1. Whenever you read the pronoun "me, my", you can change it to "us/our, him/his, her, them/their", depending on who the decree refers to.

BASIC INFORMATION ON DECREES

Inner Alchemy practices for managing energies and forces are a good opportunity to give simultaneous attention to what is said, what is visualised, and what is felt emotionally and physically.

The quality of the form, the word, the activation of the ether through visualisation, and the qualification of the emotional energy as a whole determine the quality and forms of your life. You learn mastery over life forces, so you **consciously lead** the direction of your life.

Decreeing is a tool for enhancing the relationship between your personality-self and your Soul-Self. It establishes a dialogue that allows you to alternate the optics/perception and, eventually, to know both and to integrate them.

Types of decrees:

- Intimacy: seeking comfort or expressing gratitude, for example, night or morning decrees.
- Qualification: evocation for health and daily needs, for example, the morning worship.
- Request and Evocation: to qualify spaces and conditions, such as the Violet Flame decree and manifestation decrees.

THE SACRED SCIENCE OF DECREERING WITHIN INNER ALCHEMY

PERCEPTION OF FREQUENCIES

- **Frequency of the personality body**

Recognise the frequency perception of desire, will, and physical vitality. Distinguish the plexus from the heart, and mental activity from environmental or collective agitation.

- **Frequency of the Divine Presence**

How do you feel at the personality level when contacting that exalted frequency?

What is it like to live in that high frequency as it is "up there" and, at the same time, looking down or being "here" physically and psychologically?

- **Frequency of the Higher Mental Body/7TH Dimension/Heart Intelligence**

Recognise when you are in resonance with the serenity, strength, and loving objectivity of this dimension, and how this dimension can merge with that of the physical body and personality (3rd dimension) to evoke the good and the constructive. This is not "neutrality" but rather a state of Being.

HIGHER ENERGETIC ACTIVATION

- Exercise the heart muscle by evoking the expansion of the Threefold Flame of the Heart. Spread and embrace it through visualisation, and recognise, evoke, and sustain the frequency of gratitude.
- Recognise the Violet Flame: what activates and sustains it within your own body, and what is the frequency of the Violet Flame that you can evoke at any time — one that can always accompany you.
- Evoke the sensation generated by the Sevenfold Flame in the centre of the head and its connection with the Threefold Flame of the Heart.

PERSONAL DELINEATION OF THE ENERGY FIELD OF ACTION

- Build and hold the Tube of Light around your body and aura. See it, feel it, and stay within it.

- Evoke the "sensation" of the emanation of the Divine Presence as an Electronic Circuit over and around the Tube of Light and extending beyond. From there, progressively move on to feeling, recognising, and distinguishing each of the coloured frequencies and their rays, individually, through the practice of the meditation "God 'I AM'" (YouTube channel).
- Sense the passage of the Current of Light within the body through the centre of the spinal column to discern when the "Personal Focus of Consciousness" (PFC) is addressing the inner bodies, and when it is extroverted. Learn how to modulate the PFC between one state and the other.

MAINTENANCE

- Identify the frequency of the "Great Silence" to evoke it at any time.
- Learn how to hold the visualised image of what is being evoked or energised.
- Know how to use the Power of the plexus in the projection of decrees requiring vital force to open the way.
- Hold the frequency of "harmony" in all bodies and in your environment.
- Take daily care in the use of your word and voice.
- Activate, encourage, and radiate the positive energy of the Heart through ever-present gratitude in thought, word, and action.

SERVICE

- Visualise the appropriate frequency and quality of Light in your environment, especially that of the Violet Flame. Extend that to wherever you are, especially large public places. This frequency cleanses and uplifts all.
- Visualise the Luminous Presence of a Master (Jesus, Mary, or another Master) around yourself, behind your Loved ones, or those you are engaged with, granting them instant protection.
- Visualize everyone in Alchemical Alignment.

PERSPECTIVE

Understand the two perspectives used in the decreeing science:

- Invoke the Divine Presence Power from the perspective of the personality-self.
- Declare or affirm from the perspective of the Divine Presence "I AM" identity.

CORRECT USE OF POWER

- The one decreeing must understand what is energetically, mentally, and physically implied by “command, demand, and affirm” in a decree.
- Attune between the energy emanating, intention, and the voice quality.
- In other words, the use of the solar plexus and the throat centre is essential for the precipitation and manifestation of Light in matter.

FIAT OF CONSECRATION

In the name of the Divine and all-embracing Love, I hereby claim full ownership of all my energies and faculties and place them under the exclusive guardianship of my Spirit.

Now I break all promises or commitments made in this or other incarnations with energies or forces that do not belong to the Light! (3x)

I reaffirm my commitment to truth and Love, essential qualities that I recognise in myself.

As of this moment, I reconnect with my Soul and move towards Light and Full Consciousness, as the only guides on my path.

Through my Presence and example, I elevate my Loved ones and everything with which "I AM" connected.

In sincere gratitude and appreciation.

COSMIC FIRE

All forms mentioned in this booklet — Rays, Flames, Fires, and Liquid Light — are representations of the Sacred Cosmic Fire, the standard substance of the upper or Causal dimensions of Life. Before the Light takes form and substance, it appears as the Eternal Flame of the Absolute, the Holy Fire of the ancients. We call this the Unfed Flame, which then manifests as the Threefold Flame in the heart.

The “Honour Flame” is a composite (advanced) symbol of the Threefold Flame in the heart, surrounded by a pink heart inside a sun, from which twelve flames emerge. This is the key to identifying with the Great Unitary Force of the Universe within our own heart.

Through the Earth our physical sun nourishes the substance of our physical bodies. At night, we may invoke the feminine aspect of the physical sun — its white core — to help accelerate the Points of Light. This grants greater flexibility in the three Personal Energy Bodies (PEBs) of the personality and a greater force of Light in sustained harmony.

Our purpose is to concentrate on the “Healing” aspect of ourselves and humanity, being an example and a channel of the forces of Light in these troubled times. In addition to the Violet Flame and the Blue Flame of Purity (that of Hercules, etc.), which are basic evocations for purification, we may use the Golden Flame of the Elohim of Peace, the Pink Flame, and the White Fire of the Rose of Light, etc., in our decrees and visualizations.

Learn to distinguish the frequency of the Honour Flame from that of the Unfed Flame by delving into the feelings and sensations evoked by each. Learn to differentiate knowing from ‘understanding’, Presence from ‘form’ (or body-ness), and Love from ordinary ‘emotions’ (feeling).

Learn to identify true forgiveness as a State of Being rather than a ‘doing’. Seek to work in partnership with the host of Light, tuning into different qualities of Beings (i.e. Masters), and manifesting in conjunction with your Presence or a Master.

Memorize, practice, and apply these decrees and visualizations to your everyday life and draw all that you may need from this reference.

Practice is based on a complete merging with the Sacred Fire, and through it, with your Divine Presence, to evoke and materially attract everything and anything necessary.

I suggest that you repeat a decree in different ways. First say it out loud as you do normally. Then repeat it in a whisper to really 'feel' the meaning of what you are saying. Finally, repeat it mentally to allow your intelligence to seize the inner Reality behind the words. Then, be Still.

THE CENTRAL SUN RADIANCE

Blazing crystal, diamond-like or diamond-shining irradiation.

See yourself under a shower of glorious Light Rays of every hue. Breathe them in. These Cosmic Light Rays will heal, quiet, and strengthen the Light-Substance in the nerves of your physical body. This will allow you to release all fear and replace it with the Cosmic Fire of Love.

The Great, Great Silence is the impression or experience created by approximation to the upper dimensions and Cosmic space.

- 1 Mighty "I AM" Presence! Blaze your Crystal Star in and around me and flash its Flame — its Crystal Light Rays — so constantly, that it repels everything around me which might cause struggle or confusion! Blaze it into my brain structure, and clear away everything that is not the Invincible Protection and Perfection for which I call. Intensify the activities of my Tube of Light to the point where I never (3x) again feel the pressure of discord! See I move forward insulated within that Invincible Crystal Light Substance, free (3x), invincibly free from all human discord, this instant and forever.
- 2 Beloved Mighty "I AM" Presence! See that I move forward insulated within your Invincible Crystal Light Substance, free (3x), invincibly free from all discord, this instant and forever.
[See and sense the fear encrusted into the matter of the physical body being requalified.](#)

- 3 Mighty "I AM" Presence! Flood me with the Invincible Love of the Great, Great Silence, which blesses us with Invincible happiness, contentment, and the Powers of our own Higher Mental Bodies, and brings into outer use the things which make us absolutely Invincible, unlimited in our ability to render service, bless all without limit, and go forward victorious in every constructive accomplishment.
- 4 "I AM" come within the heart of the Great, Great Silence! "I AM" sealed in its Cosmic peace, harmony, protection, and Perfection! I enter into the heart of its flame! Here "I AM" and here I remain, clothed in all the Powers and use of the greater activities of the Sacred Fire, in the heart of the Great, Great Silence! "I AM" becoming a being of that Sacred Fire of the Great, Great Silence, receiving the choicest gifts and becoming a cup to carry those blessings to every life stream. "I AM" sealed in the Love and garment of living fire from the Great, Great Silence, and I take my stand for all eternity in the peace and Love of the Great, Great Silence, to forever uphold the values and virtues of my Beloved Mighty "I AM" Presence upon this Earth, everywhere: faith, vision, inspiration, enthusiasm, optimism, positivity, clarity, simplicity, trust, and courage — in safety and security.

[Establishing the Authority of the Presence in our world:](#)

- 5 Mighty "I AM" Presence! Take command and control of all the energy in and around body, mind, and feelings to govern all sudden impulses! Teach me how to direct currents of Light Rays to nourish and restore my body. Charge me with more strength and energy than I will ever require for the service of each day and sustain it forever.

GREAT CENTRAL SUN MAGNET

The Cosmic Sun appears in its two-fold activity, yin (the feminine white centre) and yang (its golden emission). Refer to the meditation in our files that asks you to place yourself under it and to step beyond it, in meditation, to reach higher states of Consciousness with full awareness.

- 6 Beloved Mighty "I AM" Presence!
Charge the Violet Flame Love of the Great Central Sun Magnet's Invincible Power without limit into my Electronic Circle! Make it a reservoir of Cosmic Force and attract Perfection. Make me the Great Central Sun Magnet's Invincible Power of Violet Flame Love, which attracts all that is Divine, and automatically repels everything else.
- 7 **Affirmation:**
"I AM" the Eternal Flame of Life, a White Fire Being from the heart of Creation, inbreathing the Great Love — Breath of Divinity! I dwell within my golden ray from the Great Central Sun. Crowned with the diamond rays of attainment, I stand upon my Sacred Lotus Throne of Light, letting my Love flow out unto all creation. "I AM" a Sun in the palace of Infinite Light. My world is the altar of Infinite space. My radiance is the peace of the great Solar Quiet. "I AM" the undying Flame of Life everywhere, the great eternal joy and glory and Perfection of Existence.

- 8 Open, O world-sustaining Sun, the entrance unto Truth! Soften the irradiation of your illuminating splendour that we may see your true being. From the unreal lead us on to the real and unveil the human creation of the physical world, that we may know the Victory of Life!
Visualize a huge Sun and go right inside it. Become this Sun — Presence.
- 9 Beloved Mighty "I AM" Presence! "I AM" the Cosmic Flame of Healing Love! Open the Flame of Love in my heart and show me how to build anew any part of the body at my command! Show me how to heal instantly every condition of discord that might be imposed upon life!

