

Vantacon Training Day 201 & CPE Credits

VantaCon 2025: Vanta 201

Vanta 201 Training: Advanced Strategies for Scaling Trust Operations

Earn 3.0 CPE Credits – NASBA Group Live

Course Description

This advanced training builds on foundational Vanta knowledge to help experienced users, security/compliance leads, and program managers optimize and scale their trust operations. The session explores advanced workflows, automation strategies, integrations, and real-world applications that maximize efficiency, accuracy, and collaboration across teams. Attendees will gain practical experience with scoping, tagging, risk management, Trust Center optimization, and Vanta's AI and Agent features.

Learning Objectives

By the end of Vanta 201, participants will be able to:

- Scope frameworks at scale, design custom test cases, and cross-map controls for audit efficiency.
- Apply custom tagging strategies to segment inventory and improve reporting and remediation workflows.
- Automate issue creation, assignments, and resolution tracking through dashboards and integrations.

- Build and optimize a Trust Center with CRM integrations, auto-acceptance workflows, and revenue-influence tracking.
- Leverage Vanta AI and Agent features to accelerate evidence review, improve data accuracy, and enhance continuous monitoring.
- Demonstrate ROI of trust programs through metrics, reporting, and alignment with business goals.
