Sawyer Foundation

Sawyer Foundation Grant Letter of Inquiry

Thank you for your interest in partnering with the Sawyer Foundation. Before inviting an organization to submit a full grant application, we ask prospective partners to provide a brief overview of their organization and proposed clean water project.

This Letter of Inquiry is not a grant application. Its purpose is to help us determine whether there may be an opportunity for partnership. If your project appears to align with our funding priorities, a member of the Sawyer Foundation team will follow up to schedule an introductory conversation.

ORGANIZATION INFORMATION

Organization Name:	
Website:	
Primary Contact & Title:	
Email:	

What type of nonprofit/charitable organization is your organization?

☐ U.S.-based 501(c)(3) public charity

☐ International nonprofit/charitable organization with equivalent legal status
