WHO WE ARE

At EPIC BRANDS

we don't follow trends—we set them. By blending creativity and innovation with sustainability, and pairing passion with discipline, we craft a unique culinary symphony that delivers unforgettable experiences.

We are more than just a restaurant group; we are disruptors, innovators, and trailblazers, redefining the dining industry in our own EPIC way. With a founder's mindset and servant leadership at our core, we are rewriting the narrative of what it means to dine.

WHAT WE DO

FRESH, FRESH, FRESH

We squeeze fresh limes every day for our award-winning margaritas and handcrafted recipes. Our menu is entirely scratch-made, featuring hand-cut, house-made creations that are never frozen. We avoid preservatives and always prioritize quality above all else. For us, the taco shell is more than just a vessel—it's our muse. It inspires us to create unexpected flavors and dishes influenced by cuisines from around the world. By combining proper technique with bold creativity, we craft food you'll crave again and again. Our team is EVERYTHING. Their dedication to one another, to our brand, and to the art of hospitality is what truly sets us apart. None of this would be possible without their passion and commitment.
