All staff will implement safety policies and procedures that promote an injury free environment.

Anyone engaged in college related activities must exercise personal responsibility and care to prevent injury and illness to themselves and others who may be affected by their acts or omissions, no person shall intentionally interfere with or misuse anything provided by the college in the interests of health and safety.

What is the Clery Act?

The Clery Act is named after a young woman, Jeanne Clery, who was raped and murdered by another student at Lehigh University. Jeanne's parents inspired the act once their research proved that it was not mandated for administrators at colleges to report on crimes that had been reported to campus authorities.

The Clery Act was enacted to afford victims of sexual misconduct on college campuses certain rights by law. This act enhances the protection granted by Title IX, which prohibits discrimination based on gender as well as the protection from sexual assault granted under the Violence against Women Act. The Clery Act lists crimes or campus disciplinary offenses for which institutions must collect, make public, and publish statistics in an annual report.

Security Services

Security Services at Pacific Bible College is under the administration (President, Academic Dean and the Chief Academic Officer). The security at PBC is designed to fit our one building facility and size of our student enrollment. We have a working relationship with the local police department for support when law enforcement is needed.

Harassment, discrimination, sexual harassment, bias-related incidents, hate crimes, domestic violence, stalking and sexual exploitation are not tolerated at Pacific Bible College. It is defined as any adverse or negative action against a person participating in any reporting, investigation or proceeding that is perceived as: intimidating, threatening, coercing, hostile, harassing, retribution, or violence that occurred in connection to the making and follow-up of the report. This also includes actions against an individual who has: (1) complained about alleged discrimination, harassment, or retaliation, (2) participated as a party or witness in an investigation relating to such allegations, or (3) participated as a party or witness in a court proceeding or administrative investigation relating to such allegations.
