

Symetra is pleased to share a curated selection of vendor resources to complement and enhance your organization's existing cost containment initiatives. We welcome the opportunity to evaluate additional vendors you may be working with. Please forward any recommendations to costcontainment@symetra.com

Savings Share + Program (Savings Plus Endorsement/ SS+)		
Vendor	Impact	Highlight of Program
Specialty Rx Vendor Solutions		
Capital Rx	Rx	PBM with flat-fee-based, aligned pricing model that uses an Rx Contain program to acquire drugs at a lower cost.
OptiMed Health	Rx	Medical Rx Management; home/infusion delivery; integrates with Clinical 360; dual accreditation.
Bill Review		
Health Payor Consortium (HPC)	Bill Review, Negotiations	Clinician-led reviews; legal defensibility; Provider Reimbursement Manual; identifies non-compliant charges.
Reliant Health Partners, LLC	Bill Review, Negotiations	Supplemental to traditional bill review; deeper savings; flexible, client-specific pricing.
Valenz Health	Bill Review, Negotiations	AI + clinical team; 30% additional savings; DRG validation; <1% provider appeal rate.
Zelis	Bill Review, Negotiations	Multi-layer pre/post-pay review; DRG validation; dialysis-specific savings; scalable for TPAs.
The PHIA Group	Bill Review, Negotiations	A comprehensive and caring out-of-network solution. They achieve savings for health benefit plans through the use of innovative tools and services, leveraging expert consultation, plan document expertise, claims recovery, negotiation, and advocacy.
Specialty Infusion Vendor Solutions		
Quantify Specialty Care	Specialty Infusion	65+ clinics; 50-state home infusion; 350+ therapies; 24/7 support; personalized care plans.
OptiMed Health	Specialty Infusion	Turnkey infusion suite management; supports staffing, reimbursement, operations.
benefitSMART Cancer Solutions	Specialty Infusion	benefitSMART helps redirect J-code infusion care away from high-cost hospital outpatient settings to high-quality, lower-cost providers, including in-home infusion options. They offer navigation services to vetted infusion providers and provide educational support to help patients understand their options
Gene & Cell Therapy		
Emerging Therapy Solutions (ETS)	Gene and Cell Therapy	Focused on CGT and transplants; predictive analytics; COE navigation; value-based contracts.
Dialysis		
Golden Triangle Specialty Network	Dialysis	National dialysis network; up to 60% savings; white-glove containment; OON services.
Specialty Care Management	Dialysis	Fixed case rates; no % of savings fees; RN coaches; free renal risk assessments; 100% appeal success.
Cancer Care		
benefitSMART Cancer Solutions	Cancer Care	Direct contracting with oncology; up to 50% cost reduction; proactive patient engagement.

Updated 10.2.2025

Please note: Even though these vendors have been accepted, the Account Manager and Cost Containment team still need to know to ensure ESL is updated and the endorsement gets sent out

Please note: If both Savings Share+ and Step-Down programs are available for the same vendor, only the option that delivers the greatest benefit to the Policyholder will be applied
