## Personalizing medicine in menopause

In this course, Dr. Nora Hendriks addresses the often-overlooked topic of menopause, challenging the existing taboos and rebranding it as a pivotal phase of life rather than a mere health issue. We will explore the diverse symptoms experienced throughout the menopausal transition and how these can significantly impact a woman's quality of life.

The course will also explore various treatment protocols, emphasizing the importance of individualized care. Participants will learn about the latest approaches in managing menopausal symptoms. By the end, you will gain a comprehensive understanding of how to support women through menopause with compassion and clinical precision.
