As autumn settles over Bjelasica, the forest around Mountain Retreat by Dukley turns from copper and gold to the deep green of evergreens. The mornings are crisp, the air is fresh, and by evening the slopes grow quiet as guests return to the warmth of a mountain retreat.

The offer suits every kind of mountain stay, whether it is a short escape for two, a few days in nature with family, or time away with friends. Skyview Nest offers an intimate setting for a quiet break, while One Bedroom River Loft provides more room to settle in and unwind. Mountain Retreat also offers other accommodation options for different group sizes and travel styles, with selected units featuring private saunas for warming up after a day outdoors.

Njegoš's Table for Two at Ember

Through 18 November, Ember is serving Njegoš's Table alongside its regular à la carte menu. Inspired by the cooking of northern Montenegro, the set menu is €80 for two and is available to hotel guests and anyone visiting Ember for dinner.

Dinner begins with a sharing board of Kolašin cheese and kajmak, Pljevlja cheese, ajvar, cured beef and pickled vegetables, served with house-made sourdough. For the main course, guests can choose between slow-cooked beef cheeks and whole grilled river trout. The menu includes a welcome drink of either a glass of selected Montenegrin wine or homemade rakija, and ends with a molten chocolate cake.

After dark, the forest beyond Ember's windows gives way to the warm glow of the dining room, and there's every reason to linger over dinner. For those staying at Mountain Retreat, the evening can carry on back at the chalet, with a fire crackling in the hearth.
