

Meet Zorro.

A proud C2 Solutions Partner

Zorro is the only ICHRA administration platform purpose-built for brokers and their clients. Fueled by breakthrough technology and driven by data, we're proud to partner with C2 Solutions to deliver an end-to-end experience that makes it easy for brokers to sell, employers to buy, and employees to engage with affordable, predictable, and customized healthcare benefits.

Powered by **tech**. Informed by **data**. Centered on **people**.

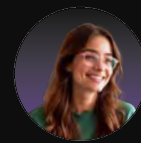

For brokers

- Instant quoting
- Interactive allowance modeling
- Generous commissions and flexible AOR

For employers

- Predictable budgets
- Smart plan insights
- Simplified administration with automated payments

For employees

- Expanded plan choice
- Data-driven support
- Personalized plan selection

ICHRA is more than an acronym.

Individual Coverage Health Reimbursement Arrangements (ICHRA) are the smarter, future-ready alternative to traditional group plans.

	Group	ICHRA
Contribution	Defined benefit	Defined contribution
Choice	Employer selects plans	Employee selects plans
Budget	Unpredictable Informed by claims	Predictable Determined by employer
Risk	High Employer assumes risk	None Fixed cost model

Flexibility that works for you, not around you.

Zorro streamlines everything ICHRA so you can turn a transformative benefits strategy into your competitive advantage.

Whether you're tackling high renewals or prospecting new clients, Zorro helps you deliver smarter, more impactful benefits. Discover how you can delight your clients, earn generous commissions, and win with ICHRA.

Turn the unique power of Zorro into your competitive advantage.
