Into the BLUE: An Introduction to Compounding Methylene Blue

Welcome to our Expanding Your Book of Business Webinar series. This series is designed to educate pharmacists and other professionals on pertinent topics in the industry in a way that allows them to implement the knowledge gained and expand their business. In this installment we review the physical and chemical properties of methylene blue and review emerging information on its use for conditions such as Lyme's Disease or as an agent for neuroprotection. We also take a look at considerations for compounding with methylene blue in various dosage forms and via various routes.
