Skin Contact Chenin Blanc 'Wild Mutupo'

Kumusha Wines

VARIETY:

Chenin Blanc

FARMING:

Sustainable, Orange Wine

APPELLATION**WINEMAKING & VINEYARD**

100% Chenin Blanc. The wine is a combination of vineyards - notably one that is 380m above sea level and dry-farmed. The other is 43 years old and in great balance at that age of vine. Fermented dry on the skins for about 8 days. Matured in 3000L foudre and a combination of small oak casks for 9 months.
