

Year 2 Home Learning - 15th January 2026

Science

Thank you to everyone who made a list of objects they found at home and recorded what material(s) they were made from.

This week, we have some challenges for you (you can choose one or do both). The challenges are...

Choose a material. How many different uses can you think of for it?

Design a toy for a toddler. Which materials would you use and why?

Maths

Complete the 5 times table task that has been set for you on My Maths.