Repeat often:
- 10 "I AM" the Cosmic Flame of Cosmic Healing Love."
See yourself sealed in the Golden Sun. Feel this as an irradiation of Light-Substance reaching inside your body and extending around your aura. Know that this is a form of Cosmic Healing Love that can heal every condition of discord within and around you. Now see yourself in the heart centre of this Sun, as the white centre, the white fire-substance of Cosmic Purity. Feel it purifying you and everything around you. Know that it is being absorbed equally by the cells of your body. Visualize and absorb this white fire substance into the cells of your body. Hold that frequency.
- 11 I demand the White Fire-Substance of Cosmic Purity from the Heart of the physical Sun enter me and purify everything in and around me. I demand the White Fire, Cosmic Substance from the Sun's Heart be built into my atomic structure to purify and sustain my body in Perfection.
- 12 Beloved Mighty "I AM" Presence, Cosmic Beings, and Great Angelic Host! All great beings, Powers, and legions of light and all who govern the Sacred Fire to this Earth! Make me as Pure as the Heart of the Great Central Sun! Let flow through me all which will give Invincible protection to all that is constructive in the outer world! Pure as the driven snow, I demand my inner thoughts and feelings to be, so the Beloved Mighty "I AM" Presence and the Great Ones can sweep through me to dissolve and consume all problems, struggle, limitation and distress — right now.

SACRED FIRE

- 13** I accept my Divine identity, my Divine source, my Divine inheritance, my Divine prerogatives, my Divine Powers — now coming into dynamic action through this outer self. The mightiest irradiation of the Sacred Fire saturates my world and draws Perfection into my outer self through this call.
- 14** "I AM" (3x)! I know "I AM" the All-Seeing Eye within the Sacred Fire — the Creative Power — to design a picture and hold it clearly within the mental body, until the energy of the feeling body condenses the substance of Universal Light upon it, and it becomes a manifestation in the physical world.
- 15** I love that Sacred Love of the Sacred Fire! "I AM" clothed in it, and we give it to all without reservation! We call it forth constantly in everything we do — to dissolve every problem, to hold Invincible protection, and to give the gifts that Life bestows upon us, with our blessing added to them, to the rest of life! Through this, we enter into the Brotherhood of Man and know the master element of all creation is the Sacred Love of the Sacred Fire! We demand miracles and victories come forth everywhere — Invincible without limit, forever!

Calls for the Healing of the Earth and All Humanity:

- 16** Mighty "I AM" Presence, Elohim Arcturus, Cosmic Beings, Great Angelic Host, all who direct the Powers of Nature and Forces of the Elements, all Powers of Light and the Sacred Fire! Flood the Earth with world-enfolding flames of the Sacred Love of the Sacred Fire, until all selfishness and discord are dissolved from Creation, and mankind awakens to the world of the Sacred Love of the Sacred Fire.
- Visualize the compound activity enfolding the Earth and bringing balance to the forces of the planet, as well as to your own individual life.

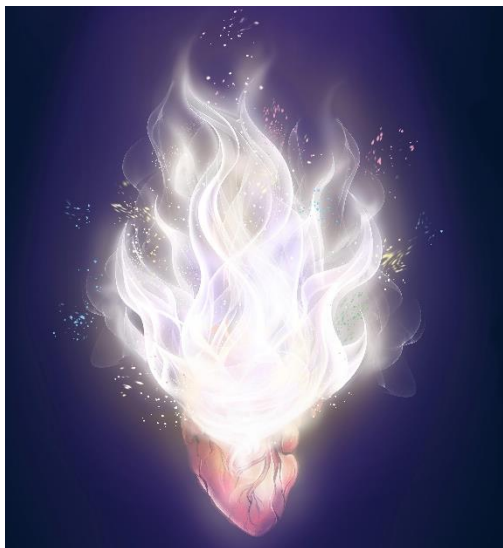

General decree for the clearing of the entire Lower Astral Plane:

- 17** I call for the Cosmic Fire to sweep through every hypnotic force on the Earth, in the Earth, and in the atmosphere of the Earth and annihilate it from the universe forever! I call for the Cosmic fiery force to sweep throughout the whole psychic stratum of Earth and consume it in one flash — swifter than lightning — right now, this instant, and forever!

UNFED FLAME

The Unfed Flame's Activity may be followed by the Sevenfold Flame of the Seven Mighty Elohim and many other Activities of the Sacred Fire. The colour of the Unfed Flame is a homogeneous brilliance of all colours.

- 18 Through the Beloved Mighty "I AM" Presence which "I AM"! I command the Unfed Flame in my heart to expand and become One with the Sevenfold Flame of the Seven Mighty Elohim in my forehead! Then, blend with the Flame at the top of my head, and unite into a Sun of the Blazing Sacred Fire of the Supreme Commanding Presence of all the Love from the Great Central Sun. This is our destiny!
- 19 The Unfed Flame in my Heart is One with the Unfed Flame in my Higher Mental Body, my Electronic Body, and One with the Unfed Flame in the Great Central Sun — the Invincible Authority and Realm of Perfection. I command that Unfed Flame to expand until it is all of me! I command it to expand and fill my body! I command it to expand and fill the atmosphere about me! I command it to expand and fill my Electronic Circle, and I claim the victory of its Invincible Perfection made manifest right now!
- 20 Beloved Mighty "I AM" Presence! Expand (3x) the Unfed Flame in my Heart through my outer self, and dissolve and consume (3x) all limitations in my Being and world. I command the Presence of the Sacred Fire within me and in my Electronic Circle to compel Perfection to manifest!

THREEFOLD FLAME

The Threefold Flame is the manifestation of the Sacred Fire, as expressions of Rays 1, 2 and 3. The colours of the plumes rise from a tiny sphere of the Sacred Fire as blue, yellow, and pink. These plumes are meant to become balanced — expanding, accelerating, and swirling as we gain mastery. The Threefold Flame arises from the Unfed Flame with cultivation. It remains inactive in most of humanity until egoism is contained, and the person acquires enough sensitivity to balance and sustain harmony and Purity in word, thought, and deed. At this point, it continues to unfold until its activity elicits the awakening of the other fires in the body, namely the Sevenfold Flame of the Elohim.

It all begins in the Heart.

The Threefold Flame is the sustainer of our physical life, harbouring the sacred trinity of Love, wisdom, and Power. It withdraws at the death of the physical body.

HONOUR FLAME

The Honour Flame is the composite image of the Sun, the Heart, and the Unfed Flame set on a Violet Fire background. At first, you sense it within the context of your own body, but as you use it more and more, it will represent your true centre — both individual and universal — with All-That-Is.

This visualization of the Honour Flame is an archetypal key — a Powerful tool for perfect attunement. This is felt as a very subtle frequency at first but can mount into a physically heart-wrenching sensation as the capacity to sustain this particular vibration expands.

Suggestions:

1. Feel your own Heart's energy.
2. Sense your Divine Presence as a Sun Energy above you.
3. Attune to BOTH your Heart and the Divine Presence simultaneously (i.e. the Sun and the Heart). Visualize this as a pink heart within a blazing, golden Sun.
4. Place the Unfed Flame in the centre as your own Life Source.
5. Become it and know that you are One with everything and everyone.

You are familiar with visualizations such as a 'Sun Presence.' You know how to tune into the Unfed Flame in your heart as well. Now, evoke these different symbols and frequencies together. Pause to feel each one before creating the compound unit of the Honour Flame.

- 21** "I AM" At-One with the Invincible Honour Flame in the Heart of every Cosmic Being, and I demand my outer self-acknowledge, feel, and know the Oneness of the Life Flame in my Heart with the Invincible Honour Flame of my Beloved Mighty "I AM" Presence, and the Cosmic Beings, expanding through my outer self everywhere, forever.
- 22** I accept my Divine ancestry from the Great Central Sun, which is my Divine Home and the Honour Flame from whence I came. "I AM" endowed with all the Divine Creative Powers and Faculties of Life, which make me the projection of Itself. My service in this universe is to become an Individualized Sun — a ruler over my own individual universe, which is composed of the Sacred Fire from my own Life Stream.
Accept the fact that you can remember Who you are and Where you come from! 'Understand' this well. Then leap from understanding to **knowing**. Take notice of the energy shift. Sustain this new state in silence.
- 23** By the Invincible Honour Flame of the Great Cosmic Heart! I command all manifestation through Cosmic Love to serve me, and the limitations, problems, and struggles of the past be forgotten, for my memory and attention are sealed within the Invincible Honour Flame of the Great Cosmic Heart forever.
Meditate on this and FEEL it. Make a list of anything/anyone you may still be carrying with you and gradually work through it. Neutralize any specific images or memories through the use of the Honour Flame.
- 24** I demand all the energy of my emotional world be raised now by attuning to the Invincible Honour Flame of the Great Cosmic Heart, to give me the Strength, the Power, the Assurance, and the Feeling of God in me in the Great Central Sun.
This decree is given as an example. You may invoke the help of energy from any Master, Guide, or Symbol, by attuning to the Heart frequency as guidance.
- 25** I say to the energy of my emotional world and everything around me: "Be still and be the Invincible Honour Flame from the heart of my Presence, the Invincible Honour Flame that blazes everywhere to the honour of Light, Love, and truth, forever."
Requalify your emotions several times a day by repeating this decree and re-attuning yourself to the Honour Flame. Distinguish between your ordinary emotions and the higher Love impulse.

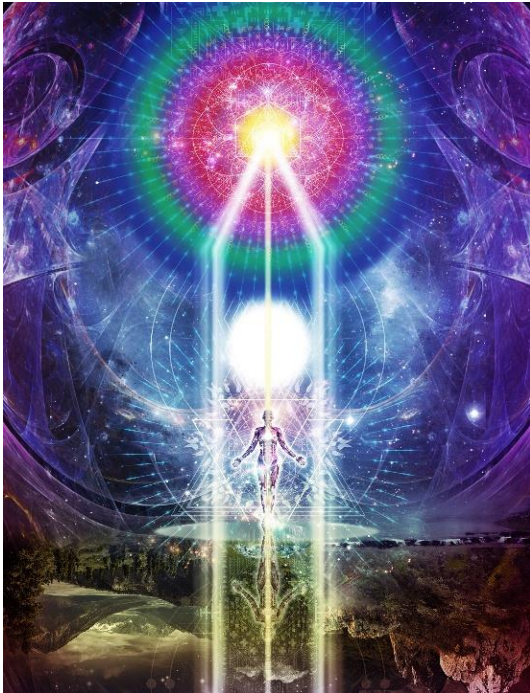

-
- 26 "I AM" One with the Honour Flame of Eternal Love. That is my home and I call it into all my physical activities. I demand it blaze in and around me with such intensity that it compels Purity. All hatred of the world must recede as that Flame surges through and around me to hold command at my conscious call, everywhere forever.
- 27 "The Light of the Presence that never fails" corrects every condition. "The Light of the Presence that never fails" blazes through every human being in every office, in every government, and all in positions of trust and authority within the Earth. "The Light of the Presence that never fails" blazes through those brains and bodies, and solves the problems of our world harmoniously, for the Invincible victory of the Light to all, for the supremacy of Divine Justice to all, for the Invincible Honour Flame of the Cosmic Heart, as the Love of all reaction moves into action and is the authority through all Life.
- 28 Through the Beloved Mighty "I AM" Presence which "I AM"! I give conscious recognition to my Divine Birthright, my Divine Source, my Divine Commission as I travel through this world, my Divine Responsibility, my Divine Honour, and my Divine Purpose of Existence, in the enjoyment of myself as the Invincible Honour Flame of the Cosmic Heart. I determine to never do anything which dishonours Divine Life.

