# 2025-2026 Seclusion and Restraint Verification and Attestation Report

The Louisiana Department of Education (LDOE) is required to collect and annually report data on the use of seclusion and restraint for students with disabilities. The data included in the chart below will be used in the 2025-2026 school year annual report provided to the state legislature and published on the LDOE website. Please verify the data are accurate as these are the counts that will be used to run the analysis and data disaggregation for the public report. Data includes incidents reported in SER as of July 31, 2026. If the data do not accurately reflect seclusions and restraints in your school system for the 2025 – 2026 school year, update the information in SER. All updates in SER need to be completed by **Monday, May 25, 2026**, to be reflected in the final report. The attestation must be uploaded into the Jotform by **May 31, 2026**.

Below are the current LEA counts in SER for the number of incidents of seclusion and/or restraint and the number of students who were secluded and/or restrained.

- If the counts are correct, sign the attestation and upload the signed copy to the Jotform with the LEAs updated policy.
- If the counts are not correct, update the data in SER and record the new counts in the cells below the incident count updated and/or the student count updated cells.
- Upon completion of any updates, sign the attestation and upload the signed copy to the Jotform with the LEAs updated policy.

LEA Code	LEA Name	Total Number of Incidents	Total Number of Students
WZQ	Pelican Educational Foundation- Kenilworth Science School System	0	0
		Incident Count Updated	Student Count Updated

By my signature, I attest that the original data, with or without corrections, and any updated data are accurate.
