

ANNECTO / A-VOICE

Since before the VoIP revolution, we've been in Voice. Our portfolio of 270+ MNOs, PTTs, and smaller niche players, and our advanced routing capabilities, place us as the ideal partners for A-Z premium and wholesale voice globally, at any quality and capacity demand.

Retail service providers and MNOs outsource their international business to ANNECTO, and focus on core business in their national market.

- > Fast, direct interconnection with leading carriers worldwide.
- > State-of-the-art routing engine means we can offer premium voice at competitive rates.
- > Guaranteed end-to-end IP paths globally, thus supporting VoLTE features and capabilities.
- > Trading platform to buy and sell minutes enables our customers to retain a competitive edge. Support for trading teams.
- > Our interconnections enable the highest levels of resilience and stability. 24/7 network monitoring and analysis identifies and resolves any service quality dip before it becomes business critical.