ALCHEMICAL ALIGNMENT SEQUENCE

Done first thing in the morning and repeated throughout the day.

TUBE OF LIGHT

To strengthen, reconstruct, and affirm the Tube of Light, the Violet Flame, and the Wall of Blue Flame activity within your Tube of Light, use the following three decrees together:

- 29 Beloved Mighty "I AM" Presence! Enfold me in my Electronic Tube of Light substance! Make it so Powerful that no human creation can pass through! Ensure that it keeps me invisible, Invincible, and invulnerable to everything but Your Perfection, and Infinitely sensitive to You.
- 30 Beloved Mighty "I AM" Presence! Blaze through me now Your mightiest Violet Consuming Flame — the purifying Power of Divine Love in its most Powerful, dynamic activity. Consume the cause, effect, record, and memory of all negative concepts, desires, and feelings in my being and world, and every mistake for which my outer self is responsible! Replace it with Electronic Substance of Light, Love, Purity, and Perfection and hold Your dominion within me forever!

- 31 Beloved Mighty "I AM" Presence! Surround me — and every person, place, condition, and thing under this irradiation — with the Invincible Wall of Blue Flame, outside the Tube of Light, as added protection. We thank You; You always answer our call.

WALL OF BLUE FLAME

Invoke the Cosmic Blue Flame of Cosmic Purity. Feel it descending and surrounding you (or another person or condition). See its activity and feel it as “pressure” acting within you — dissolving the source of your problems, your habitual and automatic thought patterns, and all self-imposed limitations. See it consuming all discord. Feel it Healing your body. Allow it to create a Wall of Blue Flame to protect you and your Loved ones. Feel it!

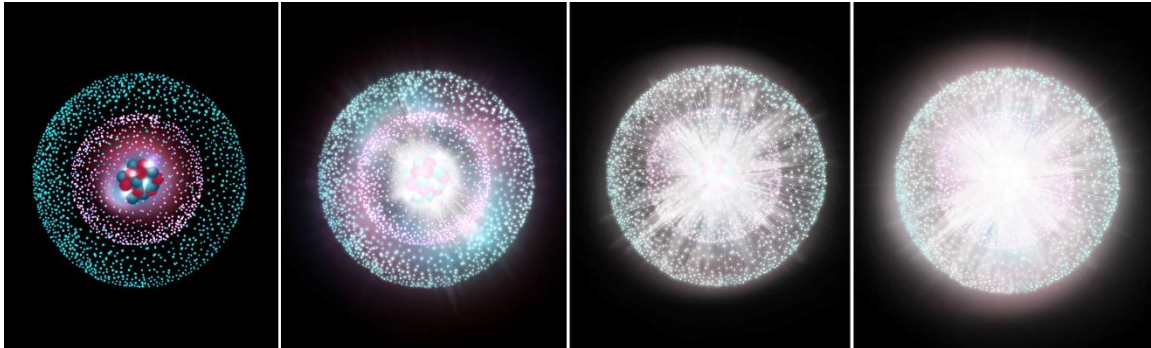

ELECTRONIC CIRCLE

- 32 Beloved Mighty "I AM" Presence! Charge in through and around me and into my Electronic Circle for a radius of a thousand kilometres in every direction — your instantaneous Healing Love — until I become a Sun of Your Healing Flame and everyone who touches it or is touched by it is healed.
- 33 Beloved Mighty "I AM" Presence, Legions of Light, Great Angelic Host, Great Cosmic Beings, and Great Cosmic Light! Charge (3x) my Electronic Circle and all within it with greater, and greater, and greater Power of Invincible Love, the concentrated essence of the Cosmic Light of a Thousand Suns, and the Sacred Love of the Sacred Fire! (3x)
- 34 Beloved Mighty "I AM" Presence! Charge my Electronic Circle and fill it until it overflows with Your Perfection, Your activities of the Love of the Sacred Fire, Your substance, and Your energy. Let Your world interpenetrates and enfolds me and become an open door through which Your Perfection can irradiate to others, and the poise and Power of Eternal Peace become in me the Authority of Perfection. Let that irradiation hold dominion and control of all conditions of the outer world. Move me forward more rapidly in all constructive accomplishment of all I desire, as I absorb all You pour forth.

POINTS OF LIGHT

- 35 "I AM" the Luminous Presence in action in every Point of Light in my mind, my feeling, my body, and in all under this irradiation, which now expands through all human creation and annihilates, annihilates, annihilates it all — cause, effect, record, and memory right now.
- 36 In the name, Love, wisdom, Power, authority, and Invincible victory of the Mighty "I AM" Presence! I daily acknowledge and fully accept the privilege of using the Invincible Powers of my Mighty "I AM" Presence. I call for the full inheritance of my "I AM" Presence to manifest through me, bringing Invincible Freedom and Ascension of every life stream on Earth.
- 37 I stand within the great blazing Presence of the individualized Flame of that majestic Presence of Pure Love, which transcends all human concepts and opens the door to me to the Perfection within Its heart.

FLAMES AND FIRES

The next decree should be memorized and repeated several times a day. It is essential to train the personality to identify with the highest perspective and the corresponding frequency, rather than the personality and its ordinary material concerns.

- 38** Beloved Mighty "I AM" Presence! You are the owner of my world! You take charge! I live by Your Light! "I AM" the extension of Your Flame, Your faculties, Your Powers, and Your life! Now move through me the action of Perfection attained. I command this Flame to go forth and produce Perfection everywhere, right now.

VIOLET FLAME

When we pronounce Violet Flame decrees or say:
"I AM' the Law of Forgiveness and the Violet Consuming Flame of all inharmonious thought and human consciousness," we are using the faculty and frequency of the Elohim Arcturus from within ourselves.

SWEEP/BLAZE

I AM THAT I AM (3x)

SO, BE IT!

- 40** Charge (3x) and intensify (3x) the Violet Consuming Flame, substance, and miracles of Cosmic Purity through me, so the ground upon which I walk becomes sacred ground because I have commanded the Cosmic Purity of the Sacred Fire to surge into it, purify it, possess it, and raise it into Invincible Perfection — manifest (3x) right now.
- 41** "I AM" resting within the Heart of the Cosmic Violet Consuming Flame and the Cosmic Christ Blue Lightning Purity of a Thousand Suns, and there "I AM" sealed forever!

- 43** In the name of Love, wisdom, Power, authority, and victory of my Beloved Mighty "I AM" Presence! I live, move, and have my Being in a Living Sun of the Violet Consuming Flame, in Cosmic Mercy and Victorious Action from the Heart of the Great Central Sun! I demand every breath I breathe draw that Violet Flame into my physical flesh body! Everything I gaze upon absorbs this Violet Consuming Flame's Love in Its quick descent from the Central Sun, until the atmosphere of Earth becomes Its Glorifying, Purifying, Loving, Healing Presence everywhere, forever!

BLUE FLAME

All forms + Archangel Michael

- 44** Mighty "I AM" Presence, Great Masters of Light, Mighty Astrea, Archangel Michael! Send your Angels of Blue Lightning of Divine Love to seize, bind, and remove from within and around my home, my family, myself, and all my affairs, including all entities, carnate or discarnate, forever. If they are of human creation (*elementals*), annihilate them, their cause, and effect this instant. This, which I decree now, I command for all students of Light, mankind, and the world. I thank you, Great Host of Light. It is done this instant.
- 45** "I AM" the Cosmic Fire of shattering and annihilation, by the Power (3x) of Blue Lightning Purity! We issue this Fiat by Conscious Command and accept this victory and freedom for the Light, right now, and for all eternity!
- 46** Beloved Mighty "I AM" Presence and Beloved Archangel Michael! Charge me and all within my Electronic Circle with the Invincible victory and Power of Your Love and Your memory of my Perfection which I had with YOU in the Great Central Sun before the world was!
- 47** Beloved Mighty "I AM" Presence! Charge (3x) my Electronic Circle and my Tube of Light with the Invincible Sacred Love and Blue Flame from the Great Central Sun, which keeps me cut free from the incessant sapping of my energy by the human demands of the outer world.

48 I demand my Electronic Circle be charged with the Cosmic Victory of the Invincible Unfed Flame of Eternal Harmony! I command it to consume all hate and envy, all negativity, and all selfishness that ever attempts to look in my direction! May the Blue Lightning of Cosmic Purity and Cosmic Harmony go into all conditions of hate directed at me — dissolve and consume them — and see that I stand FREE, master of my world, everywhere, forever!

49 To clear the way for quick accomplishment:
Mighty "I AM" Presence! Send Your Angels of the Blue Lightning of Divine Love before me! Sweep from my pathway all entities — carnate and discarnate! Keep it, and all my activity, free from them forever.

Behind you, visualize a Blue Flame Presence emitting blue lightning. As it touches your physical form, it clears, cleanses, and refines your body so that it may come under the conscious control of the soul.

PINK FLAME

Visualize yourself under a Ray of bright Pink Translucent Light. Now sense and see an Armour of Pink Jewels over your entire body. Feel it charging the muscular structure and all the activity of your physical body with perfect relaxation and perfect action.

- 50** I live, move, and have my Being in a Blazing Sun of the Pink Flame which brings me peace, supply, and Healing, and gives me a sense of mastery over the outer world.

Visualize and sense angelic forms of the Pink Ray pouring Light that represents forgiving Love. See it going wherever you wish.

Now desire ardently for these Healing Angels to increase the desire in humanity to forgive and forget all that has caused so much tragedy and distress. Send them forth to different places on the planet.

- 51** Beloved Mighty "I AM" Presence! I demand the Power of Your Victory and Love of the Pink Ray flood my Being and world and all I do each day.

-
- 52 I demand and I command the miracles and Healing Power of the Pink Ray be drawn into outer action right now, until the Earth is clothed in an atmosphere of Pink substance of Love and Healing Light.
- 53 Guardians of the Pink Ray! Enfold me while I sleep tonight (or during this day) in your armour of Pink Jewels and your Pink Ray. Charge my muscular structure and the activity of my physical body with perfect relaxation and perfect action. Charge the Pink Flame, Pink Jewels and Pink Substance that you direct into my body that I may absorb it. "I AM" strengthened and free from all fear and anguish.

GOLDEN FLAME

All forms, including snow and liquid.

Practice:

See Golden Snow falling into the atmosphere around you. When you breathe it in, it relaxes your nerves, your muscles and the entire structure of your physical body, as well as your emotional body.

Visualise the Golden Flame of Cosmic Peace (same colouring as above, but with more diamond-shining quality) as a Living Garment around you — which penetrates every atom of your being.

Sense an outpouring of Golden Liquid Light over you. Follow the Golden Liquid Light as it goes into every organ and cell — dissolving and consuming the discord accumulated around the Points of Light in the cells of your body. Visualize here a Crystal White Ray or Crystal Golden Ray of Light shooting like lightning from the Electronic Body into any part of the physical body necessary. Witness the part relax and release all substance discordantly qualified as it ignites into Violet Flame and passes the body directly from that place.

Evoke the joint activity of the Golden Flame, the Golden Substance, and the Golden Inner Essence of the Physical Sun and the Great Central Sun into and around you, Healing you and all you contact.

