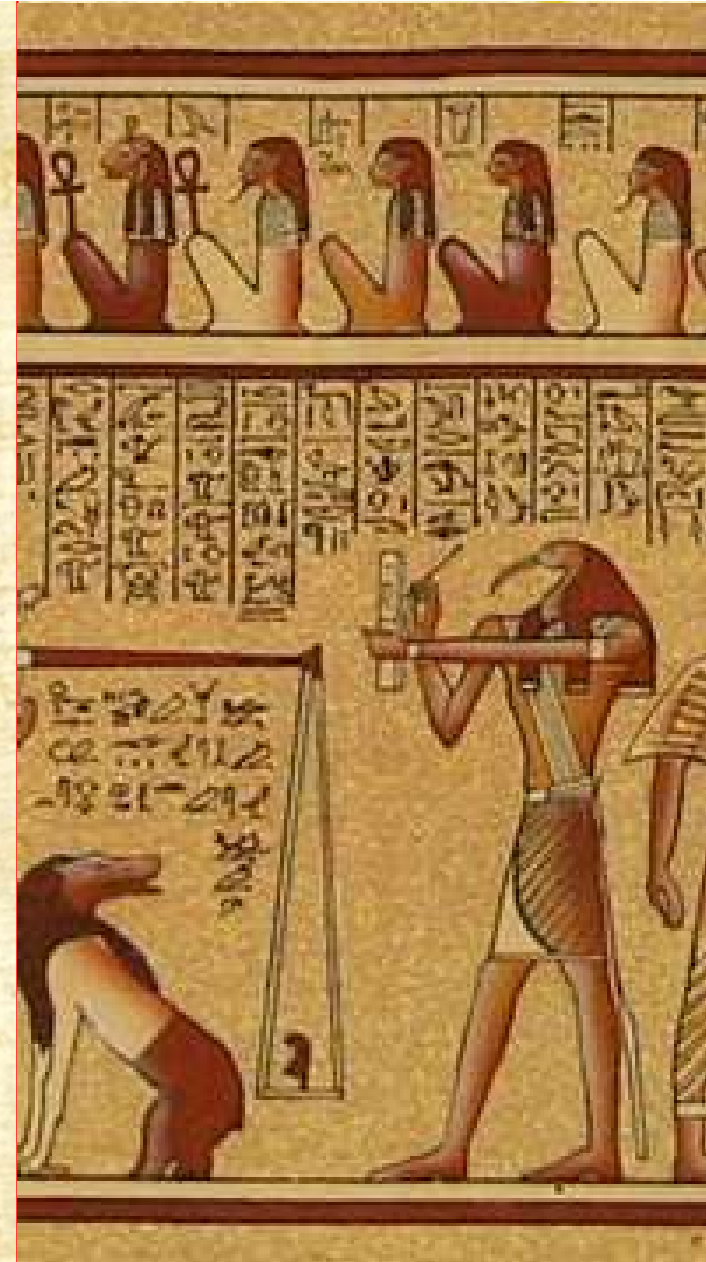

Riddles

The Sphinx:

"What goes on four legs in the morning, two in the afternoon, and three in the evening?"

Oedipus:

"The human, who crawls as a baby, strides upright in maturity, and uses a cane in old age."

All events are in the hand of God.
That which does not yet exists in the hand of God.
If AMON is behind me, I fear nothing.
Only God conduces one to happiness.

The favourite of God is he who loves justice.
The favourite of Amon is he who praises him.
The favourite of Amon is all who adore him.
God loves he who loves him.
God exalts all who love him.

AMON-RA is the only Power.
