

Science

In science we have been learning facts about plants that we eat.

We learned that there are many plants that we eat. We also learned that we eat different parts of the plant.

We would like you to create a poster to show what part of the plants we eat
Here is an example to give you an idea.

Maths

We have been learning fractions

We have been learning about how to identify and represent a half, a third and a quarter.

We would like you to read and colour the fractions

Colour the Fractions

one quarter	one half	three quarters	whole
one third	one quarter	whole	two thirds
whole	one third	one half	two quarters
$\frac{2}{2}$	$\frac{2}{3}$	$\frac{1}{2}$	$\frac{1}{3}$

We have taken these words from the Year 2 common exception word list. We would like you to practise writing these words at home so you can apply them to your writing in class.