- 54 "I AM" the Presence releasing a concentration of the sparkling Golden Liquid Light — which is a Powerful Healing Action — into my physical form, and into and around the nerve fluid of my life stream (feel it) — bringing peace, ease, and relaxation to the physical, mental, and feeling world.
- 55 Beloved Mighty "I AM" Presence!
Enfold me, and all under this irradiation, in a Sun Presence of the Golden Flame of Love — which You are to the Earth — which blazes through the cellular structure of our bodies and purifies everything where it flows, bringing balance within the magnetic currents that flow through the nerves and structure of my physical body forever.

APPLE-GREEN FLAME OF TRUTH

- 56** In the Name of the Beloved Mighty "I AM" Presence which "I AM"! I command the victory (3x) of the Apple Green Flame of a billion suns of Elohim Cyclopea — reveal, dissolve, and consume (3x): every condition or situation that hides under the cover of darkness (3x).
- 57** Apple-Green Flame of a Billion Suns! Descend, descend, descend! Reveal, Reveal, Reveal! For nothing may be hidden from the All-Seeing Eye (3x)! And my Beloved Mighty "I AM" Presence is that Eye!

-
- 60** "I AM" the manifestation of truth revealed right now, this instant and forever! "I AM" Divine Truth that reveals itself plainly and fully, illuminating all shadows! Pour your intense Light over (a problem) and force the purification (3x) and the miraculous revelation of truth (3x). Expose and dissolve all malicious intent and subterfuge. Liberate humanity from gossip and false information, all fear and slavery to medical, political, religious, and governmental dictates. (3x in full)
And transform this condition into the most perfect vehicle for Truth and Brotherhood, where Justice prevails for all, eternally sustained, according to the Divine Plan for Humanity.
- 62** Illumine (3x) all humanity with the Flame of Truth and return all to Original Transparency and Perfection. We accept the immediate realisation of this Call now and forever!
- 63** For nothing can remain hidden from the Mighty All-Seeing Eye (3x), and humanity will awaken to the Truth, NOW, protected and sustained for all eternity.

SYMBOLS

ASTREA

A Cosmic Entity symbolized by a Powerful 12-pointed Star that dissolves all lower astral forms.

Visualize it clearly and place yourself in its midst throughout the decree, holding the image and feeling for a few moments after the decree. Release this Star of flame daily into any place you desire its Presence, in its ever-expanding activity.

64 Beloved Mighty "I AM" Presence and Beloved ASTREA! I go deep (3x) into the secret heart of your Power which annihilates (3x) all psychic substance and activities! I draw the Power of your Love and Victory into myself and all mankind, and I command that Victory to go before me in everything I do or contact throughout each day!

65 Beloved Mighty "I AM" Presence and Beloved ASTREA!
In your Name, by your Power, and Through your Wisdom! I demand and command the removal of the psychic stratum in the atmosphere of Earth; the removal of the hypnotic control of the sinister force; the removal of all fear from Life everywhere, and the removal of all toxic substance and radiation from the Earth, right now, this instant and forever!

[Visualize this taking place now.](#)

-
- 66** Through the Beloved Mighty "I AM" Presence which "I AM", and Beloved Mighty ASTREA! I demand and command the greater revelation, Invincible illumination and use of the Sacred Fire within myself, to enable me to give greater assistance and dissolve the distress of our fellow man.

This decree trains you in the communication and communion with Light. It must be done while in fusion with that higher frequency of the higher dimensions (i.e. via attuning or identification with that particular range of energies).

- 67** Mighty Cosmic Light! Speak to me! Beloved Sacred Fire! Speak to and through me! Beloved Sacred Fire! Speak to me! Come to my assistance and help me clear my world of all discord and inharmony! I give You full acceptance! I understand my Authority. Every condition less than Perfection must bow and dissolve at my command — now, everywhere, forever.

VICTORY

Another symbol that represents a Cosmic Entity or Being.

Visualize the 6-pointed golden star: See and feel it. It is an excellent symbol to use after all “blasting” and “clearing” decrees as the desired end (see decrees 27, 64, 65 and 110).

68 "I AM" charging, charging, charging (3x) the [condition or situation](#), with Mighty Victory, Victory's Manifest! (3x)

And do it today, do it to stay, controlled and protected, forever to stay, fulfilling the Divine Plan in all we ever do or contact!

And I demand this physically manifest. I expect this physically manifest. "I AM" this physically manifest, manifest, manifest, in victory, Light and Power attained right now, protected and sustained for all eternity.

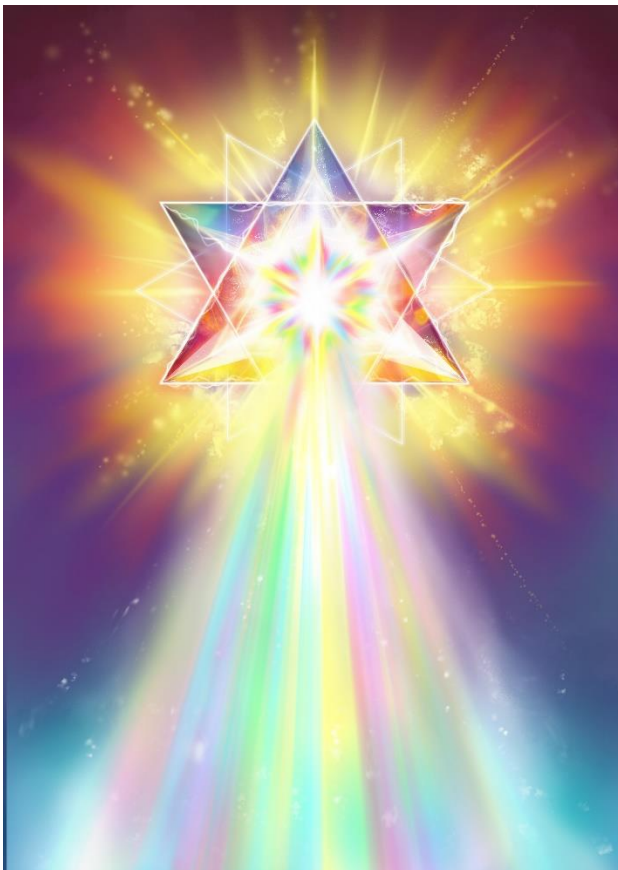

For the Light is always victorious (2x), the Light is always, always, always, victorious and answers our every call, even as these words go forth.

"I AM THAT I AM" (3x)
SO, BE IT!

69 CHARGE (3x) a condition or situation with:

Peace and brotherhood.
Healing grace for all.
Serenity and tranquillity.
Clarity and intelligence. (3x each refrain)
Leadership and care.
Compassion and understanding.
Transparency and authenticity.
Discernment and discrimination.
Cosmic Christ Love.
Violet Flame Protection eternally sustained.

CROSS OF WHITE FIRE WITH STAR OF GOLD

The Cross of White Fire and Star of Gold is a Powerful visualization for global Healing. It is an open-ended white fire cross with a six-pointed golden Star of Victory at the centre.

As you visualize yourself standing within it, repeat:

- 70** I speak directly to all the substance and energy in my mind, body, Being, and world which have been discordantly qualified, especially in my atomic structure. I call on the Law of Forgiveness for imposing shadows upon it. I bless it with all the Love of my heart.

Now see the Violet Consuming Flame dissolving all impurities and removing even the memory of all pain and distress.

Allow your body and atmosphere to be filled with Self-luminous, Intelligent Substance of Invincible Love.

Repeat often:

- 71** Every cell of my body is a fiery heart of Immortal Love and its Immortal Purity, Health, and Strength of Eternal Perfection in my flesh form.

To bless your body:

- 72** Through the Beloved Mighty "I AM" Presence which "I AM"! I bless my hands, for they are the Hands of my Divine Presence! I bless my Heart, for it is the extension of my Individualized Flame from the Great Central Sun! I breathe in the Great Fire Breath of the Almighty, which is Electronic Force! "I AM" using my Presence's Life, Energy, Sight, Hearing, Speech! "I AM" using all the faculties which are within Life, and those are my Presence's Faculties which are loaned to me for use. "I AM" using Its Free Will. As such, I command Perfection to go forth to the rest of the Universe.

ROSE OF LIGHT

A Cosmic Being/Entity.

Visualize a beautiful Rose of scintillating white and pink, with golden sparks, in the centre of your chest. Sense it spreading its petals within you and brushing against your back and front. Feel it dissolving all memories or impulses of hatred or irritation within you. You may also visualize the Rose of Light within others.

Repeat:

- 73** "I AM" the Cosmic Rose of happiness, illumination, and Love which heals life everywhere.
- 74** Beloved Rose of Light! Bless me, raise me, and forever hold a fragrance of your Healing Power around me. Charge me with your happiness and Healing Power to heal mankind from the habit of hating.
- 75** Beloved Mighty "I AM" Presence and Rose of Light! Charge me so that I may irradiate to others your happiness and Healing Power to heal mankind from the habit of hating.

- 76** I demand your great Rose of White Fire flood its Healing and its blessing to me right now. Pour forth the Power of your Love and Healing through the Violet Consuming Flame into all the Beings of the Elements and purify them. Let the Healing Power of your Rose of White Fire give its blessing and be anchored there to sustain Perfection.
- 77** I command the Rose of White Fire to serve me, bless me, raise me, and forever hold a fragrance of its Healing Power around me!

CRYSTAL CAP, BELT, ARMOUR, CROSS, AND DISC

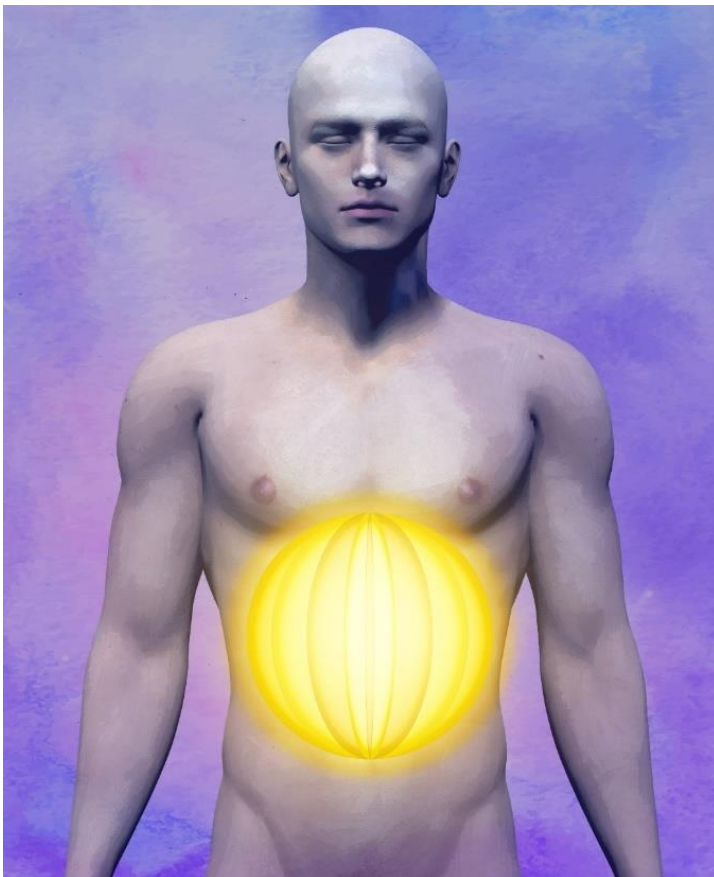

These next images are especially Powerful when visualised at the level of the higher mental body. The Light-forms can be placed over the Great Divine Director's Disk, positioned over the solar plexus region to act through the vital body, and Astrea's Belt of Blue Flame (also placed over the solar plexus) to ensure maximum protection of the three lower bodies (PEBs).

