

CUIL BAY RANGER'S REPORT JULY 2026

DATE & TIMES	Campervans	Motorhomes	Cars/small vans	Tents	Rubbish collected	Comments
02/07/2026 16.00-18.00	2		2		1 full sack plus one large tub from Sandy's Bay	One local on foot. Notice more litter on the main beach plus more toilet tissue. Spoke to someone local who said it had been relatively quiet.
4/7/26 10.25-12.25	3	1	3		One third sack	One walker
5/7/26 10.25-12.25	3				One and one third bags including entire sack of silage wrap and 2 crates from Sandy's bay	Another wet morning on the beach. Camper vans have been there all weekend.
06/07/26 15.30-17.30		2	2		One third sack plus sheep lick tub	2 swimmers. Blowy but fairly dry, with dark glowering sky
7/7/26 16.00-18.00		1	2		One sack from further bays	A damp but less breezy day with squalls. Local walker one of cars.
8/7/26 14.05-16.05	1	1	4	1	1 sack, and 3 oyster frames and assorted plastic	Some sun at last!
17/7/26 9.30-11.30	3		8	1	one sack dumped in bush by road otherwise limited litter, half a sack	Bright sun and strong breeze. Bins were full so maybe why sack was left in bushes. New signs put up on bins "visitor use only"
18/07/26 16.05-18.05	6		13	6	One third sack	Group of lads camping in 3 tents on the headland, went and said hello on arrival. They were polite and I asked them to be careful with live flames due to dryness.
19/07/26 9.30-11.30	6		18	7	One third sack featuring quite a lot of toilet tissue	Had a chat with Jamie and David. No issues reported. One visitor asked if they could leave a donation. I wonder if this is something that could be set up online?
21/7/26 16.05-18.05	4		6			Noticeably more families on the beach today and more use of the sea with swimmers, paddle boarders and canoeists. Also pleasantly surprised how little rubbish was left behind by the big group on the headland - just a few bottle tops. Bins full again.
25/07/26 16.10-18.10	1	1	6	6	One third sack	Half of the campers turned up just before 6 and aiming for the headland. Bins have been emptied.
26/7/26 9.30-11.30			6	7	One third sack of plastics removed from outer bay	One fisherman in mouth of the river
Total for July	29	6	70	28	9.3
