Office Hour: Transform how you manage third-party and internal risk

Earn 1.0 CPE Credits – NASBA Group Internet

Course Description

Join us for a live, interactive Office Hour as we dive deeper into Vanta's vision for unified, continuous, AI-powered risk management, and what it means for your business today. If you're ready to move beyond static spreadsheets and one-off assessments toward real-time visibility and smarter, automated workflows, this session is for you.

Learning Objectives

By the end of this webinar, participants will be able to:

- See how Vanta unifies internal and third-party risk in a single, connected view
- Learn how to shift from one-time assessments to always-on assurance
- Discover what agentic workflows look like in practice (spoiler: no more manual chasing)
- Explore how to simplify multiple risk registers and consolidate enterprise-wide reporting