- 78** Mighty "I AM" Presence! Take command and control of all the energy in and around my mind and body, especially in my mental and feeling world, and govern all sudden impulses! I demand and command our Higher Mental Body's Crystal Belt of White Fire with the Crystal Cross, to blaze over my solar plexus, to hold control of all the energy in and around me each day. Flash its Flame — its Crystal Light Rays — so Powerfully and so constantly that it repels everything around me which might cause struggle or confusion. Blaze the Crystal Star into my brain structure, and clear away everything that blocks the Invincible protection and Perfection for which I call. Intensify the activities of my Tube of Light to the point where it instantly dissolves all discord. See that I move forward insulated within that Invincible Crystal Light Substance — everywhere, free from all human discord, forever.

The Great Divine Director is a term for the Divine entity that rules over the planet Earth, sometimes called “Logos.” It is what Jesus called “Abba” or “Father”.

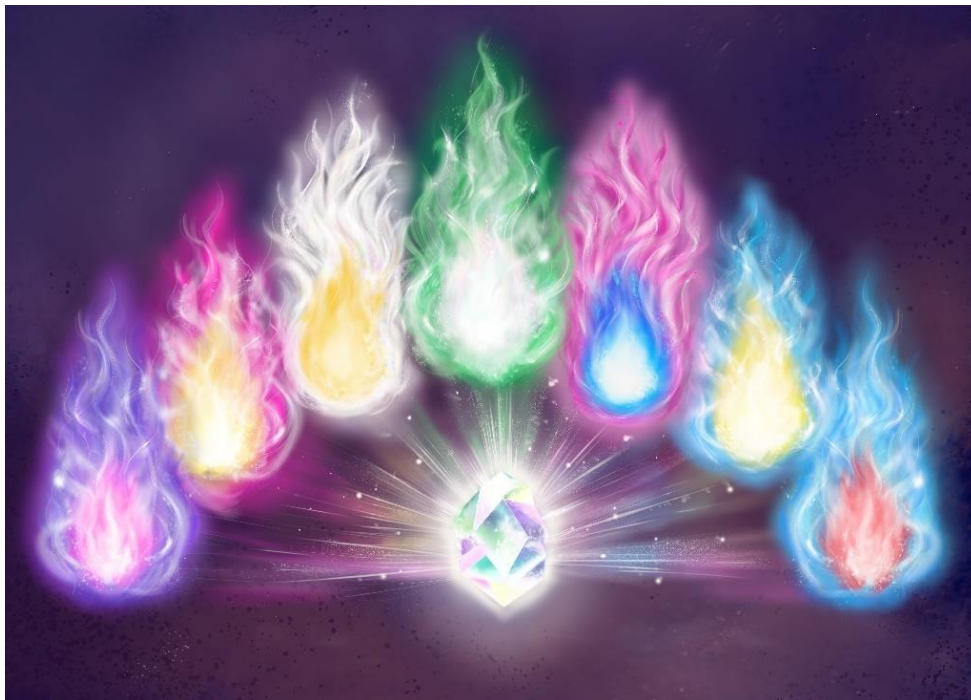

- 79** Mighty "I AM" Presence and Beloved Great Divine Director! I accept the companionship of the Great Divine Director with me every day — in His Luminous Presence, in His Flame of Love, in His Disc of Light, which He offers us for our Victory!
- 80** I accept the Great Divine Director's Love— so Powerful and tangible around me — that it fills my world with its qualities of Perfection and gives me the feeling of the mastery and Victory which I can out-picture for the greater service of all, forever!

ELOHIM

SEVENFOLD FLAME OF THE ELOHIM

Its centre of activity is in the Third Eye.

The Sevenfold Flame of the Seven Elohim in your own brain structure is the protection of your mind and emotions.
There is incomprehensible Power within the Sacred Fire of the Seven Elohim.

The Light is so intense, no destructive force can look into it, for it would instantly cease to be. There is Love so forgiving and mercy so great, that Purity and its luminous substance can spread over the turmoil of the lives of individuals like oil poured on troubled waters.

To evoke the collective Power of the Elohim for places and conditions in the world:

Be aware of their energy within you as faculties, emanating as a fan of multiple colours. Connect equally with the irradiation that they will release from the Presence as possibility or manifestation. One is within, and the other is pictured descending from above into your Electronic Circle of possibility.

The first step in evoking the Elohim should be through the blended faculties and frequencies of the heart and the higher mind. This “place” within indicates frequency rather than location, sensed as a gentle pressure behind the forehead, or as a concentric point of emission without relation to the body.

See your physical form being impregnated and affected by this field and yet quite distinct from it. Breathe each of the colours, as needed — absorbing on the inbreath, spreading on the outbreath. All of you is involved. There is not one spot in your body that is the centre. Do this for a while.

Then focus on your heart and let this be the place of sourcing. After a few minutes, shift this gently to the centre of your head. After another few minutes, become aware that the heart and head are one and the same.

Now, with all your heart, invoke the Presence of the Elohim within. Feel the Power from the "I AM" Presence descend, ignite your heart, join with the Sevenfold Flame in the centre of your forehead, and extend to envelop your whole body and aura.

The activity here is from heart to head to crown and beyond. Feel the Power of the Flame swelling up within you as you grow into your own archangelic form. You may then use the Archangelic Armour and direct the energy that comes through you to all the places on this planet that need the quality you are evoking.

Theirs is the Sacred Fire that controls whole systems of worlds. The Sevenfold Flame of the Seven Mighty Elohim and the Ring-Pass-Not of Blue Flame serve as the protective action of the Sacred Fire that is drawn in and around a locality, before the manifestation is evoked to fulfil the Divine Plan. Together with the Archangels, the Elohim are the builders of form.

When you start to do something, pause and visualise the Seven Mighty Elohim's Flame of Love in and around you. Understand that your actions are guided by their Love, and everything you irradiate manifests through their Love and takes on their Perfection. You cannot fail or make a mistake.

Feel, even in the midst of your daily activities, that your physical body is at all times surrounded by a Cosmic Sun Presence of the Sacred Fire of the Seven Mighty Elohim. You will have the gathered energy that you need to accomplish anything in the outer world, in the midst of outer world conditions. Their Sacred Fire is always providing you with Protection.

-
- 81** In the Name, Love, Wisdom, Power, Authority and Victory of the Invincible Sacred Fire of my mighty "I AM" Presence! I command the blending of the Unfed Flame from my heart, through the throat, and into the Sevenfold Flame in my forehead, to become a magnet which draws the energy and substance of my world up into the Invincible protection and Perfection of my Higher Mental Body.
- 82** Beloved Mighty "I AM" Presence and Seven Mighty Elohim! Charge your Individual Flames into my Electronic Circle! Expand the Flames in my forehead and pass them through my body until they fill my Electronic Circle and I move in a sun of Your Flames, which will enable me to serve Humanity everywhere forever.
- 83** Through the Beloved Mighty "I AM" Presence which "I AM"! I command the Unfed Flame in my heart to expand and become One with the Sevenfold Flame of the Seven Mighty Elohim in my forehead! Then, blend with the Flame at the top of my head and unite into a Sun of the blazing Sacred Fire from the Great Central Sun.
This is our destiny!
- 84** Beloved Mighty "I AM" Presence! Blaze your Sevenfold Flame of the Seven Mighty Elohim. Walk the Earth through every human being *(you can name someone)* and blaze the Cosmic Sevenfold Flame of the Seven Mighty Elohim. Neutralize every destructive activity. Replace it with the Flame of Cosmic Love and Mercy.

ELOHIM ARCTURUS: THIRD CHAKRA AND SEVENTH RAY

The first activity of the Sacred Fire is the Violet Consuming Flame. To invoke any of the Seven Mighty Elohim, we must first go through the Violet Consuming Flame and achieve the blending of the Heart and Higher Mind. Only then do we have the right frequency and momentum. In this way, Arcturus is the gateway into the Sacred Fire world of the Elohim.

The Elohim Arcturus' activity is twofold:

- (1) The Violet Consuming Flame's forgiving Love (violet with pink at the centre).
- (2) The administration and blending of the Unfed Flame in the heart with the Sevenfold Flame in the centre of the forehead.

This second function also raises the frequency into the Honour Flame.

85 Mighty "I AM" Presence, Elohim Arcturus, Cosmic Beings, all who direct the Powers of nature and forces of the elements, all Powers of Light and the Sacred Fire! Flood the Earth with world-enfolding Flames of the Sacred Love of the Sacred Fire, until all selfishness and discord have been dissolved from Creation, and mankind awakens to the world of the Sacred Love of the Sacred Fire.

Visualize the compound activity enfolding the Earth, bringing balance to the forces of the planet, as well as in your own individual life.

-
- 86** "I AM" clothed in the world of the Sacred Fire, which is Mighty Arcturus' gift from the Seven Mighty Elohim of Creation. Its Cosmic Action enfolding me blesses everything around me with the law of manifestation of Perfection for eternity. I accept its glorifying Love, its boundless supply, and its Invincible protection, which is Divine Victory for eternity.

Visualize the field of Purest White Diamond Brilliance — the Sacred Fire Source — all around you. Now inhale the Love (pink) into you, and from that Love feel the emergence of the Violet Flame burning, forgiving, dissolving, and purifying everything as you exhale. Feel its quality permeate your body and aura and extend around you to everyone and everything. See all manifestation as "Perfection," and acknowledge your Love, Supply, and Protection.

ELOHIM CASSIOPEA (WISDOM): SEVENTH CHAKRA AND SECOND RAY

- 87** Through my Beloved Mighty "I AM" Presence, and Beloved Mighty Cassiopeia! "I AM" the Presence within this physical form, commanding Perfection into action! I forbid my outer self to speak or do anything the Presence would not speak or do! I forbid my outer self to do anything which dishonours the "Beloved Mighty "I AM" Presence"! I give conscious recognition to the fact that every problem which comes to my attention is but some of my own life energy of the past, returning to me to be requalified with eternal manifestation of greater Perfection.
- 88** Beloved Mighty "I AM" Presence and Mighty Cassiopeia! I demand the illumining wisdom from the Heart of the Great, Great Silence, flood my pathway with all the Cosmic Love I will require in the fulfilment of the Divine Plan, now and forever!

ELOHIM CYCLOPEA (VISION): SIXTH CHAKRA AND FIFTH RAY

- 89** Beloved Cyclopea! Charge my Electronic Circle with your precipitating Flame, Invincible against all wrong forever.
The combination of Orion, who prepares the way through Healing Love, and Cyclopea, who directs the Life Force, results in precipitation.
- 90** I demand, I command Beloved Mighty Cyclopea's Victory of Perfection and Power of the Love of the Sacred Fire, come into my being, world, and Electronic Circle, and in the mightiest Divine-Love in the universe, I demand that Victory of Perfection manifest everywhere forever!
- 91** Beloved Mighty "I AM" Presence and Mighty Cyclopea! Come into me with the Power of the Sacred Fire and the Great Central Sun Magnet and make me and my world victorious over all limitations and allow me to release into outer conditions the boundless supply that you are able to release!
- 92** Beloved Mighty "I AM" Presence and Mighty Cyclopea! I demand the Strength of Your Love, and the Power of Your Flame come into all conditions in and around us! CHARGE my mind and body and everything within our Electronic Circle, with Your Consuming Flame! Arm me with the strength of Your Love and give me the courage and Power to accomplish all Love's Victory in all conditions which we face.

