There's a fleeting, almost imperceptible moment just before the seasons shift. The air begins to hum with anticipation, natural light takes on a golden hue, and nature starts moving to a new rhythm.

Here on Zavala, the cicadas are the first to sing. Locals say they're 'talking to the sun'. This year, we listened more closely than ever before. That sound, that feeling — we captured it and shaped it into a new place.

Where the pines whisper to the breeze and the sea breathes in sync with the soul, Laguna Beach & Restaurant opens its arms to summer.

Tucked among pine trees, with sweeping views of Sveti Nikola island and the open Adriatic, Laguna is the newest address for refined hedonism at Dukley Hotel & Resort — a meeting point of natural beauty, effortless service, and the vibrant yet relaxed rhythm of summer. Whether you're seeking a peaceful beach, an escape from the city buzz, an excellent meal or an unforgettable night out — here, it's all one seamless experience.

Laguna is designed to awaken every sense. Spacious loungers and sofas, luxurious showers with curated cosmetics, a seaside restaurant and attentive service — every detail has been carefully thought through to offer you that rare feeling of total ease, comfort and relaxation. Getting here is effortless — by electric vehicle from the main reception, or by sea: arrive at our dock by private boat, or hop aboard the Dukley shuttle boat that runs hourly between the Old Town and the beach.

Soon, new berths will be ready to welcome luxury yachts — so your summer escape can continue on the water, too.

MEDITERRANEAN FLAVOURS FOR LONG, LINGERING MOMENTS

At Laguna Restaurant, the spirit of the Mediterranean is celebrated in its purest form — simple, fresh, and full of soul.

The menu draws inspiration from the daily catch from the Adriatic and the ease of southern coastal cuisine.

Created to nourish, inspire, and seduce — each dish tells a story, both in flavour and form. Think of a delicate ceviche made from the freshest catch, or Adriatic fish grilled to perfection — prepared with quiet mastery and served by the sea.

And the best part? You'll savour it all to the 'soundtrack of the sea' — whether you're dining by the table, sipping in the lounge, basking on the terrace, or drifting into ease on a sun bed beside the waves.

The space is airy and versatile — ideal for intimate, romantic dinners, lively gatherings, family moments or special celebrations.

COCKTAILS, SEA BREEZE & THE SOUND OF SUMMER NIGHTS

Laguna is also home to its very own bar — a place that moves to its own rhythm.

Our sommeliers and mixologists will guide you through a journey of flavour — from the old world and the new — with exotic shishas adding to the sensory escape.

As day melts into evening, the mood transforms.

The soft sounds of saxophone ease you into sunset, while DJs, violinists, and dancers take the night into full bloom under the open sky.

By day — a serene retreat. By night — a seductive summer stage. We're already wondering which cocktail might best match the sunset's changing palette, as the salty breeze weaves through the scent of pine and tousles your hair. And somewhere in that moment — we're saving a place for you.

Laguna — true to its name — is a haven for those who love the sea, good food, and the quiet luxury of moments that unfold gently.

Wherever you find your place — by the shimmering shore, beneath the gentle sigh of the pines, at a sunlit table, or moving with the evening's rhythm — you'll always be in good company.

Welcome to Laguna Beach & Restaurant — Dukley's newest jewel, where summer unfolds like a tender dream, and time lingers in its most beautiful form.
