Year 4 Home Learning 22/10/2026

Science-States of Matter

During the half term we would like you to conduct an experiment to investigate how temperature affects evaporation.

1. Pour the same amount on water on 3 tea towels and weigh them.
2. Choose 3 places with different temperatures to dry them. (a fridge, washing line/drying rack and a radiator)
3. Check the towels after 15 minutes and check their weight to see if the water has evaporated (dried)
4. Record your findings on the table provided

Maths