ELOHIM OF PEACE: SECOND CHAKRA AND SIXTH RAY

The colours associated with the Elohim of Peace are gold in the centre with a pink outer irradiation. Explore each of these colours separately and then together. You will notice that the gold always seeks to expand and illumine, while the pink has a rounder quality of enveloping, sustaining softness. As the gold is held by the pink, there is a subtle tension created — the "force" of Peace.

- 93** Beloved Mighty "I AM" Presence! I command the air I breathe be charged with Invincible Peace! I command the Mighty Sun Presence of Invincible Peace flood my Electronic Circle until it becomes a blazing force around me, illumining the atmosphere wherever I move, and becoming the compelling Power of Victory everywhere forever.
- 94** I live, move, and have my Being in a Blazing Sun of Pink Flame from Your Heart, which brings me peace, supply and Healing, and gives me a sense of mastery over the things of the outer world.
- 95** "I AM" a living Sun of the substance, the essence and the Flame of the Mighty Elohim of Peace, charging me with the peace-commanding Presence of my Higher Mental Body, so I may go forth and help all mankind, give assistance to my Loved ones, and answer every call that Life brings to my attention.

- 96** "I AM" the Sunshine Presence of the Elohim of Peace — this instant and forever!
Before entering into a difficult condition: The activity here is from heart to head to crown and beyond. Feel the Power of the Flame of Peace swelling up within you as you grow into your own archangelic form... Now use the Archangelic Armour and direct the energy that comes through you to all the places on this planet that need Peace.
- 97** "I AM" the Presence on guard, which prevents anything disturbing my peace! I charge the Sevenfold Flame of imperishable Peace from the Mighty Elohim of Peace, to go before me as a living messenger and clear the way, to still all that is negative everywhere, until it is dissolved and consumed forever. I feel the Sevenfold Flame of the Elohim of Peace as a pillar of its dazzling, glorious Presence of Eternal Peace in and around me wherever I stand.
Do this visualization accompanied by the Alchemical Alignment when doing service at a distance.
- 98** I demand Legions of Angels from the Pink Temple in the Electronic Belt around the physical Sun to come forth with the forgiving Love, and in the great Divine Patience which brings Healing to all, I command the Healing Angels to intensify and increase the desire in mankind to FORGIVE AND FORGET all that has caused so much tragedy and distress, right now, this instant and forever.
"Electronic Belt" is the finest and highest frequency emitted by our Sun (equivalent to 11th and 12th dimensional frequency for us).
- 99** I command the Sevenfold Flame of Peace within my forehead to expand in its Sevenfold Action and become an Invincible mantle about me — expanded again into the Thousand-Petaled Lotus of Invincible Love and Peace from the Great Central Sun, within which is all of everything ready for use.
See and feel yourself clothed in a Mantle of Peace. This is gold and pink translucent Light-Substance) Feel yourself becoming and pouring out Peace to stop every vibratory action that is not of the Light. Pour Peace everywhere and spread the flame of Peace to heal, to bless and to prosper.

100 Beloved Mighty "I AM" Presence and Mighty Elohim of Peace! Clothe me in your mantle of Peace. Make me your ambassador of Peace. Take my hand and pour Peace (3x) to stop every vibratory action that is not of the Light. Walk the Earth with me/us hand-in-hand. Pour Peace everywhere and spread the flame of your Power and radiance to heal, to bless, to prosper and set all I contact, free. Charge your Golden Flame of Cosmic Peace as a living robe about me/us, which penetrates every atom of my being and fastens within our (my) own life stream(s) to become the enfolding Love of Cosmic Peace — the Healing Power of life to all I contact.

Breath in gold and exhale pink, the colours of Peace. Activate and sustain this visualisation and feeling throughout the day.

ELOHIM OF PURITY: FIRST CHAKRA AND FOURTH RAY

For any manifestation of the Sacred Fire to take place, the Masters have said: “Invincible Purity and obedience are the first requirement of the Law of Life — Invincible Purity in thought, habit, feeling, and spoken word.”

The Elohim of Purity’s colours are blue with a golden centre. The centre is associated with the base or root chakra. He is the Master Control over the integrity of the human form. Its expressions are the irradiation of blue or white lightning, including the armour’s crystal substance and the Tube of Light that accelerates ordinary energetic frequencies. His effect is often perceived as a diamond shining Miracle Mantle.

The frequency of the Elohim of Purity grants us the ability to resist the desires of the collective “human” consciousness, what we often refer to as “hypnotic suggestion” or influence.

Visualise and feel the bright golden centre with electric blue extensions that characterise the Elohim of Purity’s activity. Centre it in the base chakra, beginning first with the gold and then the blue. Breathe it in (gold), out (blue). Feel the effect of each colour and then feel the combined frequency produced. Allow this Flame to act.

Practice:

Invoke the flame of Purity, which is the Cosmic Blue Flame of Cosmic Purity. Feel it descending and surrounding you or another person.

Visualise its activity and feel it as a “pressure” acting within you, dissolving the source of your problems, your habitual and automatic thought patterns, and all self-imposed limitations. See it consuming all discord. Feel it Healing your body. Allow it to create a Wall of Blue Flame to protect you and your Loved ones. Feel it.

- 101** Beloved Mighty "I AM" Presence and Beloved Purity! Place your jewel of light, which is an intense activity of the Sacred Fire, within my mental and feeling world, whose irradiation pours Purity through me, so I can never remember anything that is not the Perfection I desire. I demand perfect peace into my world, right now, this instant and forever!

The Cross of White Fire and Star of Gold is a Powerful visualization for global Healing. As you visualize yourself standing within it, repeat:

- 102** I speak directly to all the substance and energy in my mind, body, being, and world which have been discordantly qualified, especially in my atomic structure. I call on the Law of Forgiveness for imposing shadows upon it. I bless it with all the Love of my heart.

Now see the Violet Consuming Flame dissolving all impurities and removing even the memory of all pain and distress. Allow your body and atmosphere to be filled with Self-luminous, Intelligent Substance of Invincible Love.

- 103** Beloved Elohim of Purity!
Blaze your star of Invincible Love and Purity within my brain. Let its rays (crystal lightning) spread over and around my head like a great sun. Intensify and expand that in, through and around me. From your octave of Light in the Electronic Belt around the Physical Sun, pour Crystal Rays of Electronic Force, to be an intensifying and repelling Power to protect my mental and emotional bodies against all human suggestions.
This is an especially Powerful visualization!

-
- 104** Enfold me in a Great Oval of the Cosmic Flame of your eternal, Invincible Purity, this instant and forever.

Remember that the emanation of Purity is Crystal once it has done its job. This particular visualization is compelling. You can even “smell” the quality of Purity. Repeat it during the day. It will “repel” the influencing chatter of elementals from within and around you.

Affirm:

- 105** Every cell of my body is a fiery heart of my Presence’s immortal Love and Purity, health and strength of eternal Perfection in my flesh form.

ELOHIM HERCULES (WILL): FIFTH CHAKRA AND FIRST RAY

106 Beloved Mighty "I AM" Presence and Mighty Hercules! Charge my Electronic Circle with your flame of Invincible Herculean Protection! Charge your Herculean Protection in and around me and into all my affairs, then into everybody and everything I contact, everywhere forever.

107 "I AM" blasting (3x), all obstruction, delay or interference to (situation).
"I AM" blasting (3x), it by Hercules Blue Ray!
"I AM" blasting (3x), all lies, hatred, treachery, deceit, and false appearance.
"I AM" charging, charging, charging (3x) the (situation), with Mighty Victory, Victory's Manifest! (3x)

And do it today, do it to stay, controlled and protected, forever to stay, fulfilling the Divine Plan in all we ever do or contact!

And I demand this physically manifest. I expect this physically manifest. "I AM" this physically manifest, manifest, manifest, in victory, Light and Power attained right now, protected and sustained for all eternity.

For the Light is always victorious (2x), the Light is always, always, always, victorious and answers our every call, even as these words go forth.

"I AM THAT I AM" (3x)

ELOHIM ORION (HEART): FOURTH CHAKRA AND THIRD RAY

Orion's activity is Healing of body, mind, and spirit — as integration and purification, different from the dissolving, shattering, and requalifying activity of the Elohim of Purity. This is necessary before the student can actually attract and receive what is their birthright, and work in fullness with the Light. Orion brings the required stability and wholeness necessary for the blending of the personality with the Higher Mental Body. The colours are pink with blue in the centre. This centre corresponds to the heart.

Elohim Orion represents the threefold activity of Divine Love as Love, wisdom, and Power (heart, throat, and head). In other words, the perfect balance of the Unfed Flame in the heart. The Divine Love that is ruled by Orion is not only the Power of Healing (integration), but it is also the Power of cohesion that makes all manifestation possible.

As the elements are ruled directly through the action of Divine Love and through the joint application of the Law and Divine Order, Orion grants control over the Powers of nature and the forces of the elements within us and in our worlds.

Orion's symbol is a triangle composed of three flames through which we can observe the reflection of pink, with a bit of gold and blue in the centre (like blue China silk).

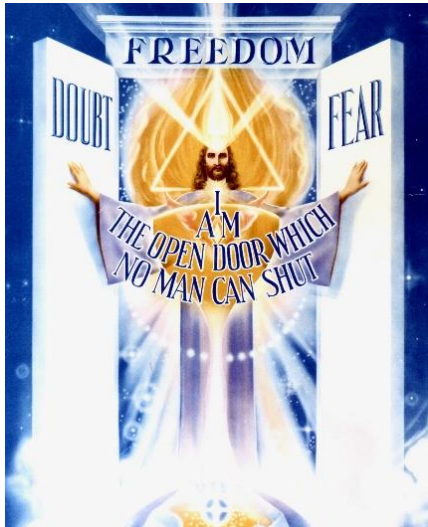

-
- 108** “I AM that I AM” (3x), the expansion of the Cosmic Blue Lightning, Flame, Substance, and Cosmic Purity through every electron in my mind, body, being, world, atmosphere, and environment, and in the atmosphere of the Earth.
Every electron or Point of Light becomes a replica of the Heart Flame of the Elohim of Purity.
- 109** “I AM that I AM” Presence which compels and forever maintains that every Point of Light in my body expand the Cosmic Blue Lightning & Flame from the Heart of the Mighty Elohim of Purity, and dissolve and consume all human creation and discord around them.
- 110** I demand my Electronic Circle be charged with the Cosmic Victory of the Invincible Unfed Flame of Eternal Harmony. I demand it consume all hate and discord that ever attempts to look in my direction. May the Blue Lightning of Cosmic Purity and Harmony enter into all conditions of hate and discord directed at me, dissolve and consume them, and see that I stand free, master of my world everywhere forever.
In this decree, you can visualize and feel both Orion and Purity simultaneously.
Understand that Purity is your best “defence” and your invulnerability.

