

HEALTH & SAFETY POLICY

It is the policy of **Lorclon**, approved by its board of directors that operations carried out by the company are in accordance with the requirements of the Health and Safety at Work Act 1974, both in the spirit of the act and its legal obligations. The company accepts its responsibilities towards its employees and any other person who may be affected by the work undertaken by the company. The company will ensure the work under its control both on and off the rail is carried out in such a way to minimise the risk to the health & safety its employees and any other person who could be affected. Rail activities will be carried out in accordance with the rail standards.

Mr G. Reilly has been nominated as the director responsible for implementing this policy and his duties, and that of other directors, senior managers and all employees are detailed in the company's safety manual.

All managers shall familiarise themselves with their duties as detailed in the health & safety manual, and all employees have a part to play if high standards are to be achieved and maintained.

The company has a commitment to the consultation and participation of workers and requests that all employees take a pro-active role in helping to improve both health & safety performance and the OH&S management system and encourages suggestions on how methods of work can be improved. The duties of employees are explained in the company's safety manual & company induction on first joining the company. This will be reinforced through general health & safety awareness training courses when the company's working procedures and the contents of the company's health & safety manual will be brought to the attention of the employee.

The company will provide safe plant, equipment and tools that conform to EC, BS and other relevant standards and that safe systems of work are in place and followed. With regards to the safe handling of substance the company have COSHH procedures and a COSHH manual in place to ensure safe practices when handling hazardous substances. In this way the company will ensure they provide a safe place of work and a safe working environment for its employees and ensure other persons are not adversely affected by the company's work.

These safe systems of work are underpinned by a strong commitment to training and the company will review staff training needs on an annual basis and Mr G. Reilly will ensure a suitable budget is allowed for employee training and retraining.

The operation of this policy will be monitored by the MD assisted by the HSEQ Manager who is available to advise all employees on matters relating to health and safety.

This statement is to be displayed in a prominent position at all work locations and sites. A copy of the company's health & safety manual with full details of the organisation and arrangements for implementing the policy will also be available at each work location and site, for reference by any employee.

A copy of this policy is available to interested parties upon request.

This policy statement will be reviewed on an annual basis and updated as either legislation changes or working practices change.
