Treatment principles in dermatology: The importance of selecting the right base

In this course on treatment principles in dermatology, pharmacists and experts in cosmetic products Davide Patroncini and Tatiana Selleri present the concept of advanced dermatology, related treatment principles and the impact on the role of prescribers, pharmacists, and patients. Additionally, the Fagron Advanced Derma concept is introduced, including a profile of each of the vehicles and their main benefits and applications, as well as the quality and safety data supporting the use of this line of products.