ADVANCED COMPOUND VISUALIZATION

PRACTICE FOR BLESSING

Qualify all the water you drink with Electronic Precipitated Substance of Light. You will be blessed, and you will be a blessing to the water element that you take within your body. Pause long enough to feel the Electronic Force of Light going through that water. Visualise it becoming self-luminous as enters your body, blessing every cell of your atomic structure and expanding the Light within the electrons to help repel the impurities that have been imposed upon the cellular structure.

You may also qualify the food you eat or prepare by holding your hands over it, or by simply visualizing your hands blessing the food as the Light within it sparkles alive and ignites each Point of Light.

PRACTICE FOR HEALING AND PROTECTION

Visualise and energise for self, children, and others can be done at night or at any time. "Memorize" the light-forms and then use them freely.

JESUS

- 133** I qualify Beloved Jesus' Blue Flame Presence and Blue Lightning of Cosmic Command, Power, and Control, as His Invincible Victory of Healing Love and mastery over my physical form (or over another person or condition), and all manifestations in this world.

Hold this Blue Flame Presence behind everyone and everything and see that Blue Flame Presence walk into those bodies and conditions and blaze the Blue Lightning ahead of them. Likewise, when evoking Healing, you may call on the qualities of any of the Rays, such as Pink for Mother Mary.

MOTHER MARY

- 134** MOTHER MARY and all Beings who serve the Pink Ray!
Charge me with Your Love, compassion, and Healing Flame, and the Armour of Pink Jewels and Your Pink Ray. Charge the muscular structure and activity of my physical body with Perfect Relaxation and Perfect Action. I live, move, and have my Being in a Blazing Sun of the Pink Flame, which brings me peace, supply, and Healing and gives me a sense of mastery over the things of the outer world. "I AM" the Presence raising the atomic structure of this body into full illumination and liberation.
- 135** Beloved Mighty "I AM" Presence, Beloved Mary, and the Invincible Sacred Love of the Sacred Fire! Wrap us in an Invincible Mantle of Living Flame and the Love of the Sacred Fire, that as I make the calls for mankind's release from human discord and creation we do not unknowingly take into our own world, the pictures, or connect with the conditions which "I AM" calling to have dissolved and corrected, this instant and forever.
- 136** "I AM" (3x)! By Love we know "I AM"! The full Power of the Sacred Love of the Sacred Fire, and it is a privilege to heal the wounds of hate by forgiveness of Mother Mary's Invincible Love from Her Life Stream, and the great momentum She has drawn from the Great Central Sun for centuries, qualified with the Invincible Love of the Sacred Fire, in Her great service to mankind of Earth.

MOTHER MARY SPEAKS

“We will continue to pour and pour and pour the Healing Power! There is not one individual who has ever called to me whom I have not answered, for I Love but to pour the Light and the Healing radiance of my Love, upon any part of Life that is in distress. I know only mercy and Love and Healing Power.”

“I have poured Healing to those who have called to me, but so often they would not let the illumination of the mind anchor in to prevent them doing the same things over again, which produce conditions wherein they will need to be healed again... Through this “I AM” knowledge you not only can heal yourselves and others, but with every blessing you give, with every Healing call, you can call for that particular release to not only bring Healing from the distress, but the illumination of the mind that is the permanent Healing of the nations.”

“Mankind needs Healing from hate, Healing from selfishness, and then much of the other discord will disappear. We want to show you much that occurs, which occasionally is mentioned. But never...has there been much recognition or adoration poured out to understand what the Angelic Host do with me and others who work with Healing, to fulfil the need of the mass of mankind throughout the world.”

“The Healing Angels are legion in number. They are the guardians of the great Powers of Healing which are drawn for the accomplishment of any special purpose. Call to the Angelic Host and the Healing Angels, to see that everything required to fulfil your call and produce the manifestation is drawn in, through and around the one who requires Healing, They will come...”

“My work of the centuries is just beginning to come into the final activities, in which I hope you may be my coworkers in the Healing activities of the future, that will do away with all distress forever. Forgive, forget, purify, harmonize, heal, illumine and set free my family of the world. Let the Love of my heart and the peace from the Elohim of Peace become a real, tangible, living flame around you wherever you move, to bring happiness, beauty and freedom to Life, that the Healing of the nations may be accomplished by the Powers of Light. For you will never have permanent peace on this Earth until every problem is solved by Light and Love from our octave.

May the Healing of my Heart sustain Perfection and raise all into the Perfection that I want to give.”

JESUS SPEAKS, AS A WORLD TEACHER

“Feel my luminous Presence as the Flame of my Love enfolding you and it shall heal all things and bring to you the illumination that makes you know ‘I AM’ the revealing, illumining Presence of the victorious Cosmic Christ, whose fiery Love is all authority, as you command into physical conditions the Perfection that ‘I AM’. May my Heart’s Flame of Love prove itself to you as a very tangible Presence, and I shall make you feel my Love in you. Once you feel that, I will not have to withhold it longer, because I can come closer then, in and around you. I can come nearer to you and bring to you the greater Power that sets you free.”

I AM a strand of loving energy within the stream of Love divine.
I AM a spark of Sacrificial Fire,
focussed within the fiery Will of God
And thus, I stand.

I AM a way by which men may achieve.
I AM a source of strength, enabling them to stand.

And thus, I stand.

And standing thus, revolve.
And tread this way the ways of men, and know the ways of God.
And thus, I stand.

DASKALOS

“Daskalos” (“teacher” in Greek) was the name given to Stylianos Atteshlis, a Cypriot master teacher of Esoteric Christianity. Several of our school staff members knew him personally; Dolores and I trained under him for several years. His philosophy and teachings have enriched the knowledge of our students throughout the years. Here, we include three basic visualisations used in the repertoire of the Zulma Reyo School of Consciousness.

The first illustration depicts the Christ Logos symbol, which consists of three superimposed six-pointed stars, reminiscent of the timeless Shree Yantra. At the centre, at the level of the heart, we see an equilateral cross representing the elements of nature or the Archangels in perfect balance:

This is followed by instructions for constructing the Archangelic Armour, a practice reserved for advanced students and which follows the basic Pyramid Meditation. It equips the student for “exomatosis” (out-of-body service at higher dimensional levels), in partnership with the Archangels.

The last practice is one of protection and involves drawing a five-pointed star in three colours, each evoking an Archangel: Michael, Raphael, and Gabriel. Each visualisation is done over what Daskalos called “the etheric double”, corresponding to the physical body mould of etheric matter. For precise information on his teaching and practices, please refer to the Researchers of Truth website, which offers a wealth of books and other resources.

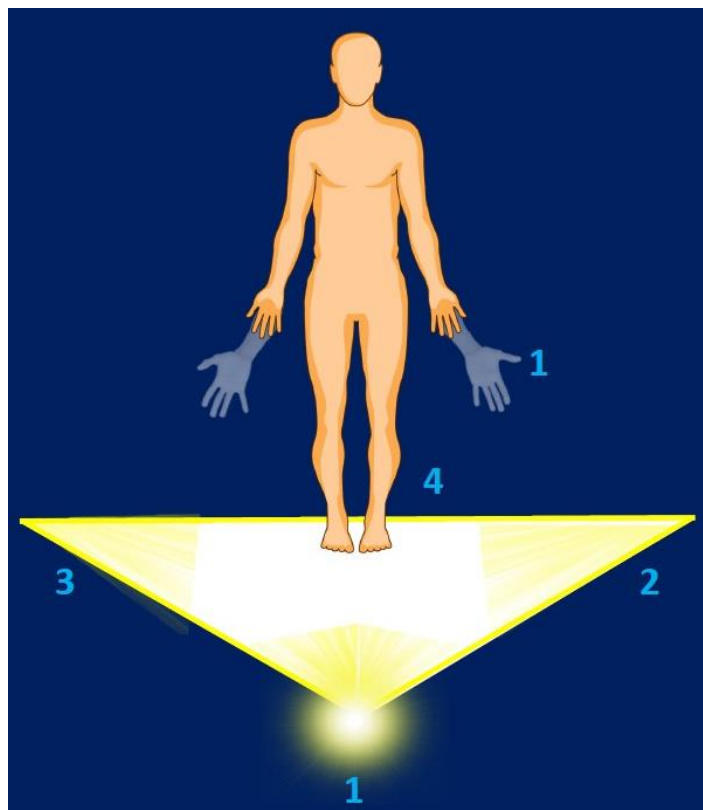

140 Absolute Infinite Beingness, God. Everlasting Life, Love and Mercy.
Manifesting Yourself in Yourself as Your Total Wisdom and Your
Almightiness.
Enlighten our minds to understand You as the Truth.
Clean our hearts to reflect Your Love towards You and towards all other
human beings.
Amen.

ARCHANGELIC ARMOUR

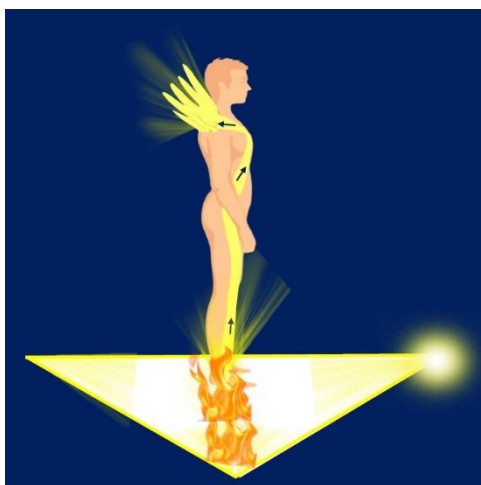

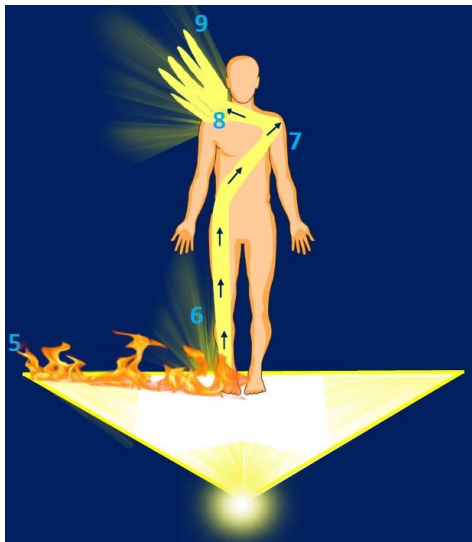

Constructing the Archangelic Armour

- You will create an equilateral triangle below you.
- Front vertex: mark a point on the floor with your etheric hands (together and outstretched in front of you).
- Visualise, feel and hear the light coming from your hands (1).
- Left side: With your left hand, slowly draw a line of golden light to a point behind you, about 10 feet (3m) long (2).
- Right side: with your right hand, make a line identical to the previous one. (3)
- Back side: visualise the golden light forming the third line connecting the two points behind you (4).
- You are now in the centre of a triangle radiating Pure golden light; beneath you, the ground is white.

