Pinot Noir 'In Natura'

Schodl

VARIETY:
Pinot Noir
FARMING:
Certified Organic
APPELLATION
Niederosterreich

WINEMAKING & VINEYARD

Certified Biodynamic. 100% Pinot Noir, a new wine from the Schödl family. All three siblings love Pinot, so they wanted to showcase it as a still red wine for the first time. The fruit for this cuvée comes from the same plots used for the Supernova Rosé and Brut Nature Rosé. Grown on the chalky loam soils of the Kirschgarten vineyard, nestled close to the forest. Fermented whole bunch with native yeasts in large oak fermenters then moved to neutral barrels for 10 months élevage. Bottled unfiltered and unfiltered with a small sulfite. A beautiful, filagreed example of Pinot Noir. A classic nose, fruit forward and bursting with energy, unencumbered by new oak or over extraction. A truly joyful wine, and a happy addition to this already strong portfolio of wines from the Schödl family.
