

## Year 4 Home Learning

Easter Holidays

26<sup>th</sup> March 2026

### Science

Our topic next term will be **Globetrotting**, which means traveling, and experiencing exciting and new things.

Over the holiday, try some new or exciting things. Have a look at the list below of things we want you to do, or do your own.

When you have completed your task, write a small diary entry in your homework book about what you did. Tell us in as much detail as you can.

- try baking
- write/ perform poem
- choreograph a dance
- make a sculpture out of recycled materials.
- explore nature (trails, forests, etc.)
- make up a game and teach someone
- visit a museum or castle
- try skipping stones
- learn about a historical event
- make or go on a treasure hunt

### Maths

During the Holidays At least 5-10 mins of TTRS **every day**, as well as the MyMaths work that is always available. Please ensure you are practicing your times tables daily during the half term.

### Spellings:

borrowed stronger dancer hoped fastest described telephone reality  
interest difficult permission recycled bicycle enough lovely  
surprise fruit actually remember

**\*Your parents have also been given the year 3 and 4 expected spellings sheets at parents evening. Make sure your are practicing spelling and using those words throughout the holidays**
