

IRFF UK · CORPORATE PARTNERSHIP PROSPECTUS

A practical partnership. A real difference.

Help locally led teams keep children learning, help girls stay in school and respond to practical community needs.

IRFF UK is a registered UK charity that has worked alongside local leaders in Africa since 1980.

We work with businesses that want to give practical support and stay connected to the real work their partnership helps make possible.

One Practical Example

One school. One practical example of partnership in action.

In 2009, Headteacher Jesca Nakamanyisa opened her living room to children in Kibiri, Uganda, who had nowhere else to learn.

Today, Destiny Junior School serves 207 children with 15 teachers across 10 classrooms. Over time, support has helped the school grow step by step, including classrooms, a library, a borehole, sanitation and a perimeter wall.

Keeping the school open now costs around £2,000 each month for teachers, meals, learning resources, maintenance and the practical care that enables children to learn.

Reliable business support gives Jesca and her team greater confidence to plan ahead for the children already in their care.

"Please send my kind and heartfelt appreciation to the trustees and leadership of IRFF UK, and its partners, for their great work and all of the contributions."

keeping Destiny open**

"When we set up our Meal Challenge of 1 Million Meals at Impact Foods, we wanted a charity partner where we could be confident our support went directly to the people who needed it. IRFF UK has been exactly that."

IRFF UK is transparent, reliable and wonderful to work with. I'd encourage any business that wants to make a real difference to consider supporting them."

Daniel Lindstrom,
Founder & Managing Director,
Impact Foods International Ltd

Partnership In Action

Impact Foods: a partnership in practice

How the partnership works

1. Choose a clear focus

Impact Foods chose to support school meals at Destiny Junior School in Uganda.

2. Make a regular contribution

Since the end of 2021, Impact Foods has contributed £330 each month.

3. Stay connected to work

The contribution helps meet around half of the school's current food budget of approximately £660 per month, with updates shared through IRFF UK.

Since 2021
Supporting Destiny

£330 / Month
Regular contribution

Around 50%
of current food costs

Partnership Levels

Choose a partnership level that suits your business.

These annual levels are a simple starting point. We agree the focus of your support and how you would like to stay connected.

Bronze Partner

£1,000

The relationship includes

- A named IRFF UK contact
- An annual project update
- An approved story or image your team can share
- Optional recognition on the Corporate Partners page

Silver Partner

£2,500

The relationship includes

- Everything at Bronze level
- A more detailed agreed update
- Optional linked logo recognition
- Approved wording or stories for internal and external communications

Gold Partner

£5,000

The relationship includes

- A bespoke partnership and update plan
- More detailed reporting agreed at the outset
- Optional partner recognition
- Appropriate project acknowledgement where suitable and locally agreed

Looking for something different?

We are also open to one-off contributions, staff fundraising, professional skills, in-kind support or a partnership shaped around your business.

A partnership your team can understand and share.

From the start, we agree the focus of your support, the update plan and what your team would find useful to share. You will also have a named IRFF UK contact throughout the partnership.

How it works

1. Start with a conversation

We learn about your business, your team and what matters to you.

2. Agree a practical focus

We agree the contribution, what it will support, the update plan and any recognition.

3. Stay connected

We share agreed updates and, where available, authentic photos, video and stories from the people doing the work.

Trust and Next Step

Start with a conversation.

There is no obligation in a first conversation. We would simply like to understand your business, what matters to your team and whether there is a genuine fit.

Before making any commitment, you are welcome to read our annual reports, ask for current project information and discuss what a suitable partnership could look like.

One example of long-term practical support: In 2018, a Rotary grant helped fund the Destiny Junior School library, creating a learning resource that remains part of the school today.
