Service Leaders Summit 2026

A hybrid event on June 16 – 17
hosted at & streamed from
JW Marriott Hotel Frankfurt

ISLA's 17th Conference on Customer Service, Lifecycle Solutions, and Spare Parts Logistics will feature insights how manufacturers leverage service to thrive even in tough times, including presentations from

Dear Colleague,

For us in manufacturing industries, the basics of service are maximum uptime, reliable spare parts availability, and process excellence — adapted to the customers’ expectations. Yet these basics, while indispensable, are no longer enough in today’s competitive markets. Machinery and equipment manufacturers must place customer-centricity at the core of their thinking to position themselves as trusted lifecycle partners. Modern industry is shifting from selling products to securing outcomes and customer lifetime value. By reimagining service a strategic growth engine and harnessing digital transformation, manufacturers can both build sustainable recurring revenue streams and deepen long-term customer relationship. Innovative, AI-enabled technologies are driving this transformation, while a clear servitization strategy, engaged people, and mutual trust among all stakeholders remain essential.

As the Executive Board of ISLA, we are delighted to invite you to the Service Leaders Summit 2026. Meet peers from across industries, listen to presentations, contribute to interactive sessions, and discuss projects, initiatives and strategies that make service a powerful lever for a company’s success. Our hybrid event combines a face-to-face meeting with connecting a global audience via the internet. We look forward to welcoming you to our conference on 16th and 17th June — hopefully face-to-face or as an online attendee.

The Service Leaders Summit 2026 is hybrid, hosting up to 120 in-person participants and an unlimited online audience. First and foremost, it is open to attendees from globally operative OEMs. No matter if they are corporate members or not. Anyway, an ISLA membership reduces the attendance fee and has several additional advantages.

Attendance requires one single corporate ticket that already includes one free seat for on-site participation in Frankfurt. It also allows an unlimited number of managers from a company's service organization to join all presentation sessions online (and to watch the recordings after the event). Additional onsite places are available for an extra charge. Once a corporate ticket has been booked for a group/company, the only requirement to attend the online sessions is an individual registration using the corporate e-mail. For registration use the form on last page or go to ISLA's website to fill out the webform at www.serviceleaders.org/events/sls-2026