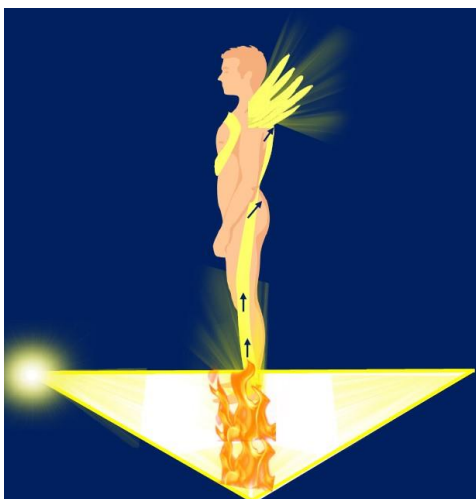

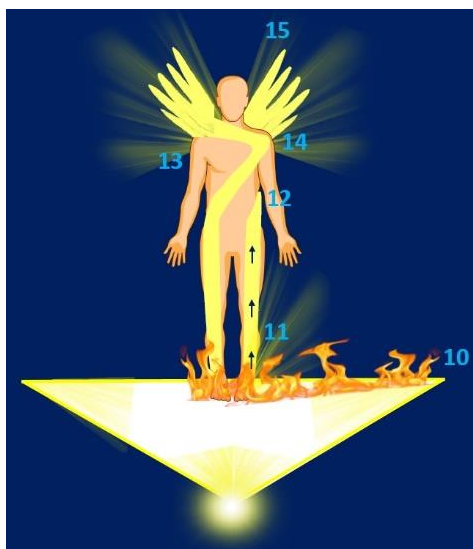

- Visualise golden flames on the right side of the triangle (5).
- Feel them rise and embrace your right foot and continue up your right leg until they reach the solar plexus in front of you (6).
- From the plexus, the flames cross over to the left shoulder (7).
- From the left shoulder, the flames cross in a straight line to the right shoulder (8).
- From the right shoulder, extend them outward and upward, like golden rays, forming a wing (9).

- Now visualize the golden flames on the left side of the triangle (10).
- Feel them rise and embrace your left foot and continue up your left leg (11) until they reach the solar plexus from behind (12).
- From the plexus, the flames cross over to the right shoulder (13).
- From the right shoulder, the flames cross in a straight line to the left shoulder (14).
- From the left shoulder, extend them also outward and upward, like golden rays, forming the other wing (15).
- Breathe deeply and comfortably.

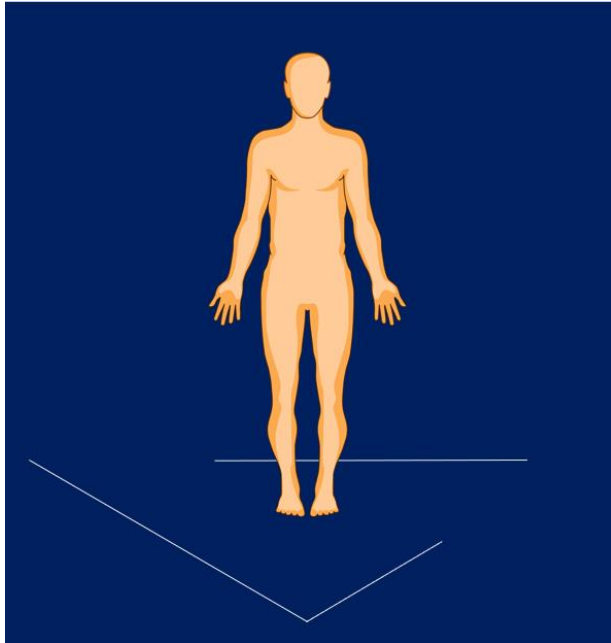

- Raise your etheric arms and place them inside these golden wings (16).
- Feel a silvery white light begin to rise from your feet, pass through your genitals, up your spine, through your head and out through the crown of your head, forming a beautiful lotus flower.
- Breathe deeply.
- From within the lotus flower a silvery white serpent emerges and arches its head over your forehead (17).
- Experience this state.

- Dissolve the triangle and armour
- Very slowly return to your human form.

AFFIRM:
“God of Life, Love and Mercy,
illumine our minds
to understand you as Truth.
Cleanse our hearts to reflect
Your Love for You
and for all other human beings.
Bless our steps to follow Your Path.”

Finally, breathe deeply and feel your physical body.

ARCHANGELIC STAR - ARCHANGEL MICHAEL

Construction of a 5-pointed star in your etheric double for protection through the Fire of Archangel Michael.

It begins with the preparatory meditation of balancing the bodies and continues:

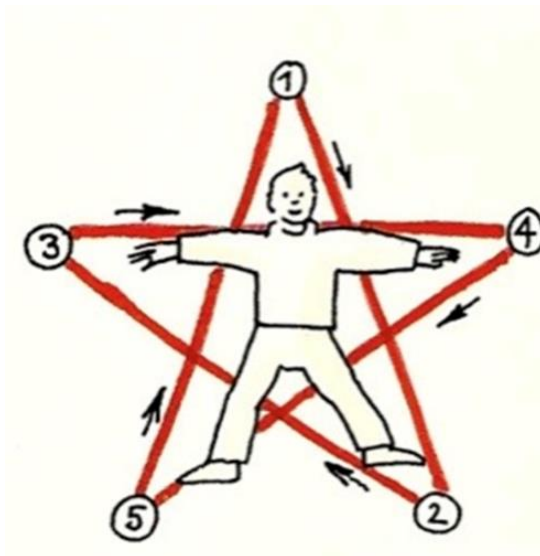

- With your etheric sight, visualise yourself standing, with arms outstretched at the sides and legs apart.
- Take a deep breath and call upon Archangel Michael.
- Raise your etheric right hand above your head.
- Visualise, feel and hear the red light of Michael as it emanates from your etheric right hand.
- Draw a straight line of red light towards and just beyond your left foot.

- From your left foot and across your body, draw the line diagonally until it reaches a little beyond your right hand.
- From the right hand, the red line passes over the chest and continues a little beyond the left hand.
- From there, go straight down past the right foot.

- Now, raise your etheric left hand and bring the line from your right foot to the starting point above your head.
- This completes the five-pointed star
- Your etheric double is shining within a 5-pointed star of radiant red Light.
- Breathe deeply.
- Be aware of Michael's Presence around you as a protective shield and in your warm red blood.
- Thank Michael for his help.

- Now, form a larger 6-pointed star of golden light surrounding the 5-pointed star.

“He counts the number of the stars; he calls all of them by name.” (P. 147:4).

Finally, take a deep breath and slowly return to your physical body.

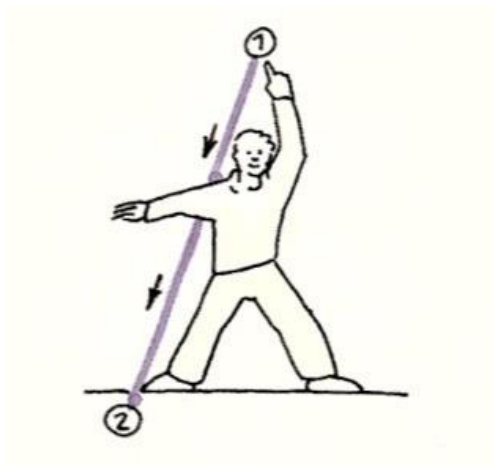

ARCHANGELIC STAR - ARCHANGEL RAPHAEL

Construction of a 5-pointed star in your etheric double for protection through the Energy of Archangel Raphael.

It begins with the preparatory meditation of balancing the bodies and continues:

- Take a deep breath and call Archangel Raphael.
- Raise your etheric left hand above your head.
- Visualise, feel and hear Raphael's violet light emanating from your etheric left hand.
- Draw a straight line of violet light towards and just beyond your right foot.

- From your right foot and across your body, draw the line diagonally until it reaches just beyond your left hand.
- From the left hand, the violet line passes over the chest and continues a little beyond the right hand.
- From there, descend in a straight line to beyond the left foot.
- Now, raise the etheric right hand and bring the line from the left foot to the starting point above your head.

- This completes the 5-pointed star.
- Your etheric double is shining within a 5-pointed star of radiant violet Light.
- Breathe deeply.
- Be aware of Raphael's Presence around you as a protective shield and in you as etheric vitality.
- Thank Rafael for his help.

- Now, form a larger 6-pointed star of golden light surrounding the 5-pointed star.

“There is one glory of the sun, another glory of the moon and another glory of the stars; for star differs from star in glory.” (1 Cor. 15:41).

Finally, take a deep breath and slowly return to your physical body.

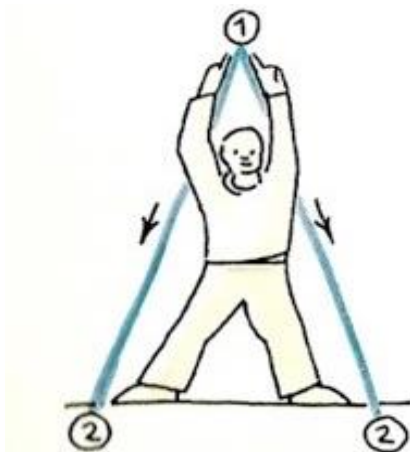

ARCHANGELIC STAR - ARCHANGEL GABRIEL

Construction of a 5-pointed star in your etheric double for protection through the Serenity of Archangel Gabriel.

It begins with the preparatory meditation of balancing the bodies and continues:

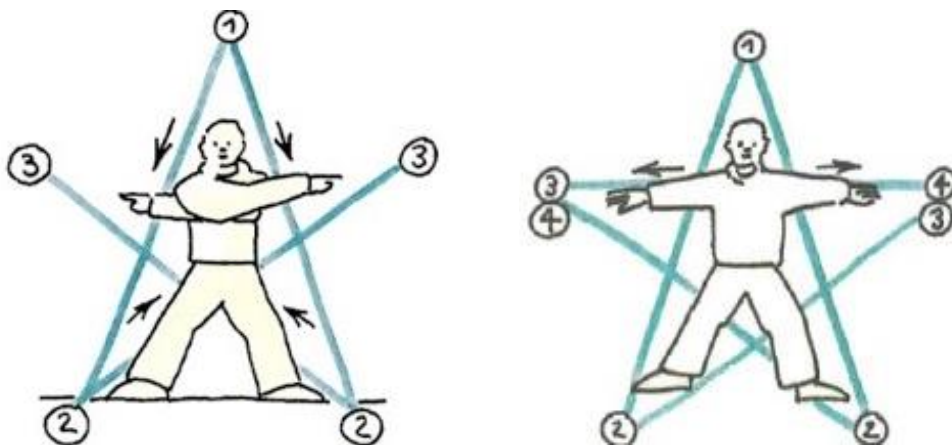

- With your etheric sight, visualise yourself standing with arms outstretched at the sides and legs apart.
- Take a deep breath and call upon the gentle Archangel Gabriel.
- Raise both of your etheric arms above your head and make them come together to form a point.
- Visualise, feel and hear how Gabriel's light blue light emanates from your etheric hands.
- From that point above your head, simultaneously lower two lines of bright sky-blue light: one from your right arm to beyond your right foot and one from your left arm to beyond your left foot.

- Now, cross both etheric arms in the centre of the chest: the left arm is extended on the right side, and the right arm is extended on the left side.

- Take a deep breath.
- Have jets of sky-blue light projected from your hands about 60 centimetres on each side.
- Unfold and extend the etheric arms out to the sides until they form a horizontal line at shoulder height.
- Your etheric double is shining inside a 5-pointed star of radiant sky-blue light.
- Breathe deeply.
- Be aware of Gabriel's reassuring and comforting Presence within you and his protective shield around you.
- Thank Gabriel for the peace and protection he offers you.

- Now, form a larger 6-pointed star of golden light surrounding the 5-pointed star.

‘I AM’ Gabriel, who stands in the Presence of God.” (Luke 1:19).

“Praise Him, Sun and Moon; praise Him, all you Stars of Light.” (Ps. 148:3).

Finally, take a deep breath and slowly return to your physical body.
