

This Certificate of Registration acknowledges

STEMBoard LLC

3100 Clarendon Blvd.
Suite 200, Room 93
Arlington, Virginia, 22201
United States

is registered as a Site in recognition of an information technology service management system

ISO/IEC 20000-1:2018

Scope of Registration:

Integrated Management System (IMS) consisting of a Quality Management System (QMS) that provisions personnel to STEMBoard clients (external customers) in support of solutions in engineering and development, IT services, program and project management, data management, ingestion, and analytics at the client site. The QMS is supported by an IT Service Management System (IT-SMS) that provisions IT services and solutions to STEMBoard personnel (internal customers) from Headquarters (Arlington VA) in accordance with the Service Catalog. The IT-SMS is supported by an Information Security Management System (ISMS) that provisions security controls for the protection of the STEMBoard infrastructure, systems, information, and personnel in accordance with the Statement of Applicability (SoA).
